

serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is September 9, 2022. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before September 9, 2022. The filing of a comment alone will not serve to make the filer a party

to the proceeding. To become a party, you must intervene in the proceeding.

### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP22-480-000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or<sup>6</sup>

(2) You can file a paper copy of your submission by mailing it to the address below.<sup>7</sup> Your submission must reference the Project docket number CP22-480-000.

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).

Protests and motions to intervene must be served on the applicant either by mail at: Jeffrey M. Molinaro, Regulatory Advisor, MIGC LLC, 9950 Woodloch Forest Dr., The Woodlands, Texas 77380, or by email [jeff.molinaro@westernmidstream.com](mailto:jeff.molinaro@westernmidstream.com). Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the

<sup>6</sup> Additionally, you may file your comments electronically by using the eComment feature, which is located on the Commission's website at [www.ferc.gov](http://www.ferc.gov) under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project.

<sup>7</sup> Hand-delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

Dated: July 11, 2022.

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-8956-02-OAR]

### Administration of Cross-State Air Pollution Rule Trading Program Assurance Provisions for 2021 Control Periods

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of data availability.

**SUMMARY:** The Environmental Protection Agency (EPA) is providing notice of the availability of data on the administration of the assurance provisions of the Cross-State Air Pollution Rule (CSAPR) trading programs for the control periods in 2021. Total emissions of nitrogen oxides (NO<sub>x</sub>) reported by Missouri units participating in the CSAPR NO<sub>x</sub> Ozone Season Group 2 Trading Program during the 2021 control period exceeded the state's assurance level under the program. Data demonstrating the exceedance and EPA's preliminary calculations of the amounts of additional allowances that the owners and operators of certain Missouri units must surrender have been posted in a spreadsheet on EPA's website. EPA will consider timely objections to the data and calculations before making final determinations of the amounts of additional allowances that must be surrendered.

**DATES:** Objections to the information referenced in this notice must be received on or before August 15, 2022.

**ADDRESSES:** Submit your objections via email to [CSAPR@epa.gov](mailto:CSAPR@epa.gov). Include "2021 CSAPR Assurance Provisions" in the email subject line and include your name, title, affiliation, address, phone

<sup>4</sup> 18 CFR 385.214.

<sup>5</sup> 18 CFR 157.10.

number, and email address in the body of the email.

**FOR FURTHER INFORMATION CONTACT:**

Questions concerning this action should be addressed to Garrett Powers at (202) 564-2300 or [powers.jamesg@epa.gov](mailto:powers.jamesg@epa.gov).

**SUPPLEMENTARY INFORMATION:**

The regulations for each CSAPR trading program contain “assurance provisions” designed to ensure that the emissions reductions required from each state covered by the program occur within the state. If the total emissions from a given state’s affected units exceed the state’s assurance level under the program, then two allowances must be surrendered for each ton of emissions exceeding the assurance level (in addition to the ordinary obligation to surrender one allowance for each ton of emissions). In the quarterly emissions reports covering the 2021 control period, Missouri units participating in the CSAPR NO<sub>x</sub> Ozone Season Group 2 Trading Program reported emissions that exceed the state’s assurance level under the program by 1,295 tons, resulting in a requirement for the surrender of 2,590 additional allowances.

When a state’s assurance level is exceeded, responsibility for surrendering the required additional allowances is apportioned among groups of units in the state represented by “common designated representatives” based on the extent to which each such group’s emissions exceeded the group’s share of the state’s assurance level. For the CSAPR NO<sub>x</sub> Ozone Season Group 2 Trading Program, the procedures are set forth at 40 CFR 97.802 (definitions of “common designated representative,” “common designated representative’s assurance level,” and “common designated representative’s share”), 97.806(c)(2), and 97.825. Applying the procedures in the regulations for the 2021 control period, EPA has completed preliminary calculations indicating that responsibility for surrendering 1,295 additional allowances in Missouri should be apportioned almost entirely to the group of units operated by Associated Electric Cooperative, Inc., with much smaller shares apportioned to the groups of units operated by the municipal utilities of Chillicothe and Higginsville.

In this document, EPA is providing notice of the data relied on to determine the amounts of the exceedance of the Missouri assurance level discussed above and notice of the preliminary calculations of the amounts of additional allowances that the owners and operators of certain Missouri units

must surrender as a result of the exceedance, as required under 40 CFR 97.825(b)(1)(ii). By October 1, 2022, EPA will provide notice of the final calculations of the amounts of additional allowances that must be surrendered, incorporating any adjustments made in response to objections received, as required under 40 CFR 97.825(b)(2)(ii). Each set of owners and operators identified pursuant to the notice of the final calculations must hold the required additional allowances in an assurance account by November 1, 2022.

The data and preliminary calculations are set forth in an Excel spreadsheet entitled “2021\_CSAPR\_assurance\_provision\_calculations\_prelim.xlsx” available at <http://www.epa.gov/csapr/csapr-assurance-provision-nodas>. The spreadsheet contains data for the 2021 control period showing, for each Missouri unit identified as affected under the CSAPR NO<sub>x</sub> Ozone Season Group 2 Trading Program, the amount of NO<sub>x</sub> emissions reported by the unit and the amount of CSAPR NO<sub>x</sub> Ozone Season Group 2 allowances allocated to the unit, including any allowances allocated from a new unit set-aside. The spreadsheet also contains calculations for the 2021 control period showing the total NO<sub>x</sub> emissions reported by all such units in each state and the amounts by which the total reported NO<sub>x</sub> emissions exceeded the respective states’ assurance levels under the program. Finally, the spreadsheet also includes calculations for the 2021 control period showing, for each common designated representative for a group of such units in each state, the common designated representative’s share of the total reported NO<sub>x</sub> emissions, the common designated representative’s share of the state’s assurance level, and the amount of additional CSAPR NO<sub>x</sub> Ozone Season Group 2 allowances that the owners and operators of the units in the group must surrender.

Any objections should be strictly limited to whether EPA has identified the data and performed the calculations in the spreadsheet correctly in accordance with the regulations. Objections must include (1) precise identification of the specific data or calculations the commenter believes are inaccurate, (2) new proposed data or calculations upon which the commenter believes EPA should rely instead, and (3) the reasons why EPA should rely on the commenter’s proposed data or calculations and not the data and calculations referenced in this notice.

**ENVIRONMENTAL PROTECTION AGENCY**

**[EPA-HQ-OLEM-2018-0691, FRL-10009-01-OLEM]**

**Agency Information Collection Activities; Proposed Collection; Comment Request; Standardized Permit for RCRA Hazardous Waste Management Facilities (Renewal), EPA ICR No. 1935.07, OMB Control No. 2050-0182**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is planning to submit the information collection request (ICR), Standardized Permit for RCRA Hazardous Waste Management Facilities (EPA ICR No. 1935.07, OMB Control No. 2050-0182) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described in **SUPPLEMENTARY INFORMATION**. This is a proposed extension of the ICR, which is currently approved through March 31, 2023. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before September 13, 2022.

**ADDRESSES:** Submit your comments, referencing by Docket ID No. EPA-HQ-OLEM-2018-0691, at <https://www.regulations.gov> (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit to EPA’s docket at <https://www.regulations.gov> any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is
