[Docket Nos. 1994N–0418 and 1996P–0276]

Medical Devices: Cardiovascular Devices: Reclassification of the Arrhythmia Detector and Alarm; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a final rule that appeared in the **Federal Register** of October 28, 2003 (68 FR 61342). That document issued a final rule reclassifying arrhythmia detector and alarm devices from class III to class II (special controls). This device is used to monitor an electrocardiogram (ECG) and to produce a visible or audible signal or alarm when an atria or ventricular arrhythmia occurs. The document published with an inadvertent error. This document corrects that error.

EFFECTIVE DATE: March 8, 2004

FOR FURTHER INFORMATION CONTACT: Elias Mallis, Center for Devices and Radiological Health (HFZ–450), Food and Drug Administration, 9200 Corporate Blvd., Rockville, MD 20850, 301–441–8571, ext. 177.

SUPPLEMENTARY INFORMATION: In FR Doc. 03–27115, appearing on page 61342 in the **Federal Register** of Tuesday, October 28, 2003, the following correction is made:

§ 870.5310 [Corrected]

■ On page 61344, in the first column, in § 870.5310 *Automated external defibrillator*, beginning in the seventh line, the parenthetical “(restoring normal hearth rhythm)” is corrected to read “(restoring normal heart rhythm).”

Dated: February 26, 2004.

Beverly Chernaik Rothstein,

Acting Deputy Director for Policy and Regulations, Center for Devices and Radiological Health.

RIN 1625–AA–09

Drawbridge Operation Regulations; Albemarle and Chesapeake Canal, AICW, Virginia

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the new S168 (Great Bridge) lift-span bridge across the Albemarle and Chesapeake Canal, Atlantic Intracoastal Waterway (AICW) mile 12.0, at Chesapeake, Virginia to allow the bridge owner to conduct the demolition of the existing S168 (Great Bridge) swing-span bridge. The work will be performed on a three-day closure period to navigation.

DATES: This deviation is effective from 7 a.m. on March 3, 2004, to 7 a.m. on March 7, 2004.

FOR FURTHER INFORMATION CONTACT: Bill Brazier, Bridge Management Specialist, Fifth Coast Guard District, at (757) 398–6422.

SUPPLEMENTARY INFORMATION: Tidewater Skanska Corporation (TSC), on behalf of the bridge owner (U.S. Army Corps of Engineers), has requested a temporary deviation from the current operating regulation set out in 33 CFR 117.997(g) which requires the drawbridge to open on signal, except that, from 6 a.m. to 7 p.m., the draw need be opened only on the hour. If any vessel is approaching the bridge and cannot reach the draw exactly on the hour, the draw tender may delay the hourly opening up to 10 minutes past the hour for the passage of the approaching vessel and any other vessels that are waiting to pass. Vessels in an emergency condition, which presents danger to life or property, shall be passed at any time. TSC has requested the temporary deviation to close the new S168 (Great Bridge) lift-span bridge to navigation to demolish the existing S168 (Great Bridge) swing-span bridge.

The work involves the removal and disposal of the existing swing spans and turntable piers associated with the existing S168 (Great Bridge) swing-span bridge. To facilitate this work, the new S168 (Great Bridge) lift-span bridge will be locked in the closed-to-navigation
