Maritime Administration

[Docket Number: MARAD 2004-17114]

Availability of a Finding of No Significant Impact

AGENCY: Department of Transportation, Maritime Administration.

ACTION: Notice of the availability of a finding of no significant impact.

SUMMARY: The purpose of this notice is to make available to the public the Finding of No Significant Impact (FONSI) derived from the Environmental Assessment (EA) regarding the Port of Anchorage (Port) Marine Terminal Redevelopment Project. The purpose of the project is to improve and enhance the existing dock and terminal capability at the Port to facilitate the transportation of goods and people within the State of Alaska.

FOR FURTHER INFORMATION CONTACT: Daniel E. Yuska, Jr., Environmental Protection Specialist, Office of Environmental Activities, U.S. Maritime Administration, 400 7th Street, SW., Room 7209, Washington, DC 20590; telephone (202) 366-0714, fax (202) 366-6988.

SUPPLEMENTARY INFORMATION: The Maritime Administration, in cooperation with the Port of Anchorage, completed an EA that studied potential environmental effects associated with the redevelopment of the marine terminal used by the Port. The EA considered potential effects to the natural and human environments including: Air quality; water quality; geology and soils; coastal resources; terrestrial resources; aquatic resources; navigation; hazardous materials; cultural and historic resources; visual and aesthetic resources; and other topics associated with the proposed action. The FONSI is based on the analysis presented in the Marine Terminal Redevelopment EA.

The FONSI and the EA are available for review at Loussac Library in Anchorage or online at <http://www.portofanchorage.org> and <http://dms.dot.gov>.

SUPPLEMENTARY INFORMATION:

Background

DaimlerChrysler petitioned the National Highway Traffic Safety Administration (NHTSA), in a letter dated August 29, 2002, to delay the September 13, 2002, effective date for the dummy specified in the Part 572, Subpart O final rule (67 FR 46400) until all issues related to the neck are resolved.

In the mid 1990's, there had been serious concern regarding air bag related fatalities and injuries to small female drivers seated close to deploying air bags in low speed crashes. Crash data showed that small-stature women often experienced a higher potential for serious injury in low speed crashes, even when properly restrained. To help deal with these concerns, NHTSA published a notice of proposed rulemaking (NPRM) on September 18, 1998, to upgrade Federal Motor Vehicle
