

service to be financed through the program; (2) A policy and procedure to ensure that access to Telework shall be given to consumers regardless of type of disability, age, income level, location of residence in the State or Indian tribe, or type of device or service for which financing is requested through the program; and (3) A procedure to ensure consumer-controlled oversight of the program.

Grantees must submit the administrative policies and procedures required in this assurance within six months of the start of the grant.

(9) *Data Collection*: an assurance that the State or Indian tribe will collect the following: (A) Information on whether the program is achieving its short-term goal of increasing access to technology for disabled individuals through the provision of loans that must be used to purchase computers and other equipment, including adaptive equipment, so that individuals with disabilities can telework from home and other remote sites; and (B) Information on whether the program is achieving its long-term goal of increasing employment opportunities and competitive employment outcomes for individuals with disabilities.

Grantees must enter the data requested in this assurance, and other data the Secretary may require, in the system developed by the Secretary.

Through the analysis of data collected under the following reporting requirements, the Secretary will assess grantee success in meeting the program's overall goals of: (1) Increasing access to technology for disabled individuals; and (2) Increasing employment opportunities and competitive employment outcomes for individuals with disabilities.

Performance measures used to determine whether the goals have been accomplished will include: (1) Number of loan applications; (2) number of loans; (3) amount and terms of each loan; (4) number of loan applications denied and the reasons for the denials; (5) the types of equipment financed, including the total number of each type of equipment financed; (6) number of individuals who obtained telework employment as a result of Telework loans; (7) default rate and net losses; and (8) the total financial contribution to the project, including the Federal share and non-Federal matching contributions, and the source of the non-Federal share.

Grantee evaluation systems must be capable of collecting and analyzing this and any additional information as required by the Secretary.

In addition, each State applicant must provide the following assurance:

*Contract with a Community-based Organization*: an assurance that the State (note: Indian tribes are exempt from this requirement) will enter into a contract with a community-based organization (including a group of such organizations) that has individuals with disabilities involved in organizational decision making at all organizational levels, to administer Telework. The contract will: (1) Include a provision requiring that the program funds, including the Federal and non-Federal shares of the cost of the program, be administered in a manner consistent with the provisions of this priority; (2) include any provision the Secretary requires concerning oversight and evaluation necessary to protect Federal financial interests; and (3) require the community-based organization to enter into a contract, to expand opportunities under this priority and facilitate administration of Telework, with commercial lending institutions or organizations or State financing agencies.

During the first 12-month budget period, a grantee must enter into the contract with a CBO and ensure that the CBO has entered into the contract with the commercial lending institutions or organizations or State financing agencies.

#### **Applicability of Education Department General Administrative Regulations (EDGAR) to AFP and Telework**

In general, EDGAR applies to these two grants except to the extent it is inconsistent with the purpose and intent of title III of the AT Act, section 303(b) of the Rehab Act, or the requirements in this notice. Specifically, grantees are exempt from section 80.21(i) regarding interest earned on advances and the addition method in section 80.25(g)(2) applies to program income rather than the deduction method in section 80.25(g)(1). Also, sections 75.560–75.564 do not apply to the extent that these sections of EDGAR are inconsistent with the AFP and Telework requirement that indirect costs cannot exceed 10 percent. Finally, section 75.125, which requires applicants to submit a separate application for each program, does not apply to this competition.

## **DEPARTMENT OF EDUCATION**

### **National Institute on Disability and Rehabilitation Research (NIDRR); Notice of Extension**

**AGENCY:** Office of Special Education and Rehabilitative Services, Department of Education.

**ACTION:** Notice of extension of project period and waiver.

**SUMMARY:** The Secretary waives the requirements in Education Department General Administrative Regulations (EDGAR), at 34 CFR 75.250 and 75.261(a) and (c)(2), respectively, that generally prohibit project periods exceeding 5 years and project period extensions involving the obligation of additional Federal funds to enable six Rehabilitation Research and Training Centers that conduct research on issues relating to the employment of individuals with disabilities to receive funding from October 1, 2003 until April 30, 2004.

**EFFECTIVE DATE:** This notice is effective September 30, 2003.

**FOR FURTHER INFORMATION CONTACT:** Donna Nangle, U.S. Department of Education, 400 Maryland Avenue, SW., room 3412, Switzer Building, Washington, DC 20202–2645. Telephone: (202) 205–5880 or via Internet: [Donna.Nangle@ed.gov](mailto:Donna.Nangle@ed.gov).

If you use a telecommunications device for the deaf (TDD), you may call the TDD number at (202) 205–4475.

Individuals with disabilities may obtain this document in an alternative format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

**SUPPLEMENTARY INFORMATION:** The President's New Freedom Initiative (NFI) and the National Institute on Disability and Rehabilitation Research Long Range Plan (Plan) establish improving employment outcomes for individuals with disabilities as a critical need. National data indicate that employment rates of individuals with disabilities continue to lag well behind those of individuals without disabilities.

**Note:** The NFI can be accessed on the Internet at the following site: <http://www.whitehouse.gov/news/freedominitiative/freedominitiative.html>.

The Plan can be accessed on the Internet at the following site: <http://www.ed.gov/rschstat/research/pubs/index.html>.

In accordance with the goals of the NFI and the Plan, and as authorized under section 204(b)(2) of the Rehabilitation Act of 1973, as amended, through NIDRR, the Department provides funding for Rehabilitation Research and Training Centers to conduct research on the improvement of employment outcomes for individuals with disabilities. In order to foster more efficient use of Federal funds for the Rehabilitation and Research Training Centers program, the Secretary intends to refocus the priorities for research on these employment issues and provide funding for new awards in fiscal year (FY) 2004.

The grants for six Rehabilitation Research and Training Centers focusing on employment issues at Virginia Commonwealth University, Cornell University, The University of Wisconsin at Stout, The University of Hawaii, The University of Iowa, and The University of Massachusetts are scheduled to expire between September 30, 2003 and December 16, 2003. It would be contrary to the public interest, however, to have any lapses in these research and training activities before the refocused priorities can be implemented and new awards granted for FY 2004.

To avoid any lapse in research and training activities before the refocused priorities can be implemented, therefore, the Secretary has decided to fund these projects until April 30, 2004. Accordingly, the Secretary waives the requirements in 34 CFR 75.250 and 75.261(a) and (c)(2), which prohibit project periods exceeding 5 years and extensions of project periods that

involve the obligation of additional Federal funds.

#### Waiver of Proposed Rulemaking

Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed regulations. However, the waiver of the requirements in 34 CFR 75.250 and 75.261 applicable to the maximum project period and extension of the project period for these grants on a one-time only basis is procedural and does not establish new substantive policy. Therefore, under 5 U.S.C. 553(b)(A), proposed rulemaking is not required.

In addition, given the fact that the additional period of funding is only for a limited period of approximately four months from the expiration of the last grant agreement in December 2003, and the extensions must begin by September 30, 2003 to avoid any lapse in funding, the Secretary has determined that proposed rulemaking on this waiver is impracticable, unnecessary, and contrary to the public interest. Thus, proposed rulemaking also is not required under 5 U.S.C. 553(b)(B).

#### Regulatory Flexibility Act Certification

The Secretary certifies that the waiver and extension of the project period and waiver will not have a significant economic impact on a substantial number of small entities.

#### Paperwork Reduction Act of 1995

This extension and waiver does not contain any information collection requirements.

## DEPARTMENT OF ENERGY

### University Reactor Instrumentation (URI) Program Solicitation Number DE-PS07-03ID14541

**AGENCY:** Idaho Operations Office, DOE.

**ACTION:** Notice of availability of solicitation for awards of financial assistance.

**SUMMARY:** The U.S. Department of Energy, Idaho Operations Office, is soliciting applications for special research grant awards that will upgrade and improve U.S. nuclear research and training reactors. It is anticipated that on September 25, 2003, a full text for Solicitation Number DE-PS07-03ID14541 for the fiscal year 2004 URI Program will be made available at the Industry Interactive Procurement System (IIPS) Web site at: <http://e-center.doe.gov>: The deadline for receipt of applications will be on December 5, 2003. Applications are to be submitted via the IIPS Web site. Directions on how to apply and submit applications are detailed under the solicitation on the Web site.

**FOR FURTHER INFORMATION CONTACT:** Kathleen Stallman, Contract Specialist at [stallmkm@id.doe.gov](mailto:stallmkm@id.doe.gov).

**SUPPLEMENTARY INFORMATION:** The solicitation will be issued in accordance with 10 CFR part 600.6(b). Eligibility for awards under this program will be restricted to U.S. colleges and universities having a duly licensed, operating nuclear research or training reactor because the purpose of the University Reactor Instrumentation (URI) program is to upgrade and improve the U.S. university nuclear research and training reactors and to contribute to strengthening the academic community's nuclear engineering infrastructure.

The statutory authority for this program is Public Law 95-91.

Issued in Idaho Falls on September 22, 2003.
