of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590. FOR FURTHER INFORMATION CONTACT: Mr. Brian Chodrow, Telephone: 202–366– 9765; email address: brian.chodrow@ dot.gov.

SUPPLEMENTARY INFORMATION: NHTSA will host a meeting to focus on ways to improve the safety of older drivers over the next 5-10 years. The Traffic Safety for Older Road Users Meeting will begin with an introduction by NHTSA Administrator Mark Rosekind, followed by a discussion of the demographics of older road users, effective technologies to ensure safe driving for older people, and integrating information from law enforcement, licensing agencies, aging services providers and medical care providers. A panel discussion will then explore methods for identifying and serving at-risk drivers, leading to the identification of State and local alternatives. The meeting will conclude with a discussion on connected and automated vehicles-the future of mobility for an aging population.

Invited participants will include representatives from a number of fields including the behavioral and engineering sciences, traffic and highway safety, and public health, as well as from diverse organizations including advocacy groups, industry, state government, and other Federal Agencies.

NHTSA will facilitate sharing of important information regarding programs to improve the safety of older road users. Saving lives by preventing traffic deaths is a top priority of this Administration.

Workshop Procedures. NHTSA will conduct the meeting informally. Thus, technical rules of evidence will not

apply. The meeting will consist of presentations and panels. Each panel will have two or three short presentations, a roundtable discussion among the panel members, and participant questions to be discussed by the panel members and other meeting participants.

Authority: 49 U.S.C. 30182.

Issued in Washington, DC, on October 20, 2016.

Jeff Michael,

Associate Administrator, Research and Program Development.
