

The Rule

The FAA is amending 14 CFR part 71 by amending the Class E airspace extending upward from 700 feet above the surface at County Memorial Airport, New Madrid, MO, as the Malden VORTAC has been decommissioned and all associated airspace extensions of Class E airspace extending upward from 700 feet above the surface, off the Malden VORTAC, have been eliminated. The Class E airspace extending upward from 700 feet above the surface is amended by increasing the radius to 10.3 miles (previously 6.3 miles).

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is minimal. Since this is a routine matter that only affects air traffic procedures an air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ACE MO E5 New Madrid, MO [Amended]

County Memorial Airport, New Madrid, MO (Lat. 36°32′07″ N, long. 89°35′59″ W)

That airspace extending upward from 700 feet above the surface within a 10.3-mile radius of the County Memorial Airport.

Issued in College Park, Georgia, on August 2, 2021.

Andreese C. Davis,

Manager, Airspace & Procedures Team South, Eastern Service Center, Air Traffic Organization.

RIN 2700–AE62

NASA Guidance Procedures; Removal

AGENCY: National Aeronautics and Space Administration.

ACTION: Final rule.

SUMMARY: This final rule removes information about NASA’s processes and procedures for issuing guidance documents because requirements to publish this information were revoked.

DATES: *Effective:* August 9, 2021.

FOR FURTHER INFORMATION CONTACT: Nanette Smith, Team Lead, NASA Directives and Regulations Management, Mission Support Directorate, (202) 358–0819, nanette.jennings@nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Executive Order 13891, Promoting the Rule of Law Through Improved Agency Guidance Documents, issued October 9, 2019, required agencies to finalize regulations to set forth processes and procedures for issuing guidance documents. To respond to this action, NASA issued its Guidance Procedures, 14 CFR part 1204 subpart 3, that published on March 24, 2020, at 85 FR 16542.

On January 20, 2021, Executive Order 13992, Revocation of Certain Executive Orders Concerning Federal Regulation, was issued to revoke several regulatory policies, including Executive Order 13891. Therefore, NASA is removing 14 CFR part 1204 subpart 3, NASA Guidance Documents, to comply with Executive Order 13992.

II. Regulatory Analysis

Executive Order 12866—Regulatory Planning and Review and Executive Order 13563—Improving Regulation and Regulatory Review

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. This rule is not a significant regulatory action under Executive Order 12866.

Executive Order 13132—Federalism

Executive Order 13132 requires agencies to ensure meaningful and timely input by state and local officials in the development of regulatory policies that may have a substantial, direct effect on the states, on the relationship between the National Government and the states, or on the distribution of power and responsibilities among the various levels of government. This action has been analyzed in accordance with the principles and criteria contained in the order, and NASA has determined that this action will not have a substantial direct effect or federalism implications on the states and would not preempt any state law or regulation or affect the states’ ability to discharge traditional state governmental functions. Therefore, consultation with the states is not necessary.

Executive Order 13175—Consultation and Coordination With Indian Tribal Governments

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175. NASA has determined that this removal of Subpart 1204.3 does not significantly or uniquely affect the communities of the Indian tribal governments or impose substantial direct compliance costs on them, the funding and consultation requirements of Executive Order 13175 does not apply.

Regulatory Flexibility Act

It has been certified that removal of Subpart 1204.3 is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it does not have a significant economic impact on a substantial number of small entities.

Administrative Procedure Act

This final rule responds to Executive Order 13992 that requires agencies to remove the CFR regulations that set forth processes and procedures for issuing guidance documents. Therefore, in accordance with 5 U.S.C. 553, the Administrator of NASA has concluded that there is good cause to publish this rule without prior opportunity for public comment because the action is of Agency organization, procedure, or practice. See 5 U.S.C 553(b)(3)(A).

Statutory Authority

Part 1204 is established under the National Aeronautics and Space Act (Space Act). In accordance with 51 U.S.C. 20113(a), “In the performance of its functions, the Administration is authorized to make, promulgate, issue, rescind, and amend rules and regulations governing the manner of its operations and the exercise of the powers vested in it by law.”

Paperwork Reduction Act

This rule does not contain an information collection requirement subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments.

List of Subjects in 14 CFR Part 1204

Administrative practice and procedure.

Accordingly, 14 CFR part 1204 is amended as follows:

PART 1204—ADMINISTRATIVE AUTHORITY AND POLICY

Subpart 3 [Removed and Reserved]

■ Under the authority of 51 U.S.C. 20113(a), subpart 3, consisting of §§ 1204.300 through 1204.313, is removed and reserved.

Nanette Smith,

Team Lead, NASA Directives and Regulations.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2021–0616]

RIN 1625–AA87

Security Zone; Corpus Christi Ship Channel, Corpus Christi, TX

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing three 500-yard radius temporary security zones around Motor Vessel (M/V) ARC ENDURANCE, M/V LIBERTY PEACE, and M/V OCEAN FREEDOM. These zones are needed to protect the vessels, which will be carrying military cargo onboard, while they are transiting the Corpus Christi Ship Channel in Corpus Christi, TX. Entry of vessels or persons into the zones are prohibited unless specifically authorized by the Captain of the Port Sector Corpus Christi (COTP) or a designated representative.

DATES: This rule is effective without actual notice August 9, 2021 through August 20, 2021. For the purposes of enforcement, actual notice will be used from August 2, 2021 until August 9, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG–2021–0616 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Commander Anthony Garofalo, Sector Corpus Christi

Waterways Management Division, U.S. Coast Guard; telephone 361–939–5130, email Anthony.M.Garofalo@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
COTP Captain of the Port Sector Corpus Christi
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish these security zones by August 2, 2021 to ensure security of these vessels and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to the public interest because immediate action is needed to provide for the security of these vessels.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Corpus Christi (COTP) has determined that potential hazards associated with the transit of the M/V ARC ENDURANCE, M/V LIBERTY PEACE, and M/V OCEAN FREEDOM when loaded with military cargo will be a security concern within a 500-yard radius of the vessels. This rule is needed to protect the vessels while they are transiting within Corpus Christi, TX, from August 2, 2021 through August 20, 2021.

IV. Discussion of the Rule

The Coast Guard is establishing three 500-yard radius temporary security zones around M/V ARC ENDURANCE,
