Background

On November 15, 2011, the Department of Commerce (the "Department") initiated countervailing duty investigations of circular welded carbon-quality steel pipe ("certain steel pipe") from India, the Sultanate of Oman ("Oman"), The United Arab Emirates ("the UAE"), and the Socialist Republic of Vietnam ("Vietnam"). See *Circular Welded Carbon-Quality Steel Pipe From India, the Sultanate of Oman, the United Arab Emirates, and the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigations*, 76 FR 72173 (November 22, 2011). Currently, the preliminary determinations are due no later than January 19, 2012.

Postponement of Due Date for Preliminary Determinations

On December 6, 2011, the Department received a request from Wheatland Tube (one of the petitioners in these investigations) to postpone the preliminary determinations of the countervailing duty investigations of certain steel pipe from India, Oman, the UAE, and Vietnam. Under section 703(c)(1)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department may extend the period for reaching a preliminary determination in a countervailing duty investigation until no later than the 130th day after the date on which the administering authority initiates an investigation if the petitioner makes a timely request. In accordance with 19 CFR 351.205(e), Wheatland Tube's request for

postponement of the preliminary determinations was made 25 days or more before the scheduled date of the preliminary determinations. Thus, we are fully extending the due date for the preliminary determinations to no later than 130 days after the day on which the investigations were initiated (i.e., March 24, 2012). However, March 24, 2012, falls on a Saturday and it is the Department's long-standing practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the preliminary determinations is now no later than March 26, 2012.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(e).

Dated: December 12, 2011.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for extension of a currently approved information collection.

Under the Code of Federal Regulations in Title 50, Part 665, all vessel owners who fish for deepwater shrimp (*Heterocarpus* spp.), or land these species in ports, in the western Pacific region must obtain a Federal permit from the National Marine Fisheries Service (NMFS). They must also mark their vessels for identification. Vessel operators must submit NMFS logbook reports of their fishing activity to NMFS within 72 hours of the end of each fishing trip.

The information collected is used to identify participants in the fishery, document fishing activities and landings, determine the conditions of the stocks, assess the effectiveness of management measures, evaluate the benefits and costs of changes in management measures, and monitor and respond to accidental takes of protected species, including seabirds, turtles, and marine mammals.

Vessel owners must identify their vessels to assist in aerial and at-sea enforcement of fishing regulations.

The currently approved permit application, vessel identification, and logbook reporting requirements are being renewed without change.

II. Method of Collection

Respondents submit paper forms for permit applications and logbook reports to NMFS. Permits are valid for one calendar year and may be renewed annually. Logbook forms provided by NMFS are completed by the vessel operator and submitted to NMFS no later than 72 hours after the end of the trip. Methods of submittal at this time include mail, email and facsimile transmission of paper forms. In the future, email of electronic forms or online access to web-based forms will be available.
