SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0626.

Title: Section 90.483, Permissible Methods and Requirements of Interconnecting Private and Public Systems of Communication.

Form No.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 100 respondents; 100 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 100 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality:

There is no need for confidentiality.

Needs and Uses: The Commission will submit this revision to the OMB after this 60-day comment period to obtain the full three-year clearance from them.

The Commission has eliminated two rule sections from this information collection. They are Sections 90.168 and 90.425. This leaves Section 90.483 as the only remaining rule section under this OMB Control Number which is 3060-0626. Rule section 90.168 is accounted for under OMB Control Number 3060-0076 and section 90.425 is accounted for under OMB Control Number 3060-0599.

Section 90.483 requires when a frequency is shared by more than one system, automatic monitoring equipment must be installed at the base station to prevent activation of the transmitter when signals of co-channel stations are present and activation would interfere with communications in progress. Licensees may operate without this equipment if they have obtained the consent of all co-channel licensees located within a 120 kilometer (75 mile) radius of the interconnected base station transmitter. A statement must be submitted to the Commission indicating that all co-channel licensees have consented to operate without the monitoring equipment (reporting and third party disclosure requirements).

The information is used by Commission staff in carrying out its duties under the Communications Act. Without this information, the Commission would not be able to carry out its statutory responsibilities. This information is necessary to ensure that licensees comply with the

Commission's technical and operational duties.

Federal Communications Commission.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Evaluation of the Successful Business Strategies to Prevent Heart Disease and Stroke Toolkit—NEW—Division for Heart Disease and Stroke Prevention (DHDSP), National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Under Part C (Centers for Disease Control and Prevention) of the

Statement of Organization Functions, and Delegations of Authority of the Department of Health and Human Services (45 FR 67772–76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 70 FR 72842–72843, dated December 7, 2005), the Division for Heart Disease and Stroke Prevention, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control and Prevention was established. This Division plans, directs, and coordinates programs to reduce morbidity, risk factors, costs, disability, mortality, and disparities associated with heart disease, stroke, and other cardiovascular

disease outcomes. Under this Division, formative research was conducted to identify effective interventions and promising practices for preventing heart disease and stroke at the work site. In 2005, this research resulted in the development of a *Successful Business Strategies to Prevent Heart Disease and Stroke Toolkit*. The toolkit provides state programs with suggestions about which health benefits, services, and interventions can improve employee cardiovascular health, prevent heart disease and stroke, and reduce related costs. The second phase of this project focuses on disseminating and evaluating the *Successful Business Strategies to*

Prevent Heart Disease and Stroke Toolkit.

As part of the Toolkit evaluation, the CDC has employed contractor support to design and conduct a Web-based survey of State Health Departments to gather information on their experiences with the Toolkit. The contractor will collect and analyze all data from this survey. The CDC has also contracted to make revisions to the toolkit based on results of this survey, ongoing feedback from the States, and feedback from employers through interviews.

There are no costs to respondents except their time to complete the survey. The total estimated annualized burden hours are 26.

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to

be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* New Collection; *Title of Information Collection:* Administrative Requirements for section 6071 of the Deficit Reduction Act of 2005 (DRA); *Use:* CMS will use an Operational Protocol Instruction Guide and template for the development of Operational Protocols for the States selected to participate in the Money Follows the Person (MFP) Rebalancing Demonstration. The guide will provide instruction on the required elements of the State's Operational Protocol, which must be submitted and approved before a State may enroll individuals in the State's demonstration program or begin to claim service dollars. The DRA Section 6071(c)(9) requires the States to provide information and assurances that total expenditures under the State Medicaid program for home and community-based long-term care services will not be less for any fiscal year during the MFP demonstration project than for the greater of such expenditures for fiscal year 2005 or any succeeding fiscal year before the first of the year of the MFP demonstration project. Accordingly, States are required to submit Maintenance of Effort (MOE) forms and MFP Budget forms on an annual basis. Additionally, in order to receive enhanced FMAP, States are required to submit the MFP

Demonstration Financial Forms on a quarterly basis. Section 6071(g) of the DRA requires a national evaluation of the MFP demonstration project and a final report to the President and Congress. For the national evaluation, States will be required to submit semi-annual reports that describe their progress in implementing their MFP programs and rebalancing their long-term care systems. In addition, States will be required to submit on a quarterly basis an MFP Finders File, which will include eligibility records for all MFP participants, and an MFP Services File, which will include records for each service funded with MFP grant funds. *Form Number:* CMS–10249 (OMB#: 0938–NEW); *Frequency:* Reporting—Yearly, Quarterly, Semi-annually and Once; *Affected Public:* States, Local or Tribal Governments; *Number of Respondents:* 31; *Total Annual Responses:* 229.4; *Total Annual Hours:* 7,843.

2. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* 1932 State Plan Amendment Template, State Plan Requirements and Supporting Regulations in 42 CFR 438.50; *Form No.:* CMS–10120 (OMB# 0938–0933); *Use:* The State Medicaid Agencies will complete the template. CMS will review the information to determine if the State has met all the requirements under 1932(1)(1)(A) and 42 CFR 438.50. Once all requirements are met, the State will be allowed to enroll Medicaid
