

SAFEGUARDS:

All official access to the system of records is on a need-to-know basis only, as authorized by a business line manager at FMS or FMS's fiscal agent. Procedural and physical safeguards, such as personal accountability, audit logs, and specialized communications security, are utilized. Each user of computer systems containing records has individual passwords (as opposed to group passwords) for which he or she is responsible. Thus, a security manager can identify access to the records by user. Access to computerized records is limited, through use of access codes, encryption techniques, and/or other internal mechanisms, to those whose official duties require access. Storage facilities are secured by various means such as security guards, badge access, and locked doors with key entry.

RETENTION AND DISPOSAL:

Electronic and paper records for enrollments and associated transactions will be retained for six (6) months or as otherwise required by statute or court order. Records in electronic media are electronically erased using industry-accepted techniques, and in accordance with applicable Financial Management Service policies regarding the retention and disposal of fiscal agency records. Paper records are destroyed in accordance with fiscal agency archive and disposal procedures and applicable Financial Management Service policies regarding the retention and disposal of fiscal agency records.
