March 24, 2004.

R.E. Ginna Nuclear Power Plant, LLC (GNNP) filed an application for market-based rate authority, with an accompanying tariff. The proposed tariff provides for wholesale sales of capacity, energy and ancillary services at market-based rates. GNNP also requested waiver of various Commission regulations. Absent a request to be heard in opposition by the deadline above, GNNP is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of GNNP, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of GNNP's issuances of securities or assumptions of liability.
