SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on hand trucks from China was published on December 2, 2004.¹ On July 1, 2020, Commerce published the notice of initiation of the third sunset review of the antidumping duty order on hand trucks from China pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).²

In accordance with 19 CFR 351.218(d)(1)(i) and (ii), Commerce received a notice of intent to participate in this sunset review from Gleason Industrial Products, Inc. and Precision Products, Inc. (collectively, the petitioners), within 15 days after the date of publication of the *Sunset Initiation*. The petitioners claimed interested party status under section 771(9)(C) of the Act, as domestic producers of the domestic like product.

On July 23, 2020, Commerce received a complete substantive response to the notice of initiation from the petitioners within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). Commerce received no substantive response from any respondent interested parties. As a result, Commerce conducted an expedited, *i.e.*, 120-day, sunset review of this order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

Scope of the Order

The merchandise subject to the order consists of hand trucks manufactured from any material, whether assembled or unassembled, complete or incomplete, suitable for any use, and certain parts thereof, namely the vertical frame, the handling area and the projecting edges or toe plate, and any combination thereof. They are typically

imported under heading 8716.80.50.10 of the Harmonized Tariff Schedule of the United States (HTSUS), although they may also be imported under heading 8716.80.50.90 and 8716.90.50.60. Although the HTSUS subheadings are provided for convenience and customs purposes, the written product description is dispositive. A full description of the scope of the order is contained in the accompanying Issues and Decision Memorandum.³

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of dumping in the event of revocation, and the magnitude of dumping margins likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in the Issues and Decision Memorandum, which is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://trade.gov/enforcement/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Review

Pursuant to sections 752(c)(1) and (3) of the Act, we determine that revocation of the antidumping duty order on hand trucks from the China would be likely to lead to continuation or recurrence of dumping at weighted-average margins up to 383.60 percent.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested.

³ See Memorandum, "Issues and Decision Memorandum for the Final Results of the Expedited Third Sunset Review of the Antidumping Duty Order on Hand Trucks and Certain Parts Thereof from the People's Republic of China," dated concurrently with and hereby adopted by this notice (Issues and Decision Memorandum).

Commerce is issuing and publishing these final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act and 19 CFR 351.218.
