Agency Information Collection Activities: Submission for OMB Review; Comment Request; Reporting and Recordkeeping Requirements for National Volatile Organic Compound Emission Standards for Architectural Coatings

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the following Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval: Reporting and Recordkeeping Requirements for National Volatile Organic Compound Emission Standards for Architectural Coatings; EPA ICR# 1750.03; OMB Control Number 2060-0393, expiration date January 31, 2002. The ICR describes the nature of the information collection and its expected burden and cost; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before March 11, 2002.

ADDRESSES: Send comments, referencing EPA ICR No. 1750.03 and OMB Control No. 2060-0040, to the following addresses: Susan Auby, U.S. Environmental Protection Agency, Collection Strategies Division (Mail Code 2822), 1200 Pennsylvania Avenue, N.W., Washington, DC 20460-0001; and to Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, N.W., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: For a copy of the ICR contact Susan Auby

at EPA by phone at (202) 260-4901, by E-mail at Auby.susan@epamail.epa.gov, or download off the Internet at <http://www.epa.gov/icr> and refer to EPA ICR No. 1750.03. For technical questions about the ICR contact Linda Herring by phone at (919) 541-5358, by E-mail at herring.linda@epa.gov, or by mail at Coatings and Consumer Products Group, Mail Code C539-03, Emission Standards Division, U.S. Environmental Protection Agency, Research Triangle Park, NC 27711.

SUPPLEMENTARY INFORMATION:

Title: Reporting and Recordkeeping Requirements for National Volatile Organic Compound Emission Standards for Architectural Coatings; EPA ICR# 1750.03; OMB Control Number 2060-0393, expiration date January 31, 2002. This is a request for extension of a currently approved collection.

Abstract: Entities potentially affected by this action are those which manufacture or import architectural coatings for sale or distribution in the United States, including the District of Columbia and all United States territories. The information collection includes initial reports, annual reporting, and recordkeeping necessary for EPA to ensure compliance with Federal standards for volatile organic compounds in architectural coatings. Respondents are manufacturers and importers of architectural coatings. Responses to the collection are mandatory under 40 CFR part 59, subpart D—National Volatile Organic Compound Emission Standards for Architectural Coatings. All information submitted to EPA for which a claim of confidentiality is made will be safeguarded according to the Agency policies set forth in 40 CFR part 2, subpart B—Confidentiality of Business Information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information, was published on August 17, 2001 (66 FR 43253); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 47 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the

time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previous applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Manufacturers and importers of architectural coatings.

Estimated Number of Respondents: 500.

Frequency of Response: Annual.

Estimated Total Annual Hour Burden: 23,411 hours.

Estimated Total Annualized Capital, O&M Cost Burden: 0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No. 1750.03 and OMB Control No. 2060-0393 in any correspondence.

Dated: January 29, 2002.

Oscar Morales,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[OEI-100013; FRL-6723-6]

Workshop Schedules for EPCRA/TRI Training: Spring 2002

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA will conduct EPCRA/TRI Training workshops across the country during the spring of 2002. These workshops are intended to assist persons preparing their annual reports on release and other waste management activities as required under sections 313 of the Emergency Planning and Community Right-To-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA). These reports must be submitted to EPA and designated state officials on or before July 1, 2002.

FOR FURTHER INFORMATION CONTACT: Priscilla Evans, Workshop Coordinator

(202) 260-9124, evans.priscilla@epa.gov for specific information on this notice. Information concerning the EPCRA/TRI Training workshops is also available on EPA's web site at <http://www.epa.gov/tri>.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Notice Apply to Me?

You may find this notice applicable if you manufacture, process, or otherwise

use any EPCRA section 313 listed toxic chemical. Potentially applicable categories and entities may include, but are not limited to:

Category	Examples of regulated entities
Industry	Metal mining, Coal mining, Manufacturing, Electricity generating facilities, Hazardous waste treatment/TSDF, Chemicals and allied products-wholesale, Petroleum bulk plants and terminals, and Solvent recovery services.
Federal Government	Federal facilities.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to find this notice of training course offerings applicable. Other types of entities not listed in the table may also find this notice applicable. To determine whether your facility could find this notice applicable, you should carefully examine the applicability criteria in part 372 subpart B of Title 40 of the Code of Federal Regulations. If you have questions regarding the applicability of this action to a particular entity, consult the person listed in the preceding "FOR FURTHER INFORMATION CONTACT" section. You may be able to take advantage of the training courses if:

- your facility is a facility covered under section 313 of the Emergency Planning and Community Right-To-Know Act (EPCRA);

- your facility is a federal facility that manufactures, processes, or otherwise uses section 313 listed toxic chemicals;

- you prepare annual release and other waste management activity reports (i.e., Form R);

- you are a consultant who assists in the preparation of these reports; or

- you would like information on recent changes to EPCRA/TRI regulations

The EPA conducts annual training courses to assist you with your reporting requirements under section 313 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA) and section 6607 of the Pollution Prevention Act of 1990 (PPA) or Executive Order 13148 (for federal facilities). You must submit your annual release and other waste management activity reports (i.e., Form R) if your facility meets the descriptions for the following Standard Industrial Classification (SIC) codes and qualifiers, and meets other criteria specified in part 372 of Title 40 of the Code of Federal Regulations:

- Metal Mining (SIC Code 10, except 1011, 1081, and 1094);

- Coal Mining (SIC Code 12, except 1241);

- Manufacturing (SIC Codes 20-39)

- Electricity Generating Facilities (SIC Codes 4911, 4931, and 4939—limited to facilities that combust coal and/or oil for the purpose of generating electricity for distribution in commerce);

- Hazardous Waste Treatment/TSDF (SIC Code 4953—limited to facilities regulated under RCRA subtitle C, 42 U.S.C. section 6921 *et seq.*);

- Chemicals and Allied Products (SIC Code 5169);

- Petroleum Bulk Plants and Terminals (SIC Code 5171);

- Solvent Recovery (SIC Code 7389—limited to facilities primarily engaged in solvents recovery services on a contract or fee basis); and

- Federal Facilities (by Executive Order 13148).

B. What is Presented at these Training Courses?

The training courses present reporting requirements of EPCRA section 313 and PPA section 6607. A variety of hands-on exercises using the reporting forms (i.e., Form R) along with supporting materials will be used to help you understand any reporting obligations you might have under EPCRA section 313. The training courses are scheduled in the spring so that you can prepare and submit your report(s) for the Reporting Year 2001, forms due on or before July 1, 2002.

C. How Much Time is Required for the Training?

The full training course runs two days and a schedule for the 2-day workshops is provided below (see Table 1). The course is divided into three modules. The first module encompasses the first day and is devoted to a general discussion of EPCRA section 313 and PPA section 6607 reporting requirements with exercises used to reinforce key concepts. The second module is given in the morning of the second day, and is designed to provide detailed information about the persistent, bioaccumulative, and toxic (PBT) chemicals reporting requirements

and lead and lead compound reporting requirements within the TRI program. The third and final module is given in the afternoon of the second day, and this module is designed to provide an update to the TRI program and information about difficult policy topics. Interested persons may register for both days (persons with little or no background in EPCRA section 313 and PPA section 6607 reporting requirements) or just the second day (persons experienced in preparing either Form R or Form A). In addition, EPA is conducting abbreviated training courses. These courses are one day in duration and, in some cases, are focused for a particular industry sector(s) (see Table 2).

D. When are these Training Courses Offered and How Do I Register?

The schedules for training courses are provided in the tables below. You should note, however, that changes to the schedules may occur without further notice so it is important to check your registration materials and confirmation notice (see below). Also, you may access current training course schedule information via the TRI Home Page (<http://www.epa.gov/tri>) or via the TRI training course Home Page (<http://www.epa.gov/tri/report/training/registration.htm>).

You should direct your requests for training course registration materials, including schedules of dates and locations, to the designated contacts in Table 3 (if registration contact is other than Abt Associates, Inc.).

To register for any of the EPA training courses supported by Abt Associates, Inc., you can direct your requests to Abt Associates, Inc. (www.epa.gov/tri/report/training/registration.htm). If you do not have access to the internet, you may fax your request to: (301) 652-7530.

To register, you must provide all of the following information to the registration contact indicated: your

name, your company's name and SIC code, your postal address, your telephone number, your fax number, your email address, and your preferred training location(s). Requests should be directed to the indicated registration contact.

You will receive an acknowledgment of application receipt via fax or email. If your application is accepted, a confirmation notice will be sent to you that will contain important information regarding date, location, directions, etc. If the training course you applied for is

filled or canceled, alternate training courses will be suggested. Since space is limited, you are encouraged to submit your registration application as early as possible but not less than one week before your preferred training course.

TABLE 1. EPCRA/TRI TRAINING: SPRING 2002 2-DAY WORKSHOP SCHEDULE¹.

Date	Location	Registration Contact
March 5-6	Dallas, TX	Abt Associates, Inc.
March 6-7 ¹	Denver, CO	Jack Salter, US EPA Region 8
March 19-20	Roanoke, VA	Abt Associates, Inc.

E. How Much Will the Training Course Cost?

There is no registration fee for the 2-Day EPCRA/TRI Training courses; however, there may be a registration fee for some of the 1-day EPCRA/TRI workshops (check with the registration contact for fees and further information). You may access information regarding registration fees via the TRI Home Page (<http://www.epa.gov/tri>) or by contacting the respective Registration Contact listed above (see Table 3). If there is insufficient interest at any of the training course locations, those courses may be canceled. The Agency bears no responsibility for your decision to purchase non-refundable transportation tickets or accommodation reservations.

List of Subjects

Environmental protection, Community right-to-know, Reporting and recordkeeping requirements, Toxics Release Inventory.

Mr. T. Cozart Well Superfund Site; Notice of Proposed Settlement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement.

SUMMARY: The United States Environmental Protection Agency is proposing to enter into a settlement with Inter-City Products Corporation, pursuant to 122(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, regarding the Mr. T. Cozart Superfund Site located in Lewisburg, Marshall County, Tennessee. EPA will consider public comments on the proposed settlement for thirty (30) days. EPA may withdraw from or modify the proposed settlement should such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper or inadequate. Copies of the proposed settlement are available from: Ms. Paula V. Batchelor, U.S. EPA Region 4 (WMD-CPSB), Sam Nunn Atlanta Federal Center, 61 Forsyth Street, SW., Atlanta, Georgia 30303, (404) 562-8887.

Written comments may be submitted to Ms. Batchelor within thirty (30) calendar days of the date of this publication.

Dated: January 23, 2002.

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and
