

81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 22, 2001.

The Roper facility (116 acres, 1,650 employees), is located at 1507 Broomtown Road, Lafayette, Georgia (Walker County). The facility is used for the manufacturing and warehousing of various types of kitchen ranges (HTS 8516.60, duty-free). Components and materials sourced from abroad (representing about 20% of all parts consumed in manufacturing) include: control panels, connectors, microwave oven modules, hinges, and thermocouples (HTS 8302.10, 8516.50, 8536.69, 8537.10 and 9025.80, duty rate ranges from 1.6% to 3.5%).

FTZ procedures would exempt Roper from Customs duty payments on the foreign components used in export production. On its domestic sales, Roper would be able to choose the duty rates during Customs entry procedures that apply to finished kitchen ranges (duty-free) for the foreign inputs noted above. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 2, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 16, 2001.

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Export Assistance Center, Marquis Two Tower, Suite 200, 285 Peachtree Center Avenue, NE, Atlanta, GA 30303-1229.
Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th and Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: January 22, 2001.

Dennis Puccinelli,

Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Order No. 1142]

Approval for Expanded Manufacturing Authority (Automotive Lighting Products) Foreign-Trade Subzone 146A, North American Lighting, Inc., Flora and Salem, Illinois

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Bi-State Authority, grantee of Foreign-Trade Zone 146 (Lawrence County, Illinois), has requested authority on behalf of North American Lighting, Inc. (NAL), operator of FTZ 146A, at the NAL automotive lighting products manufacturing facilities in Flora and Salem, Illinois, to expand the scope of FTZ authority to include new manufacturing capacity under FTZ procedures and requesting authority to expand the boundaries of Subzone 146A (FTZ Doc. 22-2000, filed 5-30-2000);

Whereas, notice inviting public comment was given in the **Federal Register** (65 FR 35603, 6-5-00);

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now therefore, the Board hereby approves the request, subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 17th day of January 2001.

Troy H. Cribb,

Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Dennis Puccinelli,

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 3-2001]

Foreign-Trade Zone 49D—Newark and Elizabeth, New Jersey; Expansion of Facilities and Manufacturing Authority—Subzone 49D, Merck & Co., Inc. Plant (Pharmaceuticals), Rahway, New Jersey

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port Authority of New York and New Jersey, grantee of FTZ49, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR part 400), requesting on behalf of Merck & Co., Inc. (Merck), to add capacity and to expand the scope of manufacturing authority under zone procedures at Subzone 49D, at the Merck pharmaceutical plant in Rahway, New Jersey. It was formally filed on January 18, 2001.

Subzone 49D was approved by the Board in 1995 at a single site (200 acres, 2,500,000 sq. ft., 154 buildings) located at 126 Lincoln Avenue, in Rahway (Union County), New Jersey, some 10 miles south of Newark. The facility (4,100 employees) is used to produce a range of human health products. Merck is now proposing to add 8.6 acres and to expand existing buildings by 2,540,370 sq. ft. The proposed subzone would then include 154 buildings consisting of 5,040,370 sq. ft. (a 102% increase) on 208.64 acres.

The application also requests to expand the scope of authority for manufacturing activity conducted under FTZ procedures at Subzone 49D to include additional general categories of inputs that have recently been approved by the Board for other pharmaceutical plants. They include chemically pure sugars, empty capsules for pharmaceutical use, protein concentrates, natural magnesium phosphates and carbonates, gypsum, anhydrite and plasters, petroleum jelly, paraffin and waxes, sulfuric acid, other inorganic acids or compounds of nonmetals, ammonia, zinc oxide, titanium oxides, fluorides, chlorates, sulfates, salts of oxometallic acids, radioactive chemical elements, compounds of rare earth metals, acyclic hydrocarbons, derivatives of phenols or peroxides, acetals and hemiacetals, phosphoric esters and their salts, diazo-compounds, glands for therapeutic uses, wadding, gauze and bandages, pharmaceutical glaze, hair preparations, lubricating preparations, albumins, prepared glues and adhesives, catalytic preparations, diagnostic or laboratory reagents, prepared binders, acrylic

polymers, self-adhesive plates and sheets, other articles of vulcanized rubber, plastic cases, cartons, boxes, printed books, brochures and similar printed matter, carboys, bottles, and flasks, stoppers, caps, and lids, aluminum foil, tin plates and sheets, taps, cocks and valves, and medical instruments and appliances.

FTZ procedures would exempt Merck from Customs duty payments on the foreign components used in export activity. On its domestic sales, the company would be able to elect the duty rates that applies to finished products (primarily duty-free for finished pharmaceuticals and up to 14.2% for intermediates) for the foreign materials noted above (duty rates ranging from duty-free to 20%). The application indicates that the expanded use of FTZ procedures will help improve Merck's international competitiveness.

The application has requested review under § 400.32(b)(1) of the FTZ Board regulations on the basis that the proposed activity is the same, in terms of products involved, to activity recently approved by the Board and similar in circumstances.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 1, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to March 16, 2001).

Copies of the applications will be available for public inspection at the following locations:

U.S. Department of Commerce, Export Assistance Center, One Gateway Center, 9th floor, Newark, New Jersey 07102.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: January 18, 2001.

Dennis Puccinelli,

Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 4-2001]

Foreign-Trade Zone 24—Wilkes-Barre/Scranton, Pennsylvania; Expansion of Facilities and Manufacturing Authority—Subzone 24B, Merck & Co., Inc. Plant (Pharmaceuticals), Riverside, PA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Eastern Distribution Center, Inc., grantee of FTZ 24, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR part 400), requesting on behalf of Merck & Co., Inc. (Merck), to add capacity and to expand the scope of manufacturing authority under zone procedures at Subzone 24B, at the Merck pharmaceutical plant in Riverside, Pennsylvania. It was formally filed on January 18, 2001.

Subzone 24B was approved by the Board in 1994 at a single site (364 acres, 650,000 sq. ft., 68 bldgs.) located at First Street and Avenue C in Riverside (Northumberland County), Pennsylvania, some 60 miles southeast of Scranton. The facility (620 employees) is used to produce a range of human health products. Merck is now proposing to add 50 buildings and to expand existing buildings for a total increase of 592,592 sq. ft. The proposed subzone would then include 118 bldgs. consisting of 1,242,592 sq. ft. (a 91% increase) on 364 acres.

The application also requests to expand the scope of authority for manufacturing activity conducted under FTZ procedures at Subzone 24B to include additional general categories of inputs that have recently been approved by the Board for other pharmaceutical plants. They include chemically pure sugars, empty capsules for pharmaceutical use, protein concentrates, natural magnesium phosphates and carbonates, gypsum, anhydrite and plasters, petroleum jelly, paraffin and waxes, sulfuric acid, other inorganic acids or compounds of nonmetals, ammonia, zinc oxide, titanium oxides, fluorides, chlorates, sulfates, salts of oxometallic acids, radioactive chemical elements, compounds of rare earth metals, acyclic hydrocarbons, derivatives of phenols or peroxides, acetals and hemiacetals, phosphoric esters and their salts, diazo-compounds, glands for therapeutic uses, wadding, gauze and bandages, pharmaceutical glaze, hair preparations, lubricating preparations, albumins, prepared glues and adhesives, catalytic preparations, diagnostic or laboratory

reagents, prepared binders, acrylic polymers, self-adhesive plates and sheets, other articles of vulcanized rubber, plastic cases, cartons, boxes, printed books, brochures and similar printed matter, carboys, bottles, and flasks, stoppers, caps, and lids, aluminum foil, tin plates and sheets, taps, cocks and valves, and medical instruments and appliances.

FTZ procedures would exempt Merck from Customs duty payments on the foreign components used in export activity. On its domestic sales, the company would be able to elect the duty rates that applies to finished products (primarily duty-free for finished pharmaceuticals and up to 14.2% for intermediates) for the foreign materials noted above (duty rates ranging from duty-free to 20%). The application indicates that the expanded use of FTZ procedures will help improve Merck's international competitiveness.

The application has requested review under § 400.32(b)(1) of the FTZ Board regulations on the basis that the proposed activity is the same, in terms of products involved, to activity recently approved by the Board and similar in circumstances.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 1, 2001. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to March 16, 2001).

Copies of the applications will be available for public inspection at the following locations:

U.S. Department of Commerce, Export Assistance Center, One Commerce Square, 228 Walnut St., 850, P.O. Box 11698, Harrisburg, Pennsylvania 17108-1698.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 4008, U.S. Department of Commerce, 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: January 18, 2001.

Dennis Puccinelli,

Executive Secretary.
