Multi-Sector Trade Mission to Nigeria

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice.

Mission Statement: Multi-Sector Trade Mission to Nigeria, March 8-10, 2011

I. Mission Description

The United States Department of Commerce, International Trade Administration, U.S. Commercial Service is organizing a Trade Mission to Nigeria March 8-10, 2011, to help U.S. firms find business partners and sell equipment and services in Lagos and Abuja, Nigeria. Targeted sectors include, but are not limited to, energy and power generation, health care, information technology, transportation and construction. This mission will be led by a senior official and will include business-to-business matchmaking with local companies, market briefings, and meetings with key government officials.

II. Commercial Setting

In 2009, the Nigerian economy was among the top 20 fastest growing in the world at 6+%, and is one of the two largest economies in Africa. The International Monetary Fund projects Nigeria's economy to continue to grow at 6+% for the next 4 years. With a population of 150 million people, the largest in Africa and 8th largest in the world, Nigeria has a thriving consumer market. Total U.S.-Nigeria trade did fall from \$3.4 trillion to \$2.6 trillion in 2008 and 2009 but is expected to surge in conjunction with Nigeria's growing economy. U.S. exports to Nigeria in 2009 consisted mostly of cereals, vehicles, machinery, fuel and aircraft.

There is significant business potential for U.S. businesses willing to conduct due diligence and draw on Commercial Service assistance in screening prospective partners and customers in Nigeria.

Nigerians prefer U.S. products due to quality, name brand recognition and seek competitive pricing. The business culture relies heavily on the strength of personal contacts to consummate deals. This trade mission offers U.S. company
