

Likely Respondents—Data will be collected using semi-structured telephone interviews with state/territorial minority health entity directors (or their designees) in

approximately 54 states and territories (50 states plus the District of Columbia and the U.S. territories of Guam, Puerto Rico, and the U.S. Virgin Islands). The purpose of this interview is to collect

qualitative information about state/territory program goals and activities, partnerships, and organizational structure, as well as quantitative data elements on staffing and funding.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondents	Average hours per response	Total burden hours
State and Territorial Survey	54	1	1.5	81
Total	54			81

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). The ICR is for extending the use of the approved information collection assigned OMB control number 0990-0331 (which expires on August 21, 2015) through December 31, 2015. Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before July 7, 2015.

ADDRESSES: Submit your comments to Information.CollectionClearance@hhs.gov or by calling (202) 690-6162.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690-6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS-OS-0990-0331-60D for reference.

Information Collection Request Title: Evaluation of the Responsible Fatherhood, Marriage and Family Strengthening Grants for Incarcerated and Reentering Fathers and Their Partners

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is conducting an evaluation of a demonstration program called Responsible Fatherhood, Marriage and Family Strengthening Grants for Incarcerated and Reentering Fathers and Their Partners (MFS-IP). This demonstration program, funded in 2006 by the Office of Family Assistance within the Administration for Children and Families (ACF), supported healthy marriage and responsible fatherhood activities among incarcerated and recently released fathers, their partners, and children. The MFS-IP evaluation assesses the effects of these activities by comparing relationship quality and stability, positive family interactions, family financial well-being, recidivism, and community connectedness between intervention and control groups.

Data collection for the entire evaluation is expected to last 7 years, from the time the first participant was enrolled in late 2008 until the last qualitative follow-back interview is administered. The burden table below includes completion of a set of follow-back qualitative interviews with a small group of respondents (previously

approved under OMB No. 0990-0331). The current approval expires on August 21, 2015, and we are requesting an extension until December 31, 2015, to enable us to complete all of the interviews that have been previously approved by OMB under this information collection.

Need and Proposed Use of the Information: Primary data for the evaluation comes from in-person surveys with incarcerated and released fathers and their partners at baseline, 9, 18, and 34 month interviews and the qualitative follow-back. This qualitative follow-back is the focus of the current amendment request and it will only be conducted with a very small subsample of the original couples. As previously described and approved under OMB No. 0990-0331, being able to do additional qualitative follow-back with these cases will enable us to better understand how reentry success and family well-being are interrelated for the survey population, inform future research and evaluation with this population (particularly development and selection of appropriate quantitative measures of family relationship quality), and better identify meaningful leverage points for reentry intervention. This information will assist federal, state, and community policymakers and patrons in understanding what policy and programmatic supports could help to strengthen families and improve reentry outcomes in this population.

Likely Respondents: A small subsample of couples from the MFS-IP impact study sample, which includes 1,991 fathers incarcerated at the time of the baseline survey and 1,481 of their female partners.

Burden Statement: In this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and

verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search

data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The table below shows data collection burden, which remains

unchanged from the data collection burden approved by OMB in our study renewal of August 2012.

Forms	Annualized number of respondents	Number of responses per respondent	Average burden (in hours) per response	Total annualized burden hour
MFS-IP Follow-up Survey—Male (9 & 18 month)	321	1	1.5	481.5
MFS-IP Follow-up Survey—Female (9 & 18 month)	488.3	1	1.5	732.5
MFS-IP Follow-up Survey—Male (34 month and follow-back)	462.7	1	1.5	694
MFS-IP Follow-up Survey—Female (34 month and follow-back)	462.7	1	1.5	694
Totals				2,602

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
