From these sample SSBFL data, estimates of the terms of business loans and farm loans extended are constructed. The aggregate estimates for business loans are published in the Federal Reserve Bank of Kansas City's quarterly release, *Small Business Lending Survey*, and aggregate estimates for farm loans are published in the statistical release, *Agricultural Finance Databook*.

Current actions: On March 1, 2023, the Board published a notice in the **Federal Register** (88 FR 12934) requesting public comment for 60 days on the extension, with revision, of the FR 2028. The Federal Reserve proposed to revise the FR 2028D form and instructions, to be effective for the

September 30, 2023, as of date with the transmission period beginning on October 1, 2023, based on loan activity over the third quarter 2023. The proposed revisions would add clarity in reporting instructions and requirements, improve data quality, and make slight reductions in reporting burden. These changes include removing items related to credit card lending and net drawdowns on lines of credit. A question requesting information on how respondents define small businesses for the purposes of small business lending would be added. Additionally, three questions were modified to add open-ended text fields offering respondents the opportunity to provide additional information on reasons for changes in lending. Minor wording changes are proposed to the form and instructions to add clarity to the survey or address changes to the form. Additionally, minor changes are proposed to the Frequently Asked Questions section to increase clarity of form definitions. The comment period for this notice expired on May 1, 2023. The Board did not receive any comments. The revisions will be implemented as proposed.
