### SUPPLEMENTARY INFORMATION:

#### A. Purpose

The AIA Program actively seeks to commission works from American artists for public buildings. The GSA Form 7437, Art in Architecture Program National Artist Registry, will be used to collect information from artists across the country to participate and to be considered for commissions.

The AIA Program is the result of a policy decision made in January 1963 by GSA Administrator Bernard L. Boudin, who served on the Ad Hoc Committee on Federal Office Space in 1961–1962.

The program has been modified over the years, most recently in 2022, to align with Executive Order (E.O.) 14029 issued on May 14, 2021 “Revocation of Certain Presidential Actions and Technical Amendment,” and to support E.O. 13985 issued January 2021, titled “Advancing Racial Equity and Support for Underserved Communities Through the Federal Government. E.O. 14029 revoked E.O. 13934 issued July 3, 2020, *Building and Rebuilding Monuments to American Heroes*. E.O. 14189 of January 29, 2025 “Celebrating America’s 250th Birthday, revoked E.O. 14129 and reinstates E.O. 13934. As mandated by

E.O. 13934, the AIA program must prioritize the commissioning of artworks that portray historically significant Americans or events of American historical significance, or that illustrate the ideals upon which the Nation was founded. Priority is to be given to public-facing monuments to former Presidents of the United States, and to individuals and events relating to the discovery of America, the founding of the United States, and the abolition of slavery. Such works of art are to be designed to be appreciated by the general public and by those who use and interact with Federal buildings. When an artwork commissioned by GSA is meant to depict a historically significant American, the artwork is required to be a lifelike or realistic representation of that person, not an abstract or modernist representation.

With the implementation of the 2025 policy, the AIA program seeks to commission works from the American artists that “portray historically significant Americans or events of American historical significance or illustrate the ideals upon which our nation was founded.” In support of the AIA program’s goal to commission the most talented contemporary American artists to create works for the nation’s important new civic buildings, it is necessary to identify those artists. The National Artist Registry (Registry) offers the opportunity for artists across the country to participate and to be considered for commissions.
