Notice of Intent To Prepare an Environmental Impact Statement for the Proposed Pacific Solar Investments Inc., Amargosa North Solar Project, Nye County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, as amended, the Bureau of Land Management (BLM) Pahrump, Nevada Field Office intends to prepare an Environmental Impact Statement (EIS) for a right-of-way (ROW) application submitted by Pacific Solar Investments, Inc. for a solar energy generation project. By this notice, the BLM is announcing the beginning of the scoping process to solicit public input on the identification of issues.

DATES: Comments on this Notice of Intent may be submitted in writing until February 12, 2010. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers, and the BLM Web site at: <http://www.blm.gov/nv/st/en/fo/lvfo.html>. In order to be considered by the BLM, comments must be received prior to the close of the scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

ADDRESSES: You may submit comments related to the Proposed Pacific Solar Investments Inc., Amargosa North Solar Project by any of the following methods:

- E-mail: NorthSolar_Proj@blm.gov ;
- Fax: (702) 515-5010 (attention Gregory Helseth);

- *Mail:* Gregory Helseth, BLM Southern Nevada District Office, 4701 North Torrey Pines Drive, Las Vegas, Nevada 89130–2301;

- *In person:* At any EIS public scoping meeting.

Documents pertinent to this proposal may be examined at the BLM Southern Nevada District Office.

FOR FURTHER INFORMATION CONTACT:

Gregory Helseth, Renewable Energy Project Manager, (702) 515–5173; or e-mail *NorthSolar_Proj@blm.gov*. You may also use this contact information to request that your name be added to the project mailing list.

SUPPLEMENTARY INFORMATION: Pacific Solar Investments Inc. has requested a ROW authorization for the construction, operation, maintenance, and termination of a solar energy generation project. The proposed project would consist of solar photovoltaic panels, including an electrical transmission substation and switchyard facilities. The proposed solar energy project would produce approximately 150 megawatts of electricity, and would be located on approximately 7,500 acres of public lands in the Amargosa Valley, Nye County, Nevada.

The purpose of the public scoping process is to ascertain the relevant issues that will influence the scope of the environmental analysis and guide the process for developing the EIS, including the development of alternatives. The BLM has preliminarily identified the following resource issues: Threatened and endangered species, visual resource impacts, recreation impacts, and socioeconomic effects.

The BLM will use and coordinate the NEPA commenting process to satisfy the public involvement requirements of Section 106 of the National Historic Preservation Act (16 U.S.C. 470f), as provided for in 36 CFR 800.2(d)(3). Native American Tribal consultations will be conducted and tribal concerns, including potential impacts on Indian trust assets, will be given due consideration. Federal, state, and local agencies, along with other stakeholders that may be interested in or affected by the BLM's decision on this project, are invited to participate in the scoping process. Federal, state, and local agencies may request or be asked by the BLM to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1501.7.

Patrick Putnam,

Field Manager, Pahrump Field Office.

St. Johns National Wildlife Refuge, Brevard County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), intend to prepare a comprehensive conservation plan (CCP) and associated National Environmental Policy Act (NEPA) documents for St. Johns National Wildlife Refuge (NWR). We provide this notice in compliance with our CCP policy to advise other Federal agencies, State agencies, Tribes, and the public of our intentions, and to obtain suggestions and information on the scope of issues to consider in the planning process.

DATES: To ensure consideration, we must receive your written comments by January 13, 2010.

Special mailings, newspaper articles, and other media announcements will be used to inform the public and State and local government agencies of the opportunities for input throughout the planning process. A public scoping meeting will be held early in the CCP development process. The date, time, and place for the meeting will be announced in the local media and on the refuge's Internet web site as follows: <http://www.fws.gov/merrittisland/subrefuges/SJ.html>.

ADDRESSES: Send comments, questions, and requests for more information to: Mr. Bill Miller, Wildlife Biologist, St. Johns NWR CCP, Merritt Island National Wildlife Refuge Complex, P.O. Box 2683, Titusville, FL 32781.

FOR FURTHER INFORMATION CONTACT: Mr. Bill Miller; telephone: 561/715–0023; fax: 321/861–1276; E-mail: *St.JohnsCCP@fws.gov*.

SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we initiate our process for developing a CCP for St. Johns NWR in Brevard County, Florida. This notice complies with our CCP policy to (1) Advise other Federal and State agencies, Tribes, and the public of our intention to conduct detailed planning on this refuge; and (2) obtain suggestions and information on the scope of issues to consider in the environmental document and during development of the CCP.

Background

The CCP Process

The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act (16 U.S.C. 668dd–668ee), requires us to develop a CCP for each national wildlife refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing to the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Each unit of the National Wildlife Refuge System is established for specific purposes. We use these purposes as the foundation for developing and prioritizing the management goals and objectives for each refuge within the National Wildlife Refuge System, and to determine how the public can use each refuge. The planning process is a way for us and the public to evaluate management goals and objectives for the best possible conservation approach to this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the refuge's establishing purposes and the mission of the National Wildlife Refuge System.

Our CCP process provides participation opportunities for Tribal, State, and local governments; other agencies; organizations; and the public. At this time we encourage input in the form of issues, concerns, ideas, and suggestions for the future management of St. Johns NWR. The refuge's Web site,
