

4. Adjudication—To disclose records in a proceeding before a court or adjudicative body, when: (a) the FCC or any component thereof; or (b) any employee of the FCC in his or her official capacity; or (c) any employee of the FCC in his or her individual capacity; or (d) the United States Government, is a party to litigation or has an interest in such litigation, and by careful review, the FCC determines that the records are both relevant and necessary to the litigation, and that the use of such records is for a purpose that is compatible with the purpose for which the agency collected the records.

5. Law Enforcement and Investigation—To disclose pertinent information to appropriate Federal, State, local, Tribal, international, or multinational agencies, or a component of such an agency, responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, where the FCC becomes aware of an indication of a violation or potential violation of civil or criminal law or regulation.

6. Congressional Inquiries—To provide information to a Congressional office from the record of an individual in response to an inquiry from that Congressional office made at the written request of that individual.

7. Government-wide Program Management and Oversight—To DOJ to obtain that department's advice regarding disclosure obligations under the Freedom of Information Act (FOIA); or to the Office of Management and Budget (OMB) to obtain that office's advice regarding obligations under the Privacy Act.

8. Breach Notification—To appropriate agencies, entities, and persons when: (a) the Commission suspects or has confirmed that there has been a breach of PII maintained in the system of records; (b) the Commission has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals, the Commission (including its information system, programs, and operations), the Federal Government, or national security; and; and (c) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Commission's efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

9. Assistance to Federal Agencies and Entities Related to Breaches—To another Federal agency or Federal entity, when the Commission determines that information from this system is reasonably necessary to assist the recipient agency or entity in: (a)

responding to a suspected or confirmed breach or (b) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, program, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

10. Non-Federal Personnel—To disclose information to non-Federal personnel, including contractors, other vendors (e.g., identity verification services), grantees, and volunteers who have been engaged to assist the FCC in the performance of a contract, service, grant, cooperative agreement, or other activity related to this system of records and who need to have access to the records in order to perform their activity.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

This an electronic system of records that resides on the FCC's network.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records in this system of records can be retrieved by any category field, e.g., individual name, entity name, rulemaking number, and/or docket number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The information in this system is maintained and disposed of in accordance with the National Archives and Records Administration (NARA) General Records Schedule 6.6: Rulemaking Records (DAA-GRS-2017-0012).

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

The electronic records, files, and data are stored in a database housed in the FCC computer network. While comments and other files and records are generally publicly available, access to certain information associated with filings is restricted to authorized employees and contractors; and to IT staff, contractors, and vendors who maintain the IT networks and services. Other employees and contractors may be granted access on a need-to-know basis. The electronic files and records are protected by the FCC privacy safeguards, a comprehensive and dynamic set of IT safety and security protocols and features that are designed to meet all Federal privacy standards, including those required by the Federal Information Security Modernization Act of 2014 (FISMA), the Office of Management and Budget (OMB), and

the National Institute of Standards and Technology (NIST).

RECORD ACCESS PROCEDURES:

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

CONTESTING RECORD PROCEDURES:

Individuals wishing to request access to and/or amendment of records about themselves should follow the Notification Procedure below.

NOTIFICATION PROCEDURES:

Individuals wishing to determine whether this system of records contains information about themselves may do so by writing to privacy@fcc.gov. Individuals requesting access must also comply with the FCC's Privacy Act regulations regarding verification of identity to gain access to records as required under 47 CFR part 0, subpart E.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0715; OMB 3060-1139; FR ID 190754]

Information Collections Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees." The Commission may not

conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before January 18, 2024.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Nicole Ongele, FCC, via email to PRA@fcc.gov and to Nicole.Ongele@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Nicole Ongele at (202) 418–2991. To view a copy of this information collection request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called “Currently Under Review,” (3) click on the downward-pointing arrow in the “Select Agency” box below the “Currently Under Review” heading, (4) select “Federal Communications Commission” from the list of agencies presented in the “Select Agency” box, (5) click the “Submit” button to the right of the “Select Agency” box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have

practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might “further reduce the information collection burden for small business concerns with fewer than 25 employees.”

OMB Control Number: 3060–0715.

Title: Telecommunications Carriers’ Use of Customer Proprietary Network Information and Other Customer Information.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities, and State, Local, or Tribal government.

Number of Respondents and Responses: 2,800 respondents; 94,434,733 responses.

Estimated Time per Response: .002–50 hours.

Frequency of Response: On occasion, annual, and one-time reporting requirements; recordkeeping; and third party disclosure requirements.

Obligation to Respond: Mandatory. Statutory authority for these collections are contained in Section 222 of the Communications Act of 1934, as amended, 47 U.S.C. 222.

Total Annual Burden: 232,691 hours.

Total Annual Cost: \$4,000,000.

Needs and Uses: Section 222 of the Communications Act of 1934, as amended, 47 U.S.C. 222, establishes the duty of telecommunications carriers to protect the confidentiality of its customers’ proprietary information. This Customer Proprietary Network Information (CPNI) includes personally identifiable information derived from a customer’s relationship with a provider of telecommunications services. This information collection implements the statutory obligations of Section 222. These regulations impose safeguards to protect customers’ CPNI against unauthorized access and disclosure. In March 2007, the Commission adopted new rules that focused on the efforts of providers of telecommunications services to prevent pretexting. These rules require providers of telecommunications services to adopt additional privacy safeguards that, the Commission believes, will limit pretexters’ ability to obtain

unauthorized access to the type of personal customer information from carriers that the Commission regulates. In addition, in furtherance of the Telephone Records and Privacy Protection Act of 2006, the Commission’s rules help ensure that law enforcement will have necessary tools to investigate and enforce prohibitions on illegal access to customer records.

OMB Control Number: 3060–1139.

Title: FCC Consumer Broadband Services Testing and Measurement.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Businesses or other for-profit and individuals or households.

Number of Respondents and Responses: 501,020 respondents and 501,020 responses.

Estimated Time per Response: 1 hour–200 hours.

Frequency of Response: Biennial reporting requirement and third-party disclosure requirement.

Obligation to Respond: Voluntary. Statutory authority for this information collection is contained in the Broadband Data Improvement Act of 2008, Public Law 110–385, Stat 4096, 103(c)(1).

Total Annual Burden: 46,667 hours.

Total Annual Cost: No Cost.

Needs and Uses: The Commission will submit this expiring collection after this 60-day comment period to the Office of Management and Budget (OMB) to obtain the full three-year clearance.

This study’s collection of information on actual speeds and performance of fixed and mobile broadband connections delivered to consumers by ISPs has been reported to be of great value to academic researchers, manufacturers and technology providers, broadband providers, public interest groups and other diverse stakeholders. Validation of fixed broadband subscribed speeds as opposed to actual speeds by participating ISPs remains unique to this program and provides a context for measured speeds. Mobile broadband performance information is measured using the FCC Speed Test app for Android and iOS devices to test the upload and download speeds, latency and packet loss, as well as the wireless performance characteristics of the broadband connection and the kind of handsets and versions of operating systems tested. Information the FCC Speed Test App (“Application”) collects is limited to information used to measure volunteers’ mobile broadband service and no personally identifiable information, such as subscribers’ name,

phone number or unique identifiers associated with a device is collected. Software-based tools and online tools exist that can test consumer's broadband connections, including a set of consumer tools launched by the FCC in conjunction with the National Broadband Plan. However, these tools track speeds experienced by consumers, rather than speeds delivered directly to a consumer by an ISP. The distinction is important for supporting Agency broadband policy analysis, as ISPs advertise speeds and performance delivered rather than speeds experienced, which suffers from degradation outside of an ISP's control. No other dedicated panel of direct fixed and mobile broadband performance measurement using publicly documented methodologies using free and add-free technologies exists today in the country. The program will continue to support existing software-based tools and online tools but the focus of the program will remain the direct measurement of broadband performance delivered to the consumer. The collection effort also has specific elements focused on further network performance statistics, time of day parameters, and other elements affecting consumers' broadband experience that are not tracked elsewhere. The information to be confirmed by ISP Partners about their subscribers or technical and market data regarding the broadband services they provide is unavailable from other sources.

FEDERAL MARITIME COMMISSION

[Docket No. 23-14]

D.F. Young, Incorporated, Complainant v. Wallenius Wilhelmsen Logistics, Respondent; Notice of Filing of Complaint and Assignment

Served: December 13, 2023.

Notice is given that a complaint has been filed with the Federal Maritime Commission (the "Commission") by D.F. Young, Incorporated (the "Complainant") against Wallenius Wilhelmsen Logistics (the "Respondent"). Complainant states that the Commission has jurisdiction over the complaint pursuant to 46 U.S.C. 41301, 40904, 41102, and 41104 and 46 CFR 515.42.

Complainant is a corporation organized and existing under the laws of

Pennsylvania with a principal place of business in Berwyn, Pennsylvania and is in the business of providing services as an ocean transportation intermediary and operates as a non-vessel operating common carrier.

Complainant identifies Respondent as a corporation organized and existing under the laws of New York with a principal place of business in Parsippany, New Jersey and as a common carrier of goods by water for hire.

Complainant alleges that Respondent violated 46 U.S.C. 41102 and 46 CFR 515.42 regarding a failure to establish, observe, and enforce just and reasonable practices relating to receiving, handling, storing, and delivering property and a failure to pay compensation when the common carrier's tariff provides for such payment. Complainant alleges these violations arose from a refusal to compensate for freight forwarding services on shipments of automobiles in accordance with the terms of the applicable tariff following demand for such compensation.

An answer to the complaint must be filed with the Commission within 25 days after the date of service.

The full text of the complaint can be found in the Commission's electronic Reading Room at <https://www2.fmc.gov/readingroom/proceeding/23-14/>. This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding judge shall be issued by December 13, 2024, and the final decision of the Commission shall be issued by June 27, 2025.

Alanna Beck,

Federal Register Alternate Liaison Officer, Federal Maritime Commission.
