

implemented by the National Forest System timber sale being extended;

(4) That the National Forest System timber sale contract to be extended is not a sale containing damaged, dead, or dying timber subject to rapid deterioration;

(5) That the National Forest System timber sale contract at issue has not been granted a previous urgent removal extension;

(6) That the revised National Forest System timber sale contract term will not exceed 10 years from the date the National Forest System contract was awarded;

(7) That the National Forest System contract is not in breach, and all work items, payments, and deposits are current; and

(8) That the purchaser has signed and had notarized the following statement:

By submission of this request, I release, waive, and abandon any and all claims against the United States for delay in the processing or denial of this request for an urgent removal extension of my National Forest System timber sale(s), contract number(s) _____, including, but not limited to, all claims for costs, expenses, attorney fees, compensatory damages, and exemplary damages arising out of or related to any non-National Forest System timber sale contract(s) and the National Forest System timber sale(s) contract(s) identified above. Should my request be granted, I release, waive, and abandon any and all claims against the United States due to delay, suspension, modification, or cancellation (in whole or in part) of the extended National Forest System timber sale contract(s), including, but not limited to, all claims for costs, expenses, attorney fees, compensatory damages, and exemplary damages. This liability limitation supersedes any other compensation or liability provisions set forth in the timber sale contract, Federal regulation, or the common law.

(e) *Execution of contract extension.* An urgent removal extension of a National Forest System timber sale contract is executed through a mutual agreement contract modification pursuant to § 223.112, which must include specific contract provisions. An agreement to modify a contract must identify the specific provision(s) of the contract being modified and must include the following terms and conditions:

(1) Purchasers must make cash payment to the Forest Service at the time of modification granting an urgent removal extension in consideration for the additional contract term. Such payment (P) shall be equal to interest on the difference between current contract value (CCV) at the time of the modification and the credit balance of any deposits (D). The interest rate (i)

shall be the prevailing U.S. Department of the Treasury current value of funds rate in effect at time of modification. The time period (t) to be used in the calculation of interest shall be the number of months of contract extension granted. Payments so made shall not be refunded as excess cash deposits. This calculation is expressed by the following formula:

$$P = i(\text{CCV} - D)(t/12)$$

(2) Purchasers must make cash payment to cover the costs of remarking timber on the sale area or reestablishing cutting unit boundaries if the Contracting Officer determines such work is necessary.

(3) For sales subject to stumpage rate adjustment, future adjustment of tentative rates will not result in rates less than the current contract rates at the time of the extension.

(f) *Information collection.* The information required of a purchaser to request an extension of an National Forest System timber sale contract, as outlined in paragraph (c) of this section, to facilitate expeditious removal of timber from non-National Forest System lands constitutes an information collection requirement as defined in 5 CFR Part 1320 and has been assigned Office of Management and Budget control number 0596-0167.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 60, 61, and 63

[FRL-7411-4]

Delegation of Authority to the States of Iowa; Kansas; Missouri; Nebraska; Lincoln-Lancaster County, Nebraska; and City of Omaha, Nebraska, for New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP); and Maximum Achievable Control Technology (MACT) Sources

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of delegation of authority.

SUMMARY: The states of Iowa, Kansas, Missouri, Nebraska, and the local agencies of Lincoln-Lancaster County, Nebraska, and city of Omaha, Nebraska, have submitted updated regulations for

delegation of EPA authority for implementation and enforcement of NSPS, NESHAP, and MACT. The submissions cover new EPA standards and, in some instances, revisions to standards previously delegated. EPA's review of the pertinent regulations shows that they contain adequate and effective procedures for the implementation and enforcement of these Federal standards. This action informs the public of delegations to the above-mentioned agencies.

DATES: This rule is effective on December 23, 2002. The dates of delegation can be found in the **SUPPLEMENTARY INFORMATION** section of this document.

ADDRESSES: Copies of the documents relevant to this action are available for public inspection during normal business hours at the Environmental Protection Agency, Air Planning and Development Branch, 901 N 5th Street, Kansas City, Kansas 66101.

Effective immediately, all notifications, applications, reports, and other correspondence required pursuant to the newly delegated standards and revisions identified in this document should be submitted to the Region 7 office, and, with respect to sources located in the jurisdictions identified in this document, to the following addresses:

Iowa Department of Natural Resources, Air Quality Bureau, 7900 Hickman Road, Urbandale, Iowa 50322.

Kansas Department of Health and Environment, Bureau of Air and Radiation, 1000 SW., Jackson, Suite 310, Topeka, Kansas 66612.

Missouri Department of Natural Resources, Air Pollution Control Program, Jefferson State Office Building, P.O. Box 176, Jefferson City, Missouri 65102.

Nebraska Department of Environmental Quality, Air and Waste Management Division, P.O. Box 98922, Statehouse Station, Lincoln, Nebraska 68509.

Lincoln-Lancaster County Division of Environmental Health, Air Pollution Control Agency, 3140 "N" Street, Lincoln, Nebraska 68510.

City of Omaha, Public Works Department, Air Quality Control Division, 5600 South 10th Street, Omaha, Nebraska 68107.

FOR FURTHER INFORMATION CONTACT: Wayne Kaiser, Environmental Protection Agency, Air Planning and Development Branch, 901 North 5th Street, Kansas City, Kansas 66101, (913) 551-7603.

SUPPLEMENTARY INFORMATION: The supplementary information is organized in the following order:

List of Delegation Tables

Table I—NSPS, 40 CFR part 60
 Table II—NESHAPS, 40 CFR part 61
 Table III—NESHAPS, 40 CFR part 63

What Does This Action Do?

The EPA is providing notice that it has delegated authority for implementation and enforcement of the Federal standards shown in the tables below to the state and local air agencies in Region 7. This rule updates the delegation tables previously published at 66 FR 50110 (October 2, 2001). The EPA has established procedures by which these agencies are automatically delegated the authority to implement the standards when they adopt regulations which are identical to the Federal standards. We then periodically provide notice of the new and revised standards for which delegation has been given.

What Is the Authority for Delegation?

1. Section 111(c)(1) of the Clean Air Act (CAA) authorizes EPA to delegate authority to any state agency which submits adequate regulatory procedures for implementation and enforcement of

the NSPS program. The NSPS standards are codified at 40 CFR part 60.

2. Section 112(l) of the CAA and 40 CFR part 63, subpart E, authorizes the EPA to delegate authority to any state or local agency which submits adequate regulatory procedures for implementation and enforcement of emission standards for hazardous air pollutants. The hazardous air pollutant standards are codified at 40 CFR parts 61 and 63, respectively.

What Does Delegation Accomplish?

Delegation confers primary responsibility for implementation and enforcement of the listed standards to the respective state and local air agencies. However, EPA also retains the authority to enforce the standards if it so desires.

What Has Been Delegated?

Tables I, II, and III below list the delegated standards. The first date in each block is the reference date to the CFR contained in the state rule. In general, the state or local agency has adopted the applicable standard through this date as noted in the table. The second date is the most recent effective date of the state agency rule for which the EPA has granted the delegation.

What Has Not Been Delegated?

1. The EPA regulations effective after the first date specified in each block have not been delegated, and authority for implementation of these regulations is retained solely by EPA.

2. In some cases, the standards themselves specify that specific provisions cannot be delegated. You should review the applicable standard for this information.

3. In some cases, the agency rules do not adopt the Federal standard in its entirety. Each agency rule (available from the respective agency) should be consulted for specific information.

4. In some cases, existing delegation agreements between the EPA and the agencies limit the scope of the delegated standards. Copies of delegation agreements are available from the state agencies, or from this office.

5. With respect to 40 CFR part 63, subpart A, General Provisions (see Table III), the EPA has determined that sections 63.6(g), 63.6(h)(9), 63.7(e)(2)(ii) and (f), 63.8(f), and 63.10(f) cannot be delegated. Additional information is contained in an EPA memorandum titled "Delegation of 40 CFR Part 63 General Provisions Authorities to State and Local Air Pollution Control Agencies" from John Seitz, Director, Office of Air Quality Planning and Standards, dated July 10, 1998.
