SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59213; File No. SR-CBOE-2008-134]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Temporary Membership Status and Interim Trading Permit Access Fees

January 7, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on December 31, 2008, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been

prepared by the CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to adjust (i) the monthly access fee for persons granted temporary CBOE membership status ("Temporary Members") pursuant to Interpretation and Policy .02 under CBOE Rule 3.19 ("Rule 3.19.02") and (ii) the monthly access fee for Interim Trading Permit ("ITP") holders under CBOE Rule 3.27. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**1. Purpose**

The current access fee for Temporary Members under Rule 3.19.02² and the current access fee for ITP holders under Rule 3.27³ are both \$9,500 per month. Both access fees are currently set at the indicative lease rate (as defined below) for December 2008. The Exchange proposes to adjust both access fees effective at the beginning of January 2009 to be equal to the indicative lease rate for January 2009 (which is \$10,175). Specifically, the Exchange proposes to revise both the Temporary Member access fee and the ITP access fee to be \$10,175 per month commencing on January 1, 2009.

² See Securities Exchange Act Release No. 56458 (September 18, 2007), 72 FR 54309 (September 24, 2007) (SR-CBOE-2007-107) for a description of the Temporary Membership status under Rule 3.19.02.

³ See Securities Exchange Act Release No. 58178 (July 17, 2008), 73 FR 42634 (July 22, 2008) (SR-CBOE-2008-40) for a description of the Interim Trading Permits under Rule 3.27.

¹ 15 U.S.C. 78s(b)(1).

The indicative lease rate is defined under Rule 3.27(b) as the highest clearing firm floating monthly rate⁴ of the CBOE Clearing Members that assist in facilitating at least 10% of the CBOE transferable membership leases.⁵ The Exchange determined the indicative lease rate for January 2009 by polling each of these Clearing Members and obtaining the clearing firm floating monthly rate designated by each of these Clearing Members for that month.

The Exchange used the same process to set the proposed Temporary Member and ITP access fees that it used to set the current Temporary Member and ITP access fees. The only difference is that the Exchange used clearing firm floating monthly rate information for the month of January 2009 to set the proposed access fees (instead of clearing firm floating monthly rate information for the month of December 2008 as was used to set the current access fees) in order to take into account changes in clearing firm floating monthly rates for the month of January 2009.

The Exchange believes that the process used to set the proposed Temporary Member access fee and the proposed Temporary Member access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-12 with respect to the original Temporary Member access fee.⁶ Similarly, the Exchange believes that the process used to set the proposed ITP access fee and the proposed ITP access fee itself are appropriate for the same reasons set forth in CBOE rule filing SR-CBOE-2008-77 with respect to the original ITP access fee.⁷

Each of the proposed access fees will remain in effect until such time either

that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated.

Accordingly, the Exchange may, and likely will, further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so taking into consideration lease rates for transferable CBOE memberships prevailing at that time.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(4) of the Act,¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and subparagraph (f)(2) of Rule 19b-4¹² thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors,

or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-CBOE-2008-134 and should be submitted on or before February 5, 2009.

⁴ Rule 3.27(b) defines the clearing firm floating monthly rate as the floating monthly rate that a Clearing Member designates, in connection with transferable membership leases that the Clearing Member assisted in facilitating, for leases that utilize that monthly rate.

⁵ The concepts of an indicative lease rate and of a clearing firm floating month rate were previously utilized in the CBOE rule filings that set and adjusted the Temporary Member access fee. Both concepts are also codified in Rule 3.27(b) in relation to ITPs.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59219; File No. SR-NASDAQ-2008-099]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Temporary Suspension of the Continued Listing Requirements Related to Bid Price and Market Value of Publicly Held Shares for Listing on the Nasdaq Stock Market Through April 19, 2009

January 8, 2009.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934 (the "Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on December 18, 2008, The NASDAQ Stock Market LLC ("Nasdaq") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to extend the temporary suspension of the application of the continued inclusion bid price and market value of publicly held shares requirements for listing on the Nasdaq Stock Market through April 19, 2009.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B,

and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On October 16, 2008, Nasdaq filed a proposed rule change, which was immediately effective, to temporarily suspend the bid price ⁴ and market value of publicly held shares ⁵ continued listing requirements otherwise applicable to issuers of common stock, preferred stock, secondary classes of common stock, shares or certificates of beneficial interest of trusts, limited partnership interests, American Depositary Receipts, and their equivalents. ⁶ This suspension is currently scheduled to last until January 16, 2009, to provide temporary relief to companies from the application of these requirements during a period in which the financial markets face almost unprecedented turmoil, resulting in a crisis in investor confidence and concerns about the proper functioning of the securities markets. ⁷

⁴ Nasdaq's continued listing requirements relating to bid price are set forth in Rules 4310(c)(4), 4320(e)(2)(E)(ii), 4450(a)(5), 4450(b)(4), and 4450(h)(3) and the related compliance periods are set forth in Rules 4310(c)(8)(D), 4320(e)(2)(E)(ii), and 4450(e)(2). Under these rules, a security is considered deficient if it fails to achieve at least a \$1 closing bid price for a period of 30 consecutive business days. Once deficient, Capital Market issuers are provided one automatic 180-day period to regain compliance. Thereafter, these issuers can receive an additional 180-day compliance period if they comply with all Capital Market initial inclusion requirements except bid price. Global Market issuers are also provided one automatic 180-day period to regain compliance, after which they can transfer to the Capital Market, if they comply with all Capital Market initial inclusion requirements except bid price, to take advantage of the second 180-day compliance period. A company can regain compliance by achieving a \$1 closing bid price for a minimum of ten consecutive business days.

⁵ Nasdaq's continued listing requirements relating to market value of publicly held shares are set forth in Rules 4310(c)(7), 4320(e)(5), 4450(a)(2), 4450(b)(3) and 4450(h)(2) and the related compliance periods are set forth in Rules 4310(c)(8)(B) and 4450(e)(1). Under these rules, a security is considered deficient if it fails to achieve the minimum market value of publicly held shares requirement for a period of 30 consecutive business days. Thereafter, companies have a compliance period of 90 calendar days to achieve compliance by meeting the applicable standard for a minimum of ten consecutive business days.

⁶ Securities Exchange Act Release No. 58809 (October 17, 2008), 73 FR 63222 (October 23, 2008) (SR-NASDAQ-2008-082). One comment was submitted on this proposal by Alan F. Eisenberg, Executive Vice President, the Biotechnology Industry Organization. This comment supported the suspension and "any efforts by the Commission and NASDAQ to extend [the suspension], as necessary, beyond the termination date of January 16, 2009."

⁷ See, e.g., Securities Exchange Act Release No. 58588 (September 18, 2008), 73 FR 55174

Market conditions have not improved since the suspension began and, in fact, both the number of securities trading below \$1 and the number of securities trading between \$1 and \$2 on Nasdaq has increased. Nasdaq continues to believe that there was no fundamental change in the underlying business model or prospects for many of these companies, and that a decline in general investor confidence has resulted in depressed pricing for companies that otherwise remain suitable for continued listing. These same conditions continue to make it difficult for companies to successfully implement a plan to regain compliance with the price or market value of publicly held shares tests.

Given these extraordinary market conditions, Nasdaq has determined that it is appropriate to continue the temporary suspension of the bid price and market value of publicly held shares requirements for an additional three months, until April 19, 2009. Under this proposal, companies would not be cited for new bid price or market value of publicly held shares deficiencies during the suspension period, and the time allowed to companies already in a compliance period or in the hearings process for bid price or market value of publicly held shares deficiencies would remain suspended with respect to those requirements. ⁸ Following the temporary suspension, any new deficiencies with the bid price or market value of publicly held shares requirements would be determined using data starting on April 20, 2009. ⁹ When the suspension expires, companies that were in a compliance period as of October 16, 2008, when the suspension first began, would receive the balance of any pending compliance

(September 24, 2008) ("The Commission is aware of the continued potential of sudden and excessive fluctuations of securities prices and disruption in the functioning of the securities markets that could threaten fair and orderly markets. Given the importance of confidence in our financial markets as a whole, we have also become concerned about sudden and unexplained declines in the prices of securities. Such price declines can give rise to questions about the underlying financial condition of an issuer, which in turn can create a crisis of confidence without a fundamental underlying basis. This crisis of confidence can impair the liquidity and ultimate viability of an issuer, with potentially broad market consequences.").

⁸ Nasdaq would continue to identify on its Web site and in its daily data feed to vendors those companies in a compliance period or in the hearings process as not satisfying the continued listing standards, unless the company regains compliance during the suspension. A company would continue to be subject to delisting for failure to comply with other listing requirements.

⁹ Nasdaq would not consider the bid price or market value of publicly held shares for the period before or during the suspension with respect to a company that was not yet non-compliant with those requirements at the start of the suspension.
