

to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 C.F.R. Part 351 (2001).

Background

On July 2, 2001, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on SSSS from Italy. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 66 FR 34910 (July 2, 2001). On July 31, 2001, domestic industry parties from the original investigation ("petitioners"), ThyssenKrupp Acciai Speciali Terni S.p.A. ("TKAST")¹, a producer and exporter of subject merchandise, and ThyssenKrupp AST USA, Inc. ("TKAST USA"), requested that the Department conduct an administrative review of the antidumping duty order. On August 20, 2001, the Department initiated an administrative review of the antidumping duty order on SSSS from Italy with regard to TKAST. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 66 FR 43570 (August 20, 2001). On March 5, 2002, the Department extended the time limit for the preliminary results of this administrative review by 90 days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 9960 (March 5, 2002). On May 13, 2002, we again extended the preliminary results of administrative review, this time by 25 days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 32015 (May 13, 2002). On July 26, 2002, the Department extended the time limit for the preliminary results in this administrative review another five days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 50421 (August 2, 2002).

¹ On January 18, 2002 Acciai Speciali Terni S.p.A.'s shareholders voted to change the company's name to ThyssenKrupp Acciai Speciali Terni S.p.A. On February 27, 2002, Acciai Speciali Terni USA, Inc. became ThyssenKrupp AST USA, Inc. Throughout most of the responses, the companies refer to themselves as TKAST and TKAST USA, respectively.

On August 7, 2002 we issued our preliminary results of administrative review. *See Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 51224 (August 7, 2002). The final results of administrative review are currently due December 5, 2002.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by 60 days. Completion of the final results of this review within the 120-day period is not practicable for the following reasons:

- The review involves a large number of transactions and complex adjustments.
- The review includes complex sales and cost issues which require the Department to analyze a significant amount of information pertaining to sales practices, manufacturing costs and corporate relationships.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the final results of review by 40 days until January 14, 2003.

Dated: December 3, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Department of Agriculture—Albany, CA; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 02-039.

Applicant: U.S. Department of Agriculture, Albany, CA 94710.

Instrument: Automated Robotic Colony Picking and Replicating System, Model QPIxII.

Manufacturer: Genetix Limited, United Kingdom.

Intended Use: See notice at 67 FR 58355, September 16, 2002.

Comments: None received.

Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States.

Reasons: The foreign instrument provides a high performance robotic system for automated microbial colony picking and replicating on the basis of various features with additional capabilities of halo recognition and rearranging selected clones from one microplate to another. The National Institutes of Health advised in its memorandum of September 11, 2002, that (1) this capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

Pennsylvania State University; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 02-040.

Applicant: Pennsylvania State University, University Park, PA 16802. *Instrument:* Optical Image Furnace and Accessories, Model SC1-MDH-20020.

Manufacturer: NEC Machinery Corporation, Japan.

Intended Use: See notice at 67 FR 58355, September 16, 2002.

Comments: None received.

Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States.

Reasons: The foreign instrument provides a dual mirror image furnace with a homogeneous temperature gradient around the horizontal plane with a simultaneous steeper temperature gradient along the vertical portion for growth of various crystals. The National Aeronautics and Space Administration advised May 8, 2002, that (1) This capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use (comparable case).

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 120402A]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of application for scientific research permit (1408) and request for comment.

SUMMARY: Notice is hereby given that NMFS has received an application for scientific research from California Department of Water Resources (CDWR) in Sacramento, CA (1408). This permit would affect three Evolutionarily Significant Units (ESUs) of salmonids identified in the **SUPPLEMENTARY INFORMATION** section below. This document serves to notify the public of the availability of the permit application for review and comment.

DATES: Written comments on the permit application must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific Standard Time on January 9, 2003.

ADDRESSES: Written comments on this request should be sent to the appropriate office as indicated below. Comments may also be sent via fax to the number indicated for the request. Comments will not be accepted if submitted via e-mail or the Internet. The

applications and related documents are available for review, by appointment, for permit 1408: Protected Resources Division, NMFS, 650 Capitol Mall, Suite 8-300, Sacramento, CA 95814 (ph: 916-930-3600; fax: 916-930-3629).

Documents may also be reviewed by appointment in the Office of Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910 3226 (301-713-1401).

FOR FURTHER INFORMATION CONTACT:

Rosalie del Rosario at phone number 916-930-3600, or e-mail:

Rosalie.delRosario@noaa.gov.

SUPPLEMENTARY INFORMATION:

Authority

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531 1543) (ESA), is based on a finding that such permits/modifications: (1) are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222 226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such a hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

Species Covered in This Notice

This notice is relevant to 3 federally listed salmonid ESUs: endangered Sacramento River Winter-run Chinook salmon (*Oncorhynchus tshawytscha*), threatened Central Valley Spring-run Chinook salmon (*O. tshawytscha*), and threatened Central Valley steelhead (*O. mykiss*).

New Applications Received

CDWR requests a 2-year permit for incidental take of adult endangered Sacramento River Winter-run Chinook salmon, threatened Central Valley Spring-run Chinook salmon and threatened Central Valley steelhead in the mainstem of the Sacramento River.

The purpose of the study is to provide information on swimming performance and behavior of white sturgeon to assist the construction and operation of sturgeon passage structures that will be applicable to proposed North Delta Through Delta Facilities.

Dated: December 4, 2002.

Margaret Lorenz,

Acting Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

National Oceanic and Atmospheric Administration

[I.D. 120402B]

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of modification to permit 1044 to the Southwest Fisheries Science Center (SWFSC) in Santa Cruz, CA.

SUMMARY: Notice is given that NMFS has issued a modification to permit 1044 to SWFSC that authorizes takes of threatened Endangered Species Act (ESA) listed anadromous fish species for research purposes subject to certain conditions set forth therein.

ADDRESSES: The applications and related documents are available for review in the following offices, by appointment:

Protected Resources Division, NMFS, 777 Sonoma Avenue, Room 325, Santa Rosa, CA 95404-6528.

FOR FURTHER INFORMATION CONTACT: For permit 1044: Diana Hines, Protected Resources Division, NMFS, Santa Rosa, CA (707) 575-6057, or e-mail: *diana.hines@noaa.gov*.

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

The following species and evolutionarily significant units are covered in this notice: Central California Coast steelhead (*Oncorhynchus mykiss*).

Issuance of this permit, as required by the ESA, was based on a finding that such modification was: (1) applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permit; and (3) is consistent with the purposes and policies set forth in section 2 of the
