Strengthening and Expanding HIV/AIDS Surveillance, Prevention, Care and Support Services Targeting Vulnerable Populations in Ho Chi Minh City, Vietnam; Notice of Intent to Fund Single Eligibility Award**A. Purpose**

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to strengthen and expand HIV/AIDS surveillance, prevention, care and support services targeting vulnerable populations in Ho Chi Minh City (HCMC), Vietnam. The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to the HCMC Provincial AIDS Committee (HCMC PAC).

The award specifically aims to use existing capacity through the HCMC PAC to strengthen and expand HIV/AIDS surveillance, prevention, care and support activities in high prevalence districts of HCMC. Currently, the HCMC PAC is the single entity designated by the HCMC People's Committee to conduct this specific set of activities supportive of the CDC GAP. In addition,

(1) The HCMC PAC is uniquely positioned, in terms of legal authority and credibility among Vietnamese health institutions, to implement HIV/AIDS surveillance, prevention, care and support activities in HCMC.

(2) the HCMC PAC already has established mechanisms to access HIV/AIDS, TB, STD and other public health information, enabling it to immediately become engaged in the activities listed in this announcement.

(3) the purpose of this announcement is to build upon the existing framework of health information and activities that the HCMC PAC itself has collected or initiated.

(4) the HCMC PAC is multi-sectoral organization, whose membership includes the HCMC People's Committee, Provincial Health Services, Preventive Medicine Center, Ministry of Labor, War Invalids and Social Affairs (MOLISA), Department of Labor, War Invalids and Social Affairs (DOLISA), the Police Department, the Youth Union, the Women's Union, and other governmental and non-governmental organizations and can effectively coordinate and implement HIV/AIDS surveillance, prevention, care and support activities throughout HCMC.

C. Funding

Approximately \$350,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period within a project period of up to 5 years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-2700.

Assessment of Youth Interventions in Asembo and Gem, Nyanza Province, Kenya; Notice of Intent To Fund Single Eligibility Award**A. Purpose**

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to provide a model program for pilot youth interventions in Asembo and Gem, Nyanza Province, Kenya, and for assessment of the impact of these interventions.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to the Institute of Tropical Medicine (ITM), Antwerp, Belgium.

The ITM has a long history of research and effective interventions, in rural Africa, in the areas of HIV/AIDS and other STD. ITM was the first organization to document the extremely high rates of HIV infection in young people in Nyanza province. As a result of this study, ITM established a pilot intervention program, in Asembo, in 2002 to assess in more detail the risk factors in young people, to develop pilot interventions to reduce this risk, and to study the impact of these interventions. ITM is already established in Asembo and enjoys the respect and support of the local community, and studies are currently underway to assess the Parents Matter curriculum. There is no other organization in Asembo and Gem, somewhat remote areas, with the capacity to implement this complex program.

C. Funding

Approximately \$2,000,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or

before September 1, 2004 and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For technical questions about this program, contact: Elizabeth Marum, PhD., Project Officer, Global Aids Program [GAP], Kenya Country Team, National Center for HIV, STD and TB Prevention, Centers for Disease Control and Prevention [CDC], PO Box 606 Village Market, Nairobi, Kenya, Telephone: 256-20-271-3008, E-mail: emarum@cdcnairobi.mimcom.net.

Dated: July 16, 2004.

Promoting Extensive Implementation of Quality Prevention of Mother to Child Transmission (PMTCT) Activities in the Republic of Uganda; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to: support the expansion of quality PMTCT program coverage throughout Uganda; conduct PMTCT training; identify gaps in the current national PMTCT program; and develop strategies to fill those gaps and to carry out other PMTCT promotion, policy and quality assurance activities. The overall aim of this program is to promote wide implementation of quality PMTCT programs throughout Uganda.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will only be provided to Protecting Families Against AIDS

(PREFA). No other applications are solicited. PREFA is the only application being solicited because:

1. CDC Uganda was tasked by President Bush's PMTCT Initiative Workstream in fiscal year 2003 with supporting the establishment of a Ugandan NGO focusing on PMTCT. This is a continuation of this activity.

2. None of the other current stakeholders in PMTCT provision has PMTCT as its core activity and all are already overwhelmed with other HIV/AIDS activities.

3. PREFA is the only national NGO specifically supporting Uganda's efforts to provide comprehensive HIV/AIDS prevention, care, treatment and support to families with emphasis on reducing MTCT.

C. Funding

Approximately \$520,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-2700.

For program technical assistance, contact: Jonathan Mermin, MD, MPH, Global AIDS Program [GAP], Uganda Country Team, National Center for HIV, STD and TB Prevention, Centers for Disease Control and Prevention [CDC], P.O. Box 49, Entebbe, Uganda. Telephone: +256-41320776. E-mail: jhm@cdc.gov.

For financial, grants management, or budget assistance, contact: Shirley Wynn, Contract Specialist, Procurement and Grants Office, Centers for Disease Control and Prevention, 2920 Brandywine Road, Atlanta, GA 30341-4146. Telephone: 770-488-1515. E-mail address: zbx6@cdc.gov.

Dated: July 16, 2004.

William P. Nichols,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

[Program Announcement 04270]

Capacity Building in the Implementation of a Comprehensive Program To Prevent Mother to Child HIV Transmission at University of Nairobi Teaching Hospitals; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to facilitate the implementation of a comprehensive prevention of mother to child transmission program (PMTCT) at the Kenyatta National Hospital and Pumwani Maternity Hospital (the two largest maternity units in Kenya and the clinical teaching settings for the University of Nairobi's Department of Obstetrics and Gynecology). The program will also integrate PMTCT training into the existing curricula of different cadres of health service providers (nurse-midwives, clinical officers and undergraduate and postgraduate doctors) being trained by the medical school.

The Catalog of Federal Domestic Assistance number for this program is 93.941.

B. Eligible Applicant

Assistance will be provided only to the University of Nairobi. No other applications are solicited.

The University of Nairobi Medical School is the only institution that can provide technical assistance and capacity building to the two teaching hospitals to implement the PMTCT program due to its special relationship with the two institutions. The Kenyatta National Referral Hospital serves as the teaching hospital for the University of Nairobi and sets the standards for medical care within the country. Historically, for the purpose of training, the University of Nairobi Medical School has also established strong links with the Pumwani Maternity Hospital (PMH). Kenyatta National Hospital and Pumwani Maternity Hospital cannot run without University of Nairobi staff. The University deploys obstetricians, residents and nurse midwives to Pumwani Maternity Hospital and has recently assisted the maternity in implementing a PMTCT program. Pumwani is the largest maternity hospital, not only in Kenya but also in
