Furfuryl Alcohol From the People's Republic of China: Final Results of Expedited Fifth Sunset Review of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on furfuryl alcohol from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the dumping margins identified in the "Final Results of Review" section of this notice.

DATES: Applicable November 2, 2022.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2022, Commerce published the notice of initiation of the fifth sunset review of the *Order*,¹ pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On July 11, 2022, Penn A Kem, LLC (PennAKem), a domestic interested party (formerly known as Penn Specialty Chemicals, Inc. and Great Lakes Chemical, the former petitioner in the underlying investigation), timely notified Commerce of its intent to participate within the deadline specified in 19 CFR 351.218(d)(1)(i).³ On August 1, 2022, Commerce received a complete substantive response from PennAKem within the 30-day period specified in 19

CFR 351.218(d)(3)(i).⁴ Commerce received no substantive responses from respondent interested parties. Based on the notice of intent to participate and adequate response filed by PennAKem, and the lack of response from any respondent interested party, Commerce conducted an expedited sunset review of the *Order*, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2).

Scope of the Order

The merchandise covered by this order is furfuryl alcohol (C₄H₃OCH₂OH). Furfuryl alcohol is a primary alcohol, and is colorless or pale yellow in appearance. It is used in the manufacture of resins and as a wetting agent and solvent for coating resins, nitrocellulose, cellulose acetate, and other soluble dyes. The product subject to this order is classifiable under subheadings 2932.13.00 and 3824.99.9397 of the Harmonized Tariff Schedule of the United States (HTSUS).

Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope is dispositive.

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review is provided in the accompanying Issues and Decision Memorandum.⁵ The issues discussed in the Issues and Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if the *Order* were revoked.
