

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.

v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

vi. Provide specific examples to illustrate your concerns and suggest alternatives.

vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

viii. Make sure to submit your comments by the comment period deadline identified.

II. Background

What Action is the Agency Taking?

EPA requests public comment during the next 60 days on a petition received from the NRDC requesting that the Agency cancel all pet collar uses for the pesticide propoxur. NRDC submitted a petition dated November 26, 2007 as a public comment to the Revised N-methyl Carbamate Cumulative Risk Assessment docket (available under docket ID number EPA-HQ-OPP-2007-0935). NRDC claims that the NMC CRA underestimates exposure to propoxur from pet collar uses, that there are effective alternatives to this use, and therefore, EPA should cancel all pet collar uses for propoxur. NRDC states that exposure levels from pet collars for household children may be significantly higher than EPA estimates through common daily activities and intimate contact between children and pets. NRDC cites specific revised hand-to-mouth exposure parameters and claims that these revisions to the NMC CRA non-dietary exposure assessment are biased towards reducing the exposure estimate, making it appear that the pet collar uses do not exceed the Agency's level of concern.

EPA's 1997 Reregistration Eligibility Decision (RED) for Propoxur is available on EPA's pesticide webpage at <http://www.epa.gov/pesticides/reregistration/status.htm>. The 2007 NMC CRA, related documents, and comments are available in the electronic docket at <http://www.regulations.gov/> and can be found under the docket number provided in the paragraph above.

List of Subjects

Environmental protection, Natural Resources Defense Council, pesticides and pests, propoxur.

Dated: March 25, 2009.

Richard P. Keigwin, Jr.,
Director, Special Review and Reregistration Division, Office of Pesticide Programs.
