Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: In April 2014, the Board instituted a proceeding in Docket No. EP 722 and invited interested persons to comment on the Board's methodology for determining revenue adequacy, the revenue adequacy component for judging the reasonableness of rail freight rates, and what, if any, changes the Board should consider. *See R.R. Revenue Adequacy*, EP 722 et al., slip op. at 4 (STB served Apr. 2, 2014). The Board held a public hearing on those issues in 2015.²

In January 2018, the Board established its RRTF with the objectives of developing recommendations to reform and streamline the Board's rate review process for large cases, and determining how to best provide a rate review process for smaller cases. After holding informal meetings throughout 2018, the RRTF issued a report on April 25, 2019 (RRTF Report).³ The RRTF Report recommended, among other things, that the Board consider policy changes regarding revenue adequacy. RRTF Report 12-13, 32-42.

The Board will hold a public hearing on December 12, 2019, and invites interested persons to provide input on the RRTF's recommendations regarding revenue adequacy.⁴ All hearing participants are required to submit written testimony by November 26,

² The Board subsequently clarified that informal discussions between the agency and stakeholders are permitted in the proceeding. *See R.R. Revenue Adequacy*, EP 722, slip op. at 1-2 (STB served Mar. 28, 2018).

³ The RRTF Report was posted on the Board's website on April 29, 2019, and can be accessed at https://www.stb.gov/stb/rail/Rate_Reform_Task_Force_Report.pdf.

⁴ Under 49 U.S.C. 10701(d)(2), when determining whether a rate is reasonable, the Board is directed to give due consideration to three factors, recognizing the policy that "rail carriers shall earn adequate revenues." The Board is required to "annually determine which rail carriers are earning adequate revenues." 49 U.S.C. 10704(a)(3); *see, e.g., R.R. Revenue Adequacy—2017 Determination*, EP 552 (Sub-No. 22) (STB served Dec. 21, 2018). This annual determination is distinct from long-term revenue adequacy, which "calls for a company, over time, to average return on investment equal to its cost of capital." *Coal Rate Guidelines, Nationwide*, 1 L.C.C.2d 520, 536 (1985).

2019. Written submissions by interested persons who will not appear at the hearing should also be filed by November 26, 2019. All participants and interested persons are asked to address the following RRTF recommendations in their written testimony or submissions and at the hearing:

- Definition of long-term revenue adequacy: The RRTF recommended determining long-term revenue adequacy by looking at the annual determinations over “the shortest period of time, not less than five years, that includes both a year in which a recession began and a year that follows a year in which a recession began.” RRTF Report 13, 33.

- Rate increase constraint: The RRTF recommended considering a rate increase constraint for long-term revenue-adequate carriers, which would identify a point beyond which further application of differential pricing would be unwarranted. *See* RRTF Report 13, 36–39.

- Bottleneck changes: The RRTF recommended considering suspension of the Board’s *Bottleneck*⁵ protections as applied to long-term revenue-adequate carriers. *See* RRTF Report 13, 39–41.

- Simplified Stand-Alone Cost (Simplified-SAC) changes: For purposes of considering whether a long-term revenue-adequate carrier’s rate is reasonable under Simplified-SAC, the RRTF recommended reinstating the simplification of the Road Property Investment analysis. *See* RRTF Report 13, 41–42, & app. B.

Board Releases and Transcript Availability: Decisions and notices of the Board, including this notice, are available on the Board’s website at www.stb.gov. The Board will issue a separate notice containing instructions for attendance at the hearing and the schedule of appearances. *Please note that streaming and recording systems will not be available for this hearing.* As soon as a transcript is available, it will be posted on the Board’s website.
