

helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2023–24 National Postsecondary Student Aid Study (NPSAS:24) Field Test—Institution Contacting and List Collection.

OMB Control Number: 1850–0666.

Type of Review: Revision of a currently approved information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 505.

Total Estimated Number of Annual Burden Hours: 1,232.

Abstract: This request is to conduct the 2023–24 National Postsecondary Student Aid Study Institution Contacting and List Collection Field Test (NPSAS:24 FT). This study is being conducted by the National Center for Education Statistics (NCES), within the Institute of Education Sciences (IES), part of the U.S. Department of Education. This submission covers materials and procedures related to institution sampling, enrollment list collection, and matching to administrative data files as part of the NPSAS:24 FT data collection, and includes details about the full-scale institution sampling and enrollment list data collection. NCES will submit a separate clearance package covering the student FT data collection, including the student record data abstraction and student surveys, in the summer of 2022. The materials and procedures for NPSAS:24 are based on those developed for previous institution-based data collections, including the 2019–20 National Postsecondary Student Aid Study (NPSAS:20) [OMB #1850–0666 v. 23], and the 2017–18 National Postsecondary Student Aid Study Administrative Collection (NPSAS:18–

AC) [1850–0666 v.21]. The first NPSAS was implemented by NCES during the 1986–87 academic year to meet the need for national data about significant financial aid issues. Since 1987, NPSAS has been fielded every 2 to 4 years, most recently during the 2019–20 academic year (NPSAS:20). NPSAS:24 will be nationally-representative. The NPSAS:24 field test sample size will be 6,000 students, and the full-scale sample will include 137,000 nationally representative undergraduate and 25,000 nationally representative graduate students who will be asked to complete a survey and for whom we will collect student records and administrative data. If the full-scale budget allows, we will include state-representative sampling for the full-scale collection, and provide the budget for a state-representative sampling plan in the 30-day full-scale package, planned for 2023. Also, if exercised, NPSAS:24 will serve as the base year for the 2024 cohort of the Baccalaureate and Beyond (B&B) Longitudinal Study and will include a nationally representative sample of students who will complete requirements for the bachelor's degree during the NPSAS year (*i.e.*, completed at some point between July 1, 2022 and June 30, 2023 for the field test and July 1, 2023 to June 30, 2024 for the full-scale). Subsets of questions in the student survey will focus on describing aspects of the experience of students in their last year of postsecondary education, including student debt and education experiences. This submission is designed to adequately justify the need for and overall practical utility of the full study, presenting the overarching plan for all of the phases of the institution sampling and enrollment list data collection and providing as much detail about the measures to be used as is available at the time of this submission. As part of this submission, NCES is publishing a notice in the **Federal Register** allowing first a 60- and then a 30-day public comment period. Field test materials, procedures, and results will inform the full-scale study. After completion of this field test, NCES will publish a notice in the **Federal Register** allowing additional 30-day public comment period on the final details of the NPSAS:24 full-scale institution sampling and enrollment list study.

Dated: April 27, 2022.

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Notice of Request for Information on Formula Grants to States and Indian Tribes for Preventing Outages and Enhancing the Resilience of the Electric Grid

AGENCY: Grid Deployment Office, U.S. Department of Energy.

ACTION: Request for information.

SUMMARY: The U.S. Department of Energy (DOE or the Department) invites public comment on its request for information (RFI) regarding formula grants to be awarded to States and Indian Tribes to support investments for preventing outages and enhancing the resilience of the electric grid. The purpose of the RFI is to collect stakeholder feedback to inform DOE's structuring of such formula grants to States and Indian Tribes, with funding made available through a provision of the Infrastructure Investment and Jobs Act.

DATES: Responses to the RFI must be received by no later than 11:59 p.m. EDT on June 2, 2022.

ADDRESSES: Interested parties are to submit questions, comments, and

responses to the Department's RFI to the following email address:

40101formulagrants@hq.doe.gov.

Include "Formula Grants to States and Indian Tribes for Preventing Outages and Enhancing the Resilience of the Electric Grid" in the subject line of the email. Responses must be provided as attachments to an email. Responses must be provided as a Microsoft Word (.docx) attachment to the email, and no more than 5 pages in length, 12-point font, 1-inch margins. If possible, copy and paste the RFI sections as a template for your responses. It is recommended that attachments with file sizes exceeding 25MB be compressed (*i.e.*, zipped) to ensure message delivery. Only electronic responses will be accepted. The complete RFI document, as well as, documents describing DOE's plans for implementing section 40101(d), and other pertinent information are available at <https://netl.doe.gov/bilhub/grid-resilience/formula-grants>.

FOR FURTHER INFORMATION CONTACT:

Comments and questions may also be addressed to: Patricia Hoffman, Grid Deployment Office, U.S. Department of Energy, 1000 Independence Avenue SW, Washington, DC 20585 (202)-586–6074, pat.hoffman@hq.doe.gov.

SUPPLEMENTARY INFORMATION: Section 40101(d) of the Infrastructure Investment and Jobs Act (IIJA) (Pub. L. 117–58), codified at 42 U.S.C. 18711(d), directs the Secretary of Energy (Secretary) to establish a formula grant program to provide funds to States¹ and Indian Tribes² to support investments for preventing outages and enhancing the resilience of the electric grid. Under section 40101(d), the U.S. Department of Energy (DOE or the Department) is authorized to provide up to \$459 million annually over a five-year period (for Fiscal Years 2022 through 2026) to States and Indian Tribes according to an award formula based on five statutorily defined factors. States and Indian Tribes are required to submit annual applications to DOE to receive funding.

The Department seeks input, in the form of comments and questions, from all stakeholders on DOE's plans for implementing section 40101(d), including on the application and award requirements, the award formula allocation, and the technical assistance approach. Documents that provide this information are located at: <https://>

¹ The term "States" includes herein all 50 States, U.S. Territories, and the District of Columbia.

² The term "Indian Tribe" herein "has the meaning given . . . in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304)." 42 U.S.C. 18701(2).
