

§ 635.27 Quotas.

* * * * *

(b) * * *
(1) * * *

(i) *Fishing seasons.* The commercial quotas for large coastal sharks, small coastal sharks, and pelagic sharks will be split among three fishing seasons: January 1 through April 30, May 1 through August 31, and September 1 through December 31. NMFS may consider merging any of the fishing seasons pursuant to paragraph (b)(1)(vi) of this section.

* * * * *

(iv) *Small coastal sharks.* The annual commercial quota for small coastal sharks is 454 mt dw, unless adjusted pursuant to paragraph (b)(1)(vi) of this section. This annual quota is split among the regions as follows: 48 percent to the Gulf of Mexico, 49 percent to the South Atlantic, and 3 percent to the North Atlantic.

* * * * *

(vi) * * *

(A) NMFS will adjust the next year's fishing season quotas for large coastal, small coastal, and pelagic sharks to reflect actual landings during any fishing season in any particular region. For example, a commercial quota underharvest or overharvest in the fishing season in one region that begins January 1 will result in an equivalent increase or decrease in the following year's quota for that region for the fishing season that begins January 1. NMFS may consider merging any of the fishing seasons and relevant quotas in any region when there is limited available quota in one or more seasons.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 070213032-7032-01; I.D. 042007A]

Fisheries of the Exclusive Economic Zone Off Alaska; Northern Rockfish and Pelagic Shelf Rockfish for Trawl Catcher Vessels Participating in the Rockfish Entry Level Fishery in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for northern rockfish and pelagic shelf rockfish for trawl catcher vessels participating in the rockfish entry level fishery in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the 2007 total allowable catch (TAC) of northern rockfish and pelagic shelf rockfish allocated to trawl catcher vessels participating in the rockfish entry level fishery in the Central Regulatory Area of the GOA.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), April 24, 2007, through 2400 hrs, A.l.t., September 1, 2007.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.83(a)(1)(i), allocations of entry level rockfish to trawl catcher vessels participating in the rockfish entry level fishery in the Central Regulatory Area are first made from the Pacific ocean perch TAC. Trawl catcher vessels participating in the rockfish entry level program are allocated northern rockfish and pelagic shelf rockfish only if the amount of Pacific ocean perch available for allocation is less than the total allocation allowable for the trawl catcher vessels. NMFS has determined that the 2007 TAC of Pacific ocean perch meets or exceeds the total allocation of rockfish allowable for the trawl catcher vessels. Therefore, the 2007 TACs of northern rockfish and pelagic shelf rockfish allocated to trawl catcher vessels participating in the entry level rockfish fishery in the Central Regulatory Area are 0 mt.

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2007 TACs of northern rockfish and pelagic shelf rockfish allocated to trawl catcher vessels participating in the entry level

rockfish fishery in the Central Regulatory Area will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 0 mt. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for northern rockfish and pelagic shelf rockfish for trawl catcher vessels participating in the rockfish entry level fishery in the Central Regulatory Area of the GOA.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the closure of northern rockfish and pelagic shelf rockfish for trawl catcher vessels participating in the rockfish entry level fishery in the Central Regulatory Area of the GOA. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of April 20, 2007.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and § 679.83 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 23, 2007.

James P. Burgess

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
