DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Northern New Mexico

AGENCY: Office of Environmental Management, Department of Energy. **ACTION:** Notice of open virtual meeting.

SUMMARY: This notice announces an online virtual meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Northern New Mexico. The Federal Advisory Committee Act requires that public notice of this conference call be announced in the Federal Register.

DATES: Wednesday, September 23, 2020; 1:00 p.m.—4:00 p.m.

ADDRESSES: This meeting will be held virtually via Webex. To attend, please contact Menice Santistevan by email, Menice.Santistevan@em.doe.gov, no later than 5:00 p.m. MDT on Thursday, September 17, 2020.

To Sign Up For Public Comment: Please contact Menice Santistevan by email, Menice.Santistevan@em.doe.gov, no later than 5:00 p.m. MDT on Thursday, September 17, 2020.

FOR FURTHER INFORMATION CONTACT:

Menice Santistevan, Northern New Mexico Citizens' Advisory Board (NNMCAB), 94 Cities of Gold Road, Santa Fe, NM 87506. Phone (505) 995– 0393; Fax (505) 989–1752 or Email: Menice.Santistevan@em.doe.gov.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to make recommendations to DOE–EM and site management in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda

- Call to Order
- Welcome and Introductions
- Roll Call
- · Approval of Agenda
- Approval of July 22, 2020 Conference Call Minutes
- Update from NNMCAB Deputy Designated Federal Officer
- Old Business
 - Report from NNMCAB Chair and Vice Chair

- Report from Committee Chairs
- Report from Nominating Committee
- New Business
 - Election of Officers for Fiscal Year 2021
 - Other Items
- Update from EM Los Alamos Field Office
- Update from New Mexico Environment Department
- Update on DP Road
- Public Comment Period
- Wrap-Up and Comments from NNMCAB Members
- Adjourn

Public Participation: The online virtual meeting is open to the public. Written statements may be filed with the Board either before or after the meeting by sending them to Menice Santistevan at the aforementioned email address. The Deputy Designated Federal Officer is empowered to conduct the conference call in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments.

Minutes: Minutes will be available by writing or calling Menice Santistevan at the address or telephone number listed above. Minutes and other Board documents are on the internet at: https://www.energy.gov/em/nnmcab/meeting-materials.

Signed in Washington, DC on August 28, 2020.

LaTanya Butler,

Deputy Committee Management Officer. [FR Doc. 2020–19354 Filed 9–1–20; 8:45 am]

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Amended Record of Decision for the Site-Wide Environmental Impact Statement for the Continued Operation of Los Alamos National Laboratory, Los Alamos, NM

AGENCY: National Nuclear Security Administration, Department of Energy. **ACTION:** Amended record of decision.

SUMMARY: The National Nuclear Security Administration (NNSA), a semi-autonomous agency within the U.S. Department of Energy (DOE), is announcing this amendment to the September 26, 2008 Record of Decision (ROD) for the Site-Wide Environmental Impact Statement (SWEIS) for the Continued Operation of Los Alamos National Laboratory (LANL), Los Alamos, NM (2008 LANL SWEIS ROD). In this Amended ROD, NNSA announces its decision to implement

elements of the 2008 LANL SWEIS **Expanded Operations Alternative** needed to produce a minimum of 30 war reserve pits per year during 2026 for the national pit production mission and to implement surge efforts to exceed 30 pits per vear to meet Nuclear Posture Review (NPR) and national policy. NNSA has previously evaluated this action at the programmatic level in the Complex Transformation SPEIS and at the site-specific level in the LANL Sitewide Environmental Impact Statement (SWEIS), and recently completed a review of those prior analyses in a separate Supplement Analysis (SA) for each document.

FOR FURTHER INFORMATION CONTACT: For further information on this Amended ROD or the 2020 LANL SA, contact: Kristen Dors, NEPA Compliance Manager, U.S. Department of Energy, National Nuclear Security Administration, Los Alamos Field Office, 3747 W. Jemez Road, Los Alamos, NM 87544; phone: (505) 667–5491; or via email at lanlsweissa@nnsa.doe.gov. This Amended ROD, the 2020 LANL SA, and related NEPA documents are available at https://www.energy.gov/nnsa/nnsa-nepareading-room.

SUPPLEMENTARY INFORMATION:

Background

Pit production, at a level of 80 pits per year at LANL, has been analyzed in two programmatic environmental impact statements (EISs) and two LANL sitewide EISs, including the 1999 Site-Wide Environmental Impact Statement for the Continued Operation of the Los Alamos National Laboratory (1999 LANL SWEIS) (DOE/EIS-0238), and the 2008 Final Site-Wide Environmental Impact Statement for Continued Operation of Los Alamos National Laboratory (2008 LANL SWEIS) (DOE/EIS-0380). As national policy and national defense needs have evolved, NNSA prepared a supplement analysis (SA) to the 2008 LANL SWEIS (2020 LANL SA) (DOE/ EIS-380-SA-06). The 2020 LANL SA re-evaluates the potential environmental impacts of producing a minimum of 30 pits per year at LANL and of implementing surge efforts to exceed 30 pits per year to determine if there have been substantial changes to NNSA's proposed implementation of increased pit production or significant new circumstances or information relevant to environmental concerns, within the meaning of the National Environmental Policy Act (NEPA). After preparing and considering the 2020 LANL SA, NNSA has determined that no further NEPA analysis is needed prior to issuing this
