FEDERAL FINANCIAL INSTITUTIONS EXAMINATION COUNCIL

12 CFR Part 1102

[Docket No. AS04–1]

Appraisal Subcommittee; Appraiser Regulation

AGENCY: Appraisal Subcommittee, Federal Financial Institutions Examination Council (“ASC”).

ACTION: Final rule amendments.

SUMMARY: The ASC is adopting nonsubstantive amendments to its regulations that correct the ASC’s office’s street address, zip code, and telephone numbers to reflect an office relocation from 2100 Pennsylvania Avenue, NW., to 2000 K Street, NW., Washington, DC.

EFFECTIVE DATE: January 16, 2004.

FOR FURTHER INFORMATION CONTACT:

Marc L. Weinberg, General Counsel, at (202) 293–6250 or marc@asc.gov; Appraisal Subcommittee; 2000 K Street, NW., Suite 310; Washington, DC 20006.

SUPPLEMENTARY INFORMATION:

I. Authority and Section-by-Section Analysis

The ASC, since its creation under Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989, as amended (“Title XI”), has adopted and amended several regulations that appear at 12 CFR part 1102. These regulations, found in

subparts A, B, C, and D of that part, relate to the ASC’s implementation of The Privacy Act of 1974, the Freedom of Information Act, and various sections of Title XI.

In November 1998, the ASC moved its offices from 2100 Pennsylvania Avenue, NW., to its current location at 2000 K Street, NW. Part 1102, as adopted, contained numerous references to the ASC’s Pennsylvania Avenue address and one reference to its previous fax number. The ASC is amending part 1102 by removing all references to its Pennsylvania Avenue address and prior fax number and replacing it with its new K Street address and new fax number.

II. Administrative Requirements

A. Notice and Comment Requirements Under 5 U.S.C. 553

The ASC, under 12 U.S.C. 553, is required, among other things, to publish in the **Federal Register** for public notice and comment a general notice of proposed rule making, unless, in accordance with paragraph (b)(3)(B), the agency finds “for good cause . . . that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.” The ASC finds that notice and procedure are unnecessary in connection with these rule amendments because they are nonsubstantive and essentially are nomenclature changes, as that term is defined in the Federal Register Document Drafting Handbook, page 2–31 (October 1998).

List of Subjects in 12 CFR Part 1102

Chemical Weapons Convention Regulations: Electronic Submission of Declarations and Reports Through the Web-Data Entry System for Industry (Web-DESI)

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Interim final rule.

SUMMARY: The Bureau of Industry and Security (BIS) published an interim rule, on December 30, 1999, that established the Chemical Weapons Convention Regulations (CWCRC) to implement the provisions of the Chemical Weapons Convention (CWC) affecting U.S. industry and other U.S. persons. The CWCRC include requirements to report certain activities, involving Scheduled chemicals and Unscheduled Discrete Organic Chemicals, and to provide access for on-site verification by international inspectors of certain facilities and locations in the United States. This interim final rule amends the CWCRC by

adding instructions on how to obtain authorization from BIS to make electronic submissions of declarations and reports through the Web-Data Entry System for Industry (Web-DESI), which can be accessed on the CWC Web site at <http://www.cwc.gov>. The rule also establishes procedures for the assignment and use of passwords for facilities, plant sites and trading companies (USC password) and procedures for the assignment and use of Web-DESI user accounts.

DATES: This rule is effective January 16, 2004.

SUPPLEMENTARY INFORMATION:

Background

On April 25, 1997, the United States ratified the Convention on the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, also known as the Chemical Weapons Convention (CWC or Convention). The CWC, which entered into force on April 29, 1997, is an arms control treaty with significant non-proliferation aspects. As such, the CWC bans the development, production, stockpiling or use of chemical weapons and prohibits States Parties to the CWC from assisting or encouraging anyone to engage in a prohibited activity. The CWC provides for declaration and inspection of all States Parties' chemical weapons and chemical weapon production facilities, and oversees the destruction of such weapons and facilities. To fulfill its arms control and non-proliferation objectives, the CWC also establishes a comprehensive verification scheme and requires the declaration and inspection of facilities that produce, process or consume certain “scheduled” chemicals and unscheduled discrete organic chemicals, many of which have significant commercial applications. The CWC also requires States Parties to report exports and imports and to impose export and import restrictions on certain chemicals. These requirements apply to all entities under the jurisdiction and control of States Parties, including commercial entities and individuals. States Parties to the CWC, including the United States, have agreed to this verification scheme in order to provide transparency and to

ensure that no State Party to the CWC is engaging in prohibited activities.

The Chemical Weapons Convention Implementation Act of 1998 (“Act”) (22 U.S.C. 6701 *et seq.*), enacted on October 21, 1998, authorizes the United States to require the U.S. chemical industry and other private entities to submit declarations, notifications and other reports and also to provide access for on-site inspections conducted by inspectors sent by the Organization for the Prohibition of Chemical Weapons (OPCW). Executive Order (E.O.) 13128 delegates authority to the Department of Commerce to promulgate regulations, obtain and execute warrants, provide assistance to certain facilities, and carry out appropriate functions to implement the CWC, consistent with the Act.

On December 30, 1999, the Bureau of Industry and Security (BIS), U.S. Department of Commerce, published an interim rule that established the Chemical Weapons Convention Regulations (CWCRC) (15 CFR parts 710-722). The CWCRC implemented the provisions of the CWC, affecting U.S. industry and U.S. persons, in accordance with the provisions of the Act. This interim final rule amends the CWCRC by adding instructions on how to obtain authorization from BIS to make electronic submissions of declarations and reports through the Web-Data Entry System for Industry (Web-DESI), which can be accessed on the CWC Web site at <http://www.cwc.gov>. The rule also establishes procedures for the assignment and use of passwords for facilities, plant sites and trading companies (USC password) and procedures for the assignment and use of Web-DESI user accounts (user name and password).

Rulemaking Requirements

1. This interim final rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA), unless that collection of information displays a current, valid OMB control number. This rule amends an existing collection of information authority approved under OMB Control No. 0694-0091. The public reporting burdens for the collection of information are estimated to average 10.6 hours for Schedule 1 Chemicals, 11.9 hours for Schedule 2 chemicals, 2.5 hours for Schedule 3 chemicals, 5.3 for Unscheduled Discrete Organic Chemicals (UDOCs), and 0.17
