

SUMMARY: Pursuant to the Federal Advisory Committee Act, this constitutes notice of the upcoming meeting of the Grain Inspection, Packers and Stockyards Administration (GIPSA) Grain Inspection Advisory Committee (Advisory Committee). The Advisory Committee meets annually to advise the GIPSA Administrator on the programs and services that GIPSA delivers under the U.S. Grain Standards Act. Recommendations by the Advisory Committee help GIPSA better meet the needs of its customers who operate in a dynamic and changing marketplace.

DATES: July 15, 2014, 8:00 a.m. to 4:30 p.m.; and July 16, 2014, 8:00 a.m. to Noon.

ADDRESSES: The Advisory Committee meeting will take place at GIPSA's National Grain Center, 10383 N. Ambassador Drive, Kansas City, Missouri 64153.

Requests to orally address the Advisory Committee during the meeting or written comments may be sent to: Administrator, GIPSA, U.S. Department of Agriculture, 1400 Independence Avenue SW., STOP 3601, Washington, DC 20250-3601. Requests and comments may also be faxed to (202) 690-2173.

FOR FURTHER INFORMATION CONTACT: Terri L. Henry by phone at (202) 205-8281 or by email at Terri.L.Henry@usda.gov.

SUPPLEMENTARY INFORMATION: The purpose of the Advisory Committee is to provide advice to the GIPSA Administrator with respect to the implementation of the U.S. Grain Standards Act (7 U.S.C. 71-87k). Information about the Advisory Committee is available on the GIPSA Web site at <http://www.gipsa.usda.gov/fgis/adcommit.html>.

The agenda will include an overview of international activities, quality control initiatives, moisture meters, market overview, optical scanning for rice brokens, Field Management Division updates and initiatives, standards and market needs, and inspector performance.

For a copy of the agenda please contact Terri L. Henry by phone at (202) 205-8281 or by email at Terri.L.Henry@usda.gov.

Public participation will be limited to written statements unless permission is received from the Committee Chairperson to orally address the Advisory Committee. The meeting will be open to the public.

Persons with disabilities who require alternative means of communication of program information or related

accommodations should contact Terri L. Henry at the telephone number listed above.

Susan B. Keith,

Acting Administrator, Grain Inspection, Packers and Stockyards Administration.

Light-Walled Rectangular Pipe and Tube From Mexico, Turkey, the People's Republic of China, and the Republic of Korea: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has determined that revocation of the antidumping (AD) orders on light-walled rectangular pipe and tube (light-walled pipe and tube) from Mexico, Turkey, the People's Republic of China (PRC), and the Republic of Korea (Korea) would likely lead to continuation or recurrence of dumping, and that revocation of the countervailing duty (CVD) order on light-walled pipe and tube from the PRC would likely lead to continuation or recurrence of a countervailable subsidy. The U.S. International Trade Commission (the ITC) has also determined that revocation of these AD and CVD orders would likely lead to a continuation or recurrence of material injury to an industry in the United States. Accordingly, the Department is publishing this notice of the continuation of these AD and CVD orders.

DATES: *Effective Date:* June 23, 2014.

FOR FURTHER INFORMATION CONTACT: Dena Crossland or Angelica Mendoza, AD/CVD Operations Office VI (AD), or Jennifer Meek or Nancy Decker, AD/CVD Operations Office I (CVD), Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 2, 2013, the Department of Commerce (the Department) initiated the first five-year ("sunset") reviews of the AD orders on light-walled pipe and tube from Mexico, Turkey, the PRC, and Korea¹ (collectively, the *AD Orders*) and the first sunset review of the countervailing duty order on light-walled pipe and tube from the PRC² (*CVD Order*) pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the Act).³ As a result of these sunset reviews, the Department found that revocation of the *AD Orders* would likely lead to continuation or recurrence of dumping and that revocation of the *CVD Order* would likely lead to continuation or recurrence of countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins of dumping and the subsidy rates likely to prevail should the *AD Orders* and the *CVD Order* be revoked.⁴

On June 13, 2014, the ITC published its determination, pursuant to sections 751(c)(1) and 752(a) of the Act, that revocation of the *AD Orders* and the *CVD Order* would likely lead to continuation or recurrence of material injury within a reasonably foreseeable time.⁵

Scope of the Orders

The merchandise subject to the orders is certain welded carbon quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm. The term carbon-quality steel includes both carbon steel and

⁴ See *Final Results of Expedited Sunset Reviews of Antidumping Duty Orders: Light-Walled Rectangular Pipe and Tube From Mexico, Turkey, the People's Republic of China, and the Republic of Korea*, 78 FR 47671 (August 6, 2013) and *Light-Walled Rectangular Pipe and Tube From the People's Republic of China: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order*, 78 FR 48416 (August 8, 2013).

⁵ See *Light-Walled Rectangular Pipe from China, Korea, Mexico and Turkey: Determinations*, 79 FR 33950 (June 13, 2014); see also ITC Publication 4470 (June 2014) entitled *Light-Walled Rectangular Pipe and Tube from China, Korea, Mexico, and Turkey* (Inv. Nos. 701-TA-449 and 731-TA-1118-1121 (Review)).

alloy steel which contains only small amounts of alloying elements. Specifically, the term carbon-quality includes products in which none of the elements listed below exceeds the quantity by weight respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.15 percent vanadium, or 0.15 percent of zirconium. The description of carbon-quality is intended to identify carbon-quality products within the scope. The welded carbon-quality rectangular pipe and tube subject to the *Orders* is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7306.61.50.00 and 7306.61.70.60. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of the *AD Orders* and the *CVD Order* would likely lead to continuation or recurrence of dumping and a countervailable subsidy, and material injury to an industry in the United States, pursuant to sections 751(c) and 751(d)(2) of the Act, the Department hereby orders the continuation of the *AD Orders* and the *CVD Order*.

U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *AD Orders* and the *CVD Order* is the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next sunset reviews of these orders not later than 30 days prior to the fifth anniversary of the effective date of this continuation.

These sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: June 13, 2014.

Lynn Fischer Fox,
Deputy Assistant Secretary for Policy and Negotiations.

Small Diameter Graphite Electrodes From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) and the International Trade Commission (the ITC) have determined that revocation of the antidumping duty (AD) order on small diameter graphite electrodes from the People's Republic of China (PRC) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States. Therefore, the Department is publishing a notice of continuation of this AD order.

DATES: *Effective Date:* June 23, 2014.

FOR FURTHER INFORMATION CONTACT: Michael Romani or Minoo Hatten, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-0198 or (202) 482-1690, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 2, 2014, the Department published the initiation of the first sunset review of the AD order on small diameter graphite electrodes from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.218(c).¹ As a result of its review, the Department determined that revocation of the AD order on small diameter graphite electrodes from the PRC would likely lead to continuation or recurrence of dumping, and notified the ITC of the magnitude of the margins likely to prevail should the order be revoked.² On June 6, 2014, pursuant to section 751(c) of the Act, the ITC determined that revocation of the AD order on small diameter graphite electrodes from the PRC would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

¹ See *Initiation of Five-Year ("Sunset") Review*, 79 FR 110 (January 2, 2014).

² See *Small Diameter Graphite Electrodes From the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order*, 79 FR 26208 (May 7, 2014).

³ See *Small Diameter Graphite Electrodes From China*, 79 FR 32750 (June 6, 2014).

Scope of the Order

The merchandise covered by the order includes all small diameter graphite electrodes of any length, whether or not finished, of a kind used in furnaces, with a nominal or actual diameter of 400 millimeters (16 inches) or less, and whether or not attached to a graphite pin joining system or any other type of joining system or hardware. The merchandise covered by the order also includes graphite pin joining systems for small diameter graphite electrodes, of any length, whether or not finished, of a kind used in furnaces, and whether or not the graphite pin joining system is attached to, sold with, or sold separately from, the small diameter graphite electrodes. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes are most commonly used in primary melting, ladle metallurgy, and specialty furnace applications in industries including foundries, smelters, and steel refining operations. Small diameter graphite electrodes and graphite pin joining systems for small diameter graphite electrodes that are subject to the order are currently classified under the HTSUS subheadings 8545.11.0010,⁴ 3801.10,⁵ and 8545.11.0020.⁶ The HTSUS numbers are provided for convenience and customs purposes, but the written description of the scope is dispositive.

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of the AD order would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19

⁴ The scope described in the order refers to the HTSUS subheading 8545.11.0000. We note that, starting in 2010, imports of small diameter graphite electrodes are classified in the HTSUS under subheading 8545.11.0010 and imports of large diameter graphite electrodes are classified under subheading 8545.11.0020.

⁵ See *Small Diameter Graphite Electrodes From the People's Republic of China: Affirmative Final Determination of Circumvention of the Antidumping Duty Order*, 77 FR 47596 (August 9, 2012) and accompanying Issues and Decision Memorandum at Comment 6 (the scope of the order is amended to include imports classifiable under HTSUS 3801.10, i.e., un-finished small diameter graphite electrodes).

⁶ See *Small Diameter Graphite Electrodes From the People's Republic of China: Affirmative Final Determination of Circumvention of the Antidumping Duty Order and Rescission of Later-Developed Merchandise Anticircumvention Inquiry*, 78 FR 56864 (September 16, 2013) and accompanying Issues and Decision Memorandum at Comments 1 and 2 (the scope of the order is amended to include large diameter graphite electrodes, specifically those of 17 inches produced by Jilin Carbon classifiable under HTSUS 8545.11.0020).
