

However, DHS recognizes that Honduran TPS beneficiaries continue to be employment authorized during the 60-day transition period.<sup>26</sup> Accordingly, through this FRN, DHS automatically extends the validity of certain EADs previously issued under the TPS designation of Honduras through September 8, 2025. Therefore, as proof of continued employment authorization through September 8, 2025, TPS beneficiaries can show their EADs that have the notation A–12 or C–19 under Category and a “Card Expires” date of January 5, 2018, July 5, 2018, January 5, 2020, January 4, 2021, October 4, 2021, December 31, 2022, June 30, 2024, and July 5, 2025.

The Secretary has considered putative reliance interests in the Honduras TPS designation, especially when considering whether to allow for an additional transition period similar to that allowed under certain previous TPS terminations. Temporary Protected Status, as the name itself makes clear, is an inherently temporary status. TPS designations are time-limited and must be periodically reviewed. *See* INA sec. 244(b)(3), 8 U.S.C. 1254a(b)(3). TPS notices clearly notify aliens of the designations’ expiration dates, and whether to allow for an orderly transition period is left to the Secretary’s unfettered discretion. *See* INA sec. 244(b)(3), (d)(3); 8 U.S.C. 1254a(b)(3), (d)(3). The statute inherently contemplates advance notice of a termination by requiring timely publication of the Secretary’s determination and delaying the effective date of the termination by at least 60 days after publication of a **Federal Register** notice of the termination or, if later, the existing expiration date. *See* INA sec. 244(b)(3), (d)(3); 8 U.S.C. 1254a(b)(3), (d)(3).

#### **Notice of the Termination of the TPS Designation of Honduras**

By the authority vested in me as Secretary under INA section 244(b)(3), 8 U.S.C. 1254a(b)(3), I have reviewed, in consultation with the appropriate U.S. Government agencies, (a) conditions in Honduras, (b) whether there continues to be a substantial disruption of living conditions in the areas affected in Honduras; and (c) whether Honduras can handle adequately the return of its nationals. Based on my review, I have determined that Honduras no longer continues to meet the conditions for

Temporary Protected Status (TPS) under INA section 244(b)(1)(B), 8 U.S.C. 1254a(b)(1)(B).

Accordingly, I order as follows:

(1) Pursuant to INA section 244(b)(3)(B), 8 U.S.C. 1254a(b)(1)(B), and considering INA section 244(d)(3), 8 U.S.C. 1254a(d)(3), the designation of Honduras for TPS is terminated effective at 11:59 p.m., local time, on September 8, 2025.

(2) Information concerning the termination of TPS for nationals of Honduras (and aliens having no nationality who last habitually resided in Honduras) will be available at local USCIS office upon publication of this notice and through the USCIS Contact Center at 1–800–375–5283. This information will be published on the USCIS website at [www.uscis.gov](http://www.uscis.gov).

#### **Intent To Amend the Resource Management Plan for the Miles City Field Office, Montana, and Prepare an Associated Environmental Assessment**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of intent.

**SUMMARY:** In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended, the Bureau of Land Management (BLM) Montana/Dakotas State Director intends to prepare a resource management plan (RMP) amendment with an associated environmental assessment (EA) for the Miles City Field Office. This notice announces the beginning of the scoping period to solicit public comments, identify issues, provide the planning criteria for public review, and solicit coal resource and development potential data.

**DATES:** To be considered, your comments concerning the scope of the analysis, potential alternatives, and identification of relevant information and studies must be received by August 7, 2025.

**ADDRESSES:** You may submit comments on issues, coal data, and planning

criteria related to the Miles City Field Office RMP amendment and associated EA by any of the following methods:

- **Website:** <https://eplanning.blm.gov/eplanning-ui/project/2039051/510>.
- **Mail:** Miles City Field Office, 111 Garryowen Road, Miles City, MT 59301.

Documents pertinent to this proposal may be examined online at <https://eplanning.blm.gov/eplanning-ui/project/2039051/510> and at the Miles City Field Office.

**FOR FURTHER INFORMATION CONTACT:** Irma Nansel, Planning and Environmental Coordinator, telephone: 406–233–3653; email: [inansel@blm.gov](mailto:inansel@blm.gov); address: 111 Garryowen Road, Miles City, MT 59301. Contact Ms. Nansel to have your name added to our mailing list. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Nansel. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:** The BLM Montana/Dakotas State Director intends to prepare an RMP amendment with an associated EA for the Miles City Field Office RMP. This notice announces the beginning of the scoping process and seeks public input on issues and planning criteria and on coal resource and development potential. The RMP amendment may change the existing Miles City Field Office RMP. The planning area is located in Carter, Custer, Daniels, Dawson, Fallon, Garfield, McCone, Powder River, Prairie, Richland, Roosevelt, Rosebud, Sheridan, Treasure, Wibaux, and portions of Big Horn and Valley Counties, Montana, and encompasses approximately 2.7 million surface acres and 11.7 million acres of Federal coal mineral estate.

#### **Purpose and Need**

The purpose and need of this RMP amendment and EA is to evaluate coal allocations in the planning area and to determine the availability of lands acceptable for further consideration for coal leasing in accordance with Executive Order (“E.O.”) 14154, “Unleashing American Energy” (90 FR 8353, Jan. 29, 2025); E.O. 14156, “Declaring a National Energy Emergency” (90 FR 8433, Jan. 29, 2025); E.O. 14148, “Initial Rescissions of Harmful Executive Orders and Actions” (90 FR 8237, Jan. 28, 2025); and

Security], automatically and without further notice or right of appeal, lose Temporary Protected Status in the United States. Such termination of a foreign state’s designation is not subject to appeal.”).

<sup>26</sup> *See* INA 244(a)(1)(B), 8 U.S.C. 1254a(a)(1)(B); *see also* 8 CFR 244.13(b).

Secretary's Order 3418, which implements E.O. 14154.

### Preliminary Alternatives

The RMP amendment/EA will include two alternatives varying the amount of BLM-administered Federal coal authorized to be available for leasing. The preliminary alternatives are the coal allocation decisions from: (1) The 2024 approved RMP amendment/record of decision making zero acres of BLM-administered Federal coal within the planning area available for further consideration for coal leasing (No Action/current decision); and (2) the 2021 approved RMP amendment/record of decision making 1,214,380 acres of BLM-administered Federal coal within the planning area available for further consideration for coal leasing (Proposed Action). The BLM welcomes comments on all preliminary alternatives as well as suggestions for additional alternatives.

### Planning Criteria

The planning criteria guide the planning effort and lay the groundwork for effects analysis by identifying the preliminary issues and their analytical frameworks. Preliminary issues for the planning area were consistent in the 2021 and 2024 RMP amendments and are being considered as preliminary issues for this RMP amendment/EA. The BLM requests that industry, State, Tribal, and local governments, and the public interested in coal management in the planning areas provide the BLM relevant coal resource data that can help inform this project. Specifically, the BLM requests information on the development potential (e.g., location, quality, and quantity) of the BLM-administered Federal coal mineral estate, and on surface resource values related to multiple-use conflicts and the suitability of the planning area for coal development.

We will use this information to complete the RMP amendment and EA consistent with 43 CFR 3420.1–4 and to formulate alternatives that identify areas acceptable for further leasing consideration. We are requesting these data to ensure that these planning efforts have sufficient information and data to consider a reasonable range of resource uses, management options, and alternatives for managing BLM-administered Federal coal mineral estate. Proprietary data marked as confidential may be submitted in response to this call for coal and other resource information. Please submit all proprietary information to the appropriate Field Manager listed in **ADDRESSES** above. The BLM will treat submissions marked as “Confidential”

in accordance with the laws and regulations governing the confidentiality of such information. The planning criteria are available for public review and comment at the ePlanning website (see **ADDRESSES**).

### Public Scoping Process

This notice of intent initiates the scoping period, call for coal data, and public review of the planning criteria, which guide the development and analysis of the RMP amendment and EA.

The BLM does not intend to hold any public meetings, in-person or virtual, during the public scoping period. Should the BLM later determine to hold public meetings, the specific date(s) and location(s) of any meeting will be announced at least 15 days in advance through local media, newspapers, ePlanning, and the BLM website.

### Interdisciplinary Team

The BLM will use an interdisciplinary approach to develop the plan in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in this planning effort: air resources, planning, rangeland management, minerals and geology, outdoor recreation, archaeology, paleontology, wildlife and fisheries, lands and realty, hydrology, soils, and economics.

### Additional Information

The BLM will utilize and coordinate the NEPA and land use planning processes for this planning effort to help support compliance with applicable procedural requirements under the Endangered Species Act (16 U.S.C. 1536) and section 106 of the National Historic Preservation Act (54 U.S.C. 306108). The information about historic and cultural resources and threatened and endangered species within the area potentially affected by the proposed plan will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with federally recognized Tribes on a government-to-government basis in accordance with E.O. 13175, BLM MS 1780, and other Departmental policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with federally recognized Tribes and other stakeholders that may be interested in or affected by the proposed Miles City RMP amendment that the BLM is

evaluating, are invited to participate in the scoping process.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
