SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Postmarketing Studies for Licensed Biological Products; Status Reports—(OMB Control Number 0910-0433)—Extension

Section 130(a) of the Food and Drug Administration Modernization Act (Public Law 105-115) amended the Federal Food, Drug, and Cosmetic Act (the act) by adding a new provision (section 506B of the act (21 U.S.C. 356b)) requiring reports of postmarketing studies for approved human drugs and licensed biological products. Section 506B of the act provides FDA with additional authority to monitor the progress of postmarketing studies that applicants have made a commitment to conduct and requires the agency to make publicly available information that pertains to the status of these studies. Under section 506B(a) of the act, applicants that have committed to conduct a postmarketing study for an approved human drug or licensed biological product must submit to FDA a status report of the progress of the study or the reasons for the failure of the applicant to conduct the study. This report must be submitted within 1 year after the U.S. approval of the application and then annually until the study is completed or terminated. The reporting requirements for applicants of approved new drug applications and abbreviated new drug applications are under § 314.81(b)(2)(vii) (21 CFR 314.81(b)(2)(vii)). The collection of information requirements for § 314.81(b)(2)(vii) are approved under OMB control number 0910-0001. The reporting requirements for applicants of approved biologics license applications (BLAs) or supplements to an application are under § 601.70 (21 CFR 601.70). Section 601.70 requires applicants of approved biologics license applications or supplements to an application to submit to FDA postmarketing status reports for studies of clinical safety, clinical efficacy, clinical pharmacology, and nonclinical toxicology that are required by FDA or that an applicant of a BLA commits to conduct, in writing, at the time of approval of an application or a supplement to an application, or after approval of an application or a supplement. Information submitted in a status report for § 601.70(b) is limited to that which is needed to sufficiently identify each applicant that has committed to conduct a postmarketing study, the status of the study that is being reported, and the reasons, if any,
