

similar in many respects to the Federal Rules of Civil Procedure. See 47 CFR Sections 1.720–1.736. These rules require the submission of information from the parties necessary to create a record on which the Commission can decide complex legal and factual issues. As described in section 1.720 of the rules, the Commission resolves formal complaint proceedings on a written record consisting of a complaint, answer or response, and joint statement of stipulated facts, disputed facts and key legal issues, along with all associated affidavits, exhibits and other attachments.

This collection of information includes the process for submitting a formal complaint against a common carrier. The Commission uses this information to determine the sufficiency of complaints and to resolve the merits of disputes between the parties. The Commission bases its orders in formal complaint proceedings upon evidence and argument produced by the parties in accordance with the Formal Complaint Rules. If the information were not collected, the Commission would not be able to resolve common carrier-related complaint proceedings, as required by section 208 of the Act.

In addition, the Commission has adopted most of this formal complaint process to govern data roaming complaints. Specifically, the Commission has extended, as applicable, the procedural rules in the Commission's Part I, Subpart E rules, 47 CFR Sections 1.716–1.718, 1.720, 1.721, and 1.723–1.735, to disputes arising out of the data roaming rule contained in 47 CFR Section 20.12(e). Therefore, in addition to being necessary to resolve common carrier-related complaint proceedings, this collection of information is also necessary to resolve data roaming-related complaint proceedings.
