

385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is July 18, 2023.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to

contact OPP at (202)502-6595 or OPP@ferc.gov.

Dated: June 28, 2023.

Debbie-Anne A. Reese,

Deputy Secretary.

Variances From the Classification of Solid Waste for HVF Precious Metals, LLC (Tucson, AZ)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final decision.

SUMMARY: The Environmental Protection Agency (EPA) is granting a petition for variances from the classification as solid waste for two materials produced by HVF Precious Metals, LLC (HVF) at its facility in Tucson, Arizona.

DATES: Date of publication is July 5, 2023.

FOR FURTHER INFORMATION CONTACT: For further information regarding the **Federal Register** notice, contact Phoebe O'Connor, Office of Resource Conservation and Recovery, Office of Land and Emergency Management, (5304T), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; telephone number: (202) 566-1451; email address: Oconnor.phoebe@epa.gov.

For further information regarding the incoming petition, Statement of Basis, and any technical questions, contact Sharon Lin, RCRA Branch; Land, Chemicals, and Redevelopment Division, U.S. Environmental Protection Agency Region 9, 75 Hawthorne Street, (Mail code LND-4-2), San Francisco, CA 94105; telephone number: (415) 972-3446; email address: Lin.Sharon@epa.gov.

SUPPLEMENTARY INFORMATION:

Background

Section 260.30(c) allows the EPA Administrator to determine on a case-by-case basis that materials that have been reclaimed but must be further reclaimed before the materials are fully recovered are not solid wastes. The effect of a variance from the classification of solid waste is to exempt the material from RCRA hazardous waste regulations. The EPA, after providing for notice and comment (see 88 FR 9277), is finalizing its response to

a petition submitted by HVF on July 26, 2022 (HVF's Petition). HVF's Petition concerns two partially-reclaimed materials ("Solution Sweeps" and "Filter Sweeps") produced at its Tucson, Arizona facility from precious metal-bearing waste from cyanide-based electroplating operations. As explained in the "Statement of Basis" available in the docket [Docket ID EPA-HQ-OLEM-2022-0967-0008], EPA's determination is that the two materials produced by HVF are "commodity-like" under the criteria listed in § 260.31(c) and are legitimately recycled, thus qualifying for variances from classification as solid waste under § 260.30(c). The EPA published a proposed response to the petition on February 13, 2023 (88 FR 9277). The comment period for the proposed action closed on March 30, 2023. The EPA did not receive any comments on the proposed action during the public comment period and is therefore finalizing the variance as proposed.

For information on the EPA's rationale for granting the petition, see the "Statement of Basis" available in the docket [Docket ID EPA-HQ-OLEM-2022-0967-0008]. EPA had previously provided a proposed "Statement of Basis" in the docket for the proposed variance determination [Docket ID EPA-HQ-OLEM-2022-0967-0002], and now, with this final variance determination, published in the July 5, 2023 **Federal Register**, EPA is also providing a final "Statement of Basis" in the docket for the final variance determination.

Michael S. Regan,
Administrator.
