

within the operation.⁵ The intent is to sample establishments that fall under risk categories 2 through 4.

FDA has approximately 25 Retail Food Specialists (Specialists) who serve as the data collectors for the study. A standard form is used by the Specialists during each data collection. The form is divided into three sections: Section 1—“Establishment Information”; Section 2—“Regulatory Authority Information”; and Section 3—“Foodborne Illness Risk Factor and Food Safety Management System Assessment.” The information in Section 1 “Establishment Information” of the form is obtained during an interview with the establishment owner or person in charge by the Specialist and includes a standard set of questions. The information in Section 2 “Regulatory Authority Information” is obtained during an interview with the program director of the State or local jurisdiction that has regulatory responsibility for conducting inspections for the selected establishment.

Section 3 includes three parts: Part A for tabulating the Specialists’ observations of the food employees’ behaviors and practices in limiting contamination, proliferation, and survival of food safety hazards; Part B for assessing the food safety management system being implemented by the facility; and Part C for assessing the frequency and extent of food employee handwashing. The information in Part A is collected from the Specialists’ direct observations of food employee behaviors and practices. Infrequent, nonstandard questions may be asked by the Specialists if clarification is needed on the food safety procedure or practice being observed. The information in Part B is collected by making direct observations and asking follow-up questions of facility management to obtain information on the extent to which the food establishment has developed and implemented food safety management systems. The information in Part C is collected by making direct observations of food employee handwashing. No questions are asked in the completion of Section 3, Part C of the form.

FDA collects the following information associated with the establishment’s identity: establishment name, street address, city, State, ZIP Code, county, industry segment, and facility type. The establishment-identifying information is collected to ensure the data collections are not duplicative. Other information related to the nature of the operation, such as seating capacity and number of employees per shift, is also collected.

The burden associated with the completion of Sections 1 and 3 of Form FDA 3967 is specific to the persons in charge of the selected facilities. The burden includes the time it will take the person in charge to accompany the data collector during the site visit and answer the data collector’s questions. The burden related to the completion of Section 2 of the form is specific to the program directors (or designated individuals) of the respective regulatory authorities. This burden includes the time it will take to answer the data collectors’ questions and is the same regardless of the facility type. Data will be consolidated and reported in a manner that does not reveal the identity of any establishment included in the study.

FDA has collaborated with the Food Protection and Defense Institute to develop a web-based platform in FoodSHIELD to collect, store, and analyze data for the Retail Risk Factor Study. This platform is accessible to State, local, territorial, and tribal regulatory jurisdictions to collect data relevant to their own risk factor studies. Data will be consolidated and reported in a manner that does not reveal the identity of any establishment included in the study.

In the **Federal Register** of March 6, 2024 (89 FR 15996), FDA published a 60-day notice requesting public comment on the proposed collection of information. One comment was received. It was in favor of the study, but it was not responsive to the four collection of information topics solicited.

FDA estimates the burden of this collection of information as follows:

TABLE 2—ESTIMATED ANNUAL REPORTING BURDEN ¹

Activity	Number of respondents	Number of responses per respondent	Total annual responses	Average burden per response	Total hours
Fast-Food and Full-Service Restaurants—Form FDA 3966.	400	1	400	2	800
Retail Food Stores—Form FDA 3967	400	1	400	2	800
Entry Refusals—All Facility Types	24	1	24	0.08 (5 minutes)	2
Total	1,602

¹ There are no capital costs of operating and maintenance costs associated with this collection of information.

Based on a review of the information collection since our last request for OMB approval, we have made adjustments to our burden estimate. On our own initiative, however, and for efficiency of Agency operations, we are revising the information collection to include and consolidate related information collection found in 0910–0799. Since the publication of the 60-day notice, we made adjustments to our burden estimate. Our estimated burden for the information collection reflects a

decrease of 35 total burden hours and a corresponding decrease of 792 total annual responses.

Dated: August 27, 2024.
Lauren K. Roth,
Associate Commissioner for Policy.

BILLING CODE 4164–01–P

DEPARTMENT OF HOMELAND SECURITY
Coast Guard
[Docket No. USCG–2024–0740]
Policy Letter for the Application of Fishing Vessel Construction Requirements
AGENCY: Coast Guard, DHS.
ACTION: Notice of availability.

⁵ FDA, “FDA Food Code.” Available at <https://www.fda.gov/FoodCode>.

SUMMARY: The Coast Guard announces the availability, online and in the docket, of Office of Commercial Vessel Compliance Policy Letter 24–02, titled “Application of Fishing Vessel Construction Requirements.” This policy letter communicates Coast Guard thinking as it relates to construction requirements for commercial fishing vessels.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Mr. Joseph D. Myers at the Office of Commercial Vessel Compliance COMDT (CG–CVC), Fishing Vessel Safety Division, telephone 571–608–5685, email at Joseph.D.Myers@uscg.mil.

Background and Purpose

CG–CVC has recently released CVC Policy Letter 24–02 “Application of Fishing Vessel Construction Requirements.” This directive communicates the Coast Guards thinking on applicable requirements that pertain to commercial fishing industry vessels as specified in 46 United States U.S. Code (U.S.C.) 4503.

In lieu of the classing requirements specified in U.S.C. 4503(a), certain fishing vessels and fish tender vessels that are between 50 and 180 feet overall in length and were built after the date of the enactment of the Coast Guard Authorization Act of 2016 may meet alternative requirements as specified in 46 U.S.C. 4503(d). CVC Policy Letter 24–02 provides a breakdown of the (8) relevant sections of 46 U.S.C. 4503(d) which outlines various requirements related to vessel design and construction, project oversight and certification, and post construction surveys, maintenance, and documentation. It is essential that stakeholders such as Coast Guard authorities, vessel owner/operators, ship builders, and third-party organization surveyors understand relevant parameters and applicability.

CVC Policy Letter 24–02 can be accessed at: <https://www.dco.uscg.mil/Our-Organization/Assistant-Commandant-for-Prevention-Policy-CG-5P/Inspections-Compliance-CG-5PC-/Commercial-Vessel-Compliance/Fishing-Vessel-Safety-Division/CVC-3-Home-Page/>.

This notice is issued under authority of 46 U.S.C. 4503 and 5 U.S.C. 552(a).

M. Neeland,

Captain, U.S. Coast Guard, Chief, Office of Commercial Vessel Compliance.

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

[OMB Control Number 1651–0114]

Agency Information Collection Activities; Extension; Crewman’s Landing Permit (CBP Form I–95)

AGENCY: U.S. Customs and Border Protection (CBP), Department of Homeland Security.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Department of Homeland Security, U.S. Customs and Border Protection (CBP) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). The information collection is published in the **Federal Register** to obtain comments from the public and affected agencies.

DATES: Comments are encouraged and must be submitted (no later than September 30, 2024) to be assured of consideration.

ADDRESSES: Written comments and/or suggestions regarding the item(s) contained in this notice should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Please submit written comments and/or suggestions in English. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional PRA information should be directed to Seth Renkema, Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection, Office of Trade, Regulations and Rulings, 90 K Street NE, 10th Floor, Washington, DC 20229–1177, Telephone number 202–325–0056 or via email CBP_PRA@cbp.dhs.gov. Please note that the contact information provided here is solely for questions regarding this notice. Individuals seeking information about other CBP programs should contact the CBP National Customer Service Center at 877–227–5511, (TTY) 1–800–877–8339, or CBP website at <https://www.cbp.gov/>.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This proposed information

collection was previously published in the **Federal Register** (89 FR 45911) on May 24, 2024, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: Crewman’s Landing Permit (CBP Form I–95).

OMB Number: 1651–0114.

Form Number: I–95.

Current Actions: This submission will extend the collection’s expiration date with an increase to the number of respondents and responses received, resulting in an increased burden. No change to the information collected or method of collection.

Type of Review: Extension (with change).

Affected Public: Businesses.

Abstract: CBP Form I–95, *Crewman’s Landing Permit*, is prepared and presented to CBP by the master or agent of vessels and aircraft arriving in the United States for nonimmigrant crewmembers applying for landing privileges. This form is provided for by 8 CFR 251.1(c) which states that, with certain exceptions, the master, captain, or agent must present this form to CBP for each nonimmigrant crewmember on board. In addition, pursuant to 8 CFR 252.1(e), CBP Form I–95 serves as the physical evidence that a nonimmigrant crewmember has been granted a conditional permit to land temporarily, and it is also a prescribed registration
