

Reduction Act of 1995), intends to extend for three years, an information collection request with the Office of Management and Budget (OMB).

DATES: Comments regarding this proposed information collection must be received on or before January 4, 2021. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

ADDRESSES: Written comments may be sent to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 19901 Germantown Road, Rm. G-302, Germantown, MD 20874, or by fax at (301) 903-7738 or by email at privacyactoffice@hq.doe.gov.

FOR FURTHER INFORMATION CONTACT: Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 19901 Germantown Road, Germantown, MD 20874 or by telephone at (301) 903-3880 or by fax at (301) 903-7738 or by email at privacyactoffice@hq.doe.gov, <https://www.energy.gov/cio/office-chief-information-officer/services/guidance/privacy-program/submitting-privacy-act>.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) *OMB No.*: 1910-1700; (2) *Information Collection Request Title*: Privacy Act Administration; (3) *Type of Review*: extension; (4) *Purpose*: The Privacy Act Information Request form aids the Department of Energy's processing of Privacy Act requests submitted by an individual or an authorized representative, wherein he or she is requesting records the government may maintain on the individual. The Department's use of this form continues to contribute to the implementation of the Department's Privacy Act processes, including, but not limited to, providing for faster processing of Privacy Act information requests by asking individuals or their authorized representative for pertinent information needed for records retrieval;

(5) *Annual Estimated Number of Respondents*: 406; (6) *Annual Estimated Number of Total Responses*: 406; (7) *Annual Estimated Number of Burden Hours*: 135; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: \$7,847.

Statutory Authority: The Privacy Act of 1974, 5 U.S.C. 552(a) and Department of Energy, Records Maintained on Individuals (Privacy Act), 10 CFR 1008.7.

Signing Authority: This document of the Department of Energy was signed on October 27, 2020, by Rocky Campione, Chief Information Officer, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on October 29, 2020.

Treana V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Proposed Agency Information Collection Extension, With Changes

AGENCY: Office of Energy Efficiency and Renewable Energy, U.S. Department of Energy.

ACTION: Notice and request for OMB review and comment.

SUMMARY: The Department of Energy's (DOE) Office of Energy Efficiency and Renewable Energy (EERE) has submitted to the Office of Management and Budget (OMB) for clearance, a proposal for a three-year extension, with changes, of a collection of information under the provisions of the Paperwork Reduction Act of 1995. The proposed collection will provide DOE with the information necessary to meet its statutory and regulatory obligations under the National Environmental Policy Act (NEPA) of 1969 and the DOE NEPA implementing regulations, which requires EERE to perform environmental impact analyses prior to making a decision to provide Federal funding for

research, development and demonstration projects funded by DOE.

DATES: Comments regarding this collection must be received on or before December 3, 2020. If you anticipate difficulty in submitting comments within that period, contact the DOE Desk Officer at OMB of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at (202) 395-4650.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

And to: Lisa Jorgensen at U.S. Department of Energy, 15013 Denver West Parkway, Golden, CO 80401, or by email at: EEREComments@ee.doe.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the EERE Environmental Questionnaire should be directed to Lisa Jorgensen at: EEREComments@ee.doe.gov. The EERE Environmental Questionnaire also is available for viewing in the Golden Field Office Public Reading Room at: www.energy.gov/node/2299401. If you have difficulty accessing this document, please contact Casey Strickland at (720) 356-1575.

SUPPLEMENTARY INFORMATION: This information collection request contains: (1) *OMB No.* 1910-5175; (2) *Information Collection Request Title*: Office of Energy Efficiency and Renewable Energy (EERE) Environmental Questionnaire; (3) *Type of Request*: Extension, with changes; (4) *Purpose*: The DOE's EERE provides Federal funding through Federal assistance programs to businesses, industries, universities, and other groups for renewable energy and energy efficiency research and development and demonstration projects. The National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*) requires that an environmental analysis be completed for all major Federal actions significantly affecting the environment including projects entirely or partly financed by Federal agencies. To effectively perform environmental analyses for these projects, the DOE's EERE needs to collect project-specific information from Federal financial assistance awardees. DOE's EERE has developed its Environmental Questionnaire to obtain the required

information and ensure that its decision-making processes are consistent with NEPA as it relates to renewable energy and energy efficiency research and development and demonstration projects. Minor changes have been made to the Environmental Questionnaire that help to clarify certain questions, but do not change the meaning of the questions being asked. The average hours per response have increased from one hour to one and one half hours. The annual estimated number of burden hours increased from 300 to 443; (5) *Annual Estimated Number of Total Responses*: 300; (6) *Average Hours per Response*: 1.5; and (7) *Annual Estimated Number of Burden Hours*: 443. (8) There is no cost associated with reporting and recordkeeping.

Statutory Authority: National Environmental Policy Act (NEPA) (42 U.S.C. 4321 *et seq.*).

Signing Authority

This document of the Department of Energy was signed on October, 28, 2020, by Matthew Blevins, Director, Environment, Safety and Health Office, Golden Field Office, Office of Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on October 29, 2020.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Extension With Changes

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice and request for comments.

SUMMARY: EIA invites public comment on the proposed three year extension, with changes, to Form EIA-846 Manufacturing Energy Consumption Survey Report as required under the Paperwork Reduction Act of 1995. The report is part of EIA's comprehensive energy data program. Form EIA-846 Manufacturing Energy Consumption Survey Report (Quadrennial) collects information on energy consumption, expenditures, and building characteristics from establishments in the manufacturing sector.

DATES: EIA must receive all comments on this proposed information collection no later than January 4, 2021. If you anticipate any difficulties in submitting your comments by the deadline, contact the person listed in the **ADDRESSES** section of this notice as soon as possible.

ADDRESSES: Mail comments to Tom Lorenz, U.S Energy Information Administration, EI-22, 1000 Independence Avenue SW, Washington, DC 20585. Submit comments electronically to Thomas.Lorenz@eia.gov.

FOR FURTHER INFORMATION CONTACT: Tom Lorenz by phone at (202) 586-3442, or by email at Thomas.Lorenz@eia.gov. The forms and instructions of EIA-846 Manufacturing Energy Consumption Survey are available on EIA's website at www.eia.gov/survey/.

SUPPLEMENTARY INFORMATION: This information collection request contains:

- (1) *OMB No.*: 1905-0169.
 - (2) *Information Collection Request Title*: Manufacturing Energy Consumption Survey (MECS).
 - (3) *Type of Request*: Extension with changes.
 - (4) *Purpose*: Form EIA-846, is a self-administered sample survey that collects energy consumption and expenditures data from establishments in the manufacturing sector; *i.e.*, North American Industry Classification System (NAICS) sector codes 31-33. The information from this survey is used to publish aggregate statistics on the energy consumption of the manufacturing sector including energy used for fuel and nonfuel purposes. The survey also gathers information on energy-related issues such as energy prices, on-site electricity generation, purchases of electricity from utilities and non-utilities, and fuel switching capabilities. MECS is also used to benchmark EIA's industry forecasting model and update changes in the energy intensity and greenhouse gases data series.
- (4a) *Proposed Changes to Information Collection*: EIA proposes making a

change to the survey collection cycle of Form EIA-846. EIA proposes to change the frequency of data collection for the MECS from a quadrennial collection cycle to a triennial collection cycle. The change in frequency is in response to the public and other users need for more timely EIA energy consumption data. Additionally, changing to a triennial collection cycle maximizes the efficiency of EIA's resource allocation.

(5) *Annual Estimated Number of Respondents*: 15,000.

(6) *Annual Estimated Number of Total Responses*: 5,000.

(7) *Annual Estimated Number of Burden Hours*: 46,082.

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden*: EIA estimates that respondents will have no additional costs associated with the surveys other than burden hours.

Comments are invited whether or not:

(a) The proposed collection of information is necessary for the proper performance of agency functions, including whether the information will have a practical utility; (b) EIA's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used, is accurate; (c) EIA can improve the quality, utility, and clarity of the information it will collect; and (d) EIA can minimize the burden of the collection of information on respondents, such as automated collection techniques or other forms of information technology.

Statutory Authority: 15 U.S.C. 772(b) and 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on October 29, 2020.

Samson A. Adeshiyan,

Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.
