eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Dated: January 8, 2025.

Carlos D. Clay,

Acting Deputy Secretary.

[FR Doc. 2025-00766 Filed 1-14-25; 8:45 am]

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Privacy Act of 1974; System of Records

AGENCY: Federal Energy Regulatory Commission (FERC), Department of Energy (DOE).

ACTION: Rescindment of system of records notice.

SUMMARY: Pursuant to the Privacy Act of 1974 and Office of Management and Budget (OMB) Circular No. A-108, the Federal Energy Regulatory Commission (Commission or FERC) proposes to rescind two existing systems of records notices (SORNs). The Rescindment of System of Records Notice identifies the systems of records and explains why each is being rescinded.

DATES: Comments on this rescindment notice must be received no later than 30 days after the date of publication in the **Federal Register**. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by FERC, the rescindment will become effective a minimum of 30 days after the date of publication in the **Federal Register**. If FERC receives public comments, FERC shall review the

comments to determine whether any changes to the notice are necessary.

ADDRESSES: Comments may be submitted in writing to Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, or electronically to privacy@ferc.gov. Comments should indicate that they are submitted in response to "Management, Administrative, and Payroll System (MAPS) (FERC-36)" and "Commission Employee Assistance Program Records (FERC-54)".

FOR FURTHER INFORMATION CONTACT:

Michelle Lipinski, Director, Human Resources Division, Office of the Executive Director, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, (202) 502-6852.

SUPPLEMENTARY INFORMATION: Two (2) systems of records were identified for rescindment from the FERC's Privacy Act systems of records inventory. Those two systems of records were identified for rescindment because: (1) the records will be maintained as part of a modified system of records; or (2) the records are no longer maintained by FERC.

1. OMB requires that each agency provide assurance that systems of records do not duplicate any existing agency or government-wide systems of records (Appendix I, OMB Circular A-130). Management, Administrative, and Payroll System (MAPS) (FERC-36) was identified for rescindment because FERC is no longer using the Management, Administrative, and Payroll System (MAPS) and is instead using Federal Personnel Payroll System (FPPS) which is covered by Federal Personnel and Payroll Records (FERC-57) and PeopleSoft Financials which is covered by Financial Management Records (FERC-56).

2. Commission Employee Assistance Program Records (FERC-54) was identified for rescindment because FERC no longer keeps records on employees who have been counseled or referred to the Employee Assistance Program for problems relating to alcoholism, drug abuse, job stress, chronic illness, family or relationship concerns, emotional and other similar issues. Instead, records of employees who sought assistance through that program are maintained by the Federal Occupational Health Program which is part of the Department of Health and Human Services.

SYSTEM NAME(S) AND NUMBER(S):

Management, Administrative, and Payroll System (MAPS) (FERC-36)
Commission Employee Assistance Program Records (FERC-54)

HISTORY:

System No.	Federal Register No. and publication date
FERC-36	65 FR 21753 (April 24, 2000).
FERC-54	65 FR 21763 (April 24, 2000).

Issued: January 8, 2025.

Debbie-Anne A. Reese,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25-37-000]

Transwestern Pipeline Company, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on December 20, 2024, Transwestern Pipeline Company, LLC (Transwestern), 1300 Main Street, Houston, Texas, 77002, filed an application under section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization for its WT-0 Compressor Station Project (Project). The Project involves the construction of a new WT-0 Compressor Station including one new Solar Mars 90 natural gas turbine-driven compressor unit providing 13,220 horsepower in Chaves County, New Mexico. The Project will enable Transwestern to deliver up to 80,000 million British thermal units per day of new firm transportation capacity of natural gas to be utilized by ETC Marketing, Ltd. Transwestern estimates the total cost of the Project to be \$51,990,551 and proposes a negotiated rate with service provided under Rate Schedule FTS-1 for the cost recovery, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three

digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Blair Lichtenwalter, Senior Director of Certificates, Transwestern Pipeline Company, LLC, 1300 Main Street, Houston, Texas 77002, by phone at (713) 989-2605, or by email at blairlichtenwalter@energytransfer.com.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing, and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on January 29, 2025. How to file protests, motions to intervene, and comments is explained below.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and

others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before January 29, 2025.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP25-37-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them

to the following address below. Your written comments must reference the Project docket number (CP25-37-000).

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is January 29, 2025. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the

project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to-intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP25–37–000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP25–37–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Blair Lichtenwalter, Senior Director of Certificates, 1300 Main Street, Houston, Texas 77002, or by email (with a link to the document) at blairlichtenthalter@energytransfer.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the

intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208–FERC, or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on January 29, 2025.

Dated: January 8, 2025.

Debbie-Anne A. Reese,
Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project Nos. 2942–057; 2984–128]

Presumpscot Hydro LLC and Dichotomy Power Maine LLC; Notice of Intent To Prepare an Environmental Assessment

On June 20, 2023, and supplemented October 31, 2023, Presumpscot Hydro LLC, and Dichotomy Power Maine LLC¹ (co-licensees) filed a Non-capacity Amendment of License for the Dundee

Project No. 2942 and Eel Weir Project No. 2984. The Dundee Project is located on the Presumpscot River in Cumberland County, Maine, and the Eel Weir Project is located at the outlet of Sebago Lake on the Presumpscot River in Cumberland County, Maine. The projects do not occupy federal lands.

The co-licensees propose to upgrade two generating units and to construct a new transformer at the Eel Weir Project. The unit upgrades would increase the authorized installed capacity from 1.80 megawatts (MW) to 1.99 MW and decrease the total hydraulic capacity of the powerhouse from 822 to 796 cubic feet per second. The co-licensees also propose modifications to the transmission lines at both the Dundee and the Eel Weir projects. Specifically, the co-licensees propose to remove the 3.5-mile-long, 11-kV primary transmission line from Eel Weir Station to Dundee Station from the Eel Weir project boundary, and construct a new transformer at the Eel Weir Station and a new 12.5-kV primary transmission line using an existing 0.62-mile-long right-of-way along the power canal, to tie into the North Windham Substation on Route 35. At the Dundee Project, the co-licensees propose to remove the 10-mile-long, 11-kV North and South Feeder Lines from the Dundee Station to Westbrook from the project boundary, and instead transmit power from the Dundee Station to the new transformer at the Eel Weir Station using the existing 3.5-mile-long, 11-kV transmission line from Dundee to Eel Weir. On December 7, 2023, the Commission issued a public notice for the proposed amendment. The notice established January 8, 2024, for filing responses to the notice. No comments or motions to intervene were received.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the project.² Commission staff plans to issue an EA by May 5, 2025. Revisions to the schedule may be made as appropriate. The EA will be issued for a 30-day comment period. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members, and

⁹ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

¹⁰ 18 CFR 385.214(c)(1).

¹¹ 18 CFR 385.214(b)(3) and (d).

¹ On July 8, 2024, and November 14, 2024, the licensee filed a notice that its name changed to Relevance Power Maine LLC.

² In accordance with the Council on Environmental Quality's regulations, the unique identification number for documents relating to this environmental review is EAXX–019–20–000–1734683238. 40 CFR 1501.5(c)(4) (2024).
