SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we finalize the CCP process for the refuge. We started this process through a **Federal Register** notice on March 12, 2007 (72 FR 11047).

We announce our decision and the availability of the final CCP and FONSI for Cabo Rojo NWR in accordance with the National Environmental Policy Act (NEPA) (40 CFR 1506.6(b)) requirements. We completed a thorough analysis of impacts on the human environment, which we included in the draft comprehensive conservation plan and environmental assessment (Draft CCP/EA).

Compatibility determinations for access to sea fishing and fishermen facility; research, investigations, surveys, and monitoring; camping (associated with environmental education and interpretation, and conservation projects); commercial harvesting of sea salt; wildlife observation, wildlife photography, environmental education, and interpretation; bicycling, hiking, walking, and jogging; and haying are available in the CCP.

Background

The CCP Process

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management

direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Comments

We made copies of the Draft CCP/EA available for a 30-day public review and comment period via a **Federal Register** notice on May 2, 2011 (76 FR 24511). Several comments were received.

Selected Alternative

We developed three alternatives for managing the refuge. After considering the comments we received and based on the professional judgment of the planning team, we selected Alternative C for implementation. We will place emphasis on improving habitat for wildlife. We will actively manage endangered plant populations, including *Aristida chaseae*. Activities to be expanded or introduced under this alternative will include: (1) Managing endangered plant populations and reducing the occurrence of exotic species; (2) exploring opportunities to control and manage water levels in the saltwater lagoons; (3) establishing and managing a new and larger nursery to increase reforestation of native tree species in upland areas; (4) restoring additional freshwater and saltwater ponds to increase avian habitat; (5) expanding the use of volunteers to increase habitat restoration activity; and (6) proactively expanding research collaboration with universities.

We will also provide greater support to our visitor services program, with emphasis on the following: (1) Developing a curriculum-based environmental education program; (2) expanding the role of our friends group, to include staff and interpretation services at the new visitor services center; (3) opening the new headquarters building in 2012; (4) reviewing and updating our brochures and Web site, including offering a Spanish version of the Web site; (5) updating our current kiosks and building new kiosks along the trail system; (6) expanding the volunteer program to also provide assistance with public use activities; (7) seeking and developing new partnerships, particularly with regard to trail maintenance; and (8) adding additional signage to clarify refuge uses.

Additional staff will be required to implement this alternative, including: biologist, biological technician, two engineering equipment operators, park ranger (environmental education), volunteer coordinator, GIS specialist, forestry technician, and law enforcement officer (to be shared with Laguna Cartagena National Wildlife Refuge).

INTERNATIONAL TRADE COMMISSION

[Docket No. 2907]

Certain Two-Way Global Satellite Communication Devices, System and Components Thereof; Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Two-Way Global Satellite Communication Devices, System and Components Thereof*, DN 2907; the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing under section 210.8(b) of the Commission's Rules of Practice and Procedure (19 CFR 210.8(b)).

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Acting Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E

Street SW., Washington, DC 20436, telephone (202) 205–2000.

General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to section 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of BriarTek IP, Inc. on August 17, 2012. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain satellite communication devices, systems. The complaint names as respondents Delorme Publishing Company Inc. of ME; Delorme InReach LLC (d/b/a InReach LLC) of ME; and Yellowbrick Tracking Ltd. of UK.

Proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five (5) pages in length, inclusive of attachments, on any public interest issues raised by the complaint or section 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;
- (ii) Identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;
- (iii) Identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) Indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to

replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

- (v) Explain how the requested remedial orders would impact United States consumers.

Written submissions must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the docket number ("Docket No. 2907") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf). Persons with questions regarding filing should contact the Secretary (202–205–2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of sections 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: August 17, 2012.

Lisa R. Barton,

Acting Secretary to the Commission.
