Title of Proposed: Low Income Housing Tax Credit Database.

OMB Approval Number: 2528–0165.

Form Numbers: None.

Description of the need for the information and proposed use: Section 2835(d) of the Housing and Economic Recovery Act, or HERA, (Pub. L. 110–

289, approved July 30, 2008) amends Title I of the U.S. Housing Act of 1937 (42 U.S.C. 1437 et seq.) (1937 Act) to add a new section 36 (to be codified as 42 U.S.C. 1437z-8) that requires each state agency administering tax credits under section 42 of the Internal Revenue Code of 1986 (low-income housing tax credits or LIHTC) to furnish HUD, not less than annually, information concerning the race, ethnicity, family composition, age, income, use of rental assistance under section 8(o) of the U.S. Housing Act of 1937 or other similar assistance, disability status, and monthly rental payments of households residing in each property receiving such credits through such agency. New section 36 requires HUD to establish standards and definitions for the

information to be collected by state agencies and to provide states with technical assistance in establishing systems to compile and submit such information and, in coordination with other federal agencies administering housing programs, establish procedures to minimize duplicative reporting requirements for properties assisted under multiple housing programs. In 2010, OMB approved the first collection instrument used for the collection of LIHTC household information (OMB Approval No. 2528–0165, expiration date 05/31/2013). HUD used the previously approved form to collect data on LIHTC tenants in 2009, 2010 and 2011. Renewal of this form is required for HUD to remain in compliance with the statute.

SUPPLEMENTARY INFORMATION:

I. Background

On May 3, 2012 (77 FR 26304) and consistent with the Paperwork Reduction Act of 1995 (PRA), HUD published for public comment, for a period of 60 days, a notice (60-day Notice) advising that HUD was updating and revising a set of production, underwriting, asset management, closing, and other documents used in connection with transactions involving healthcare facilities, excluding hospitals, that are insured pursuant to section 232 of the National Housing Act (Section 232). These documents are referred to collectively as the healthcare facility documents. The 60-day Notice followed adoption of updates and revisions to documents used for FHA's multifamily programs, and initiated the public review process for obtaining approval of changes to these specific healthcare facility documents under the PRA. In conjunction with publication of the 60-day Notice, the proposed revised healthcare facility documents were made available at: www.hud.gov/232forms.

Along with the 60-day Notice, HUD also published on May 3, 2012, at 77 FR 26218, a proposed rule that proposed to strengthen regulations for HUD's Section 232 program to reflect current policy and practices, and to improve accountability and strengthen risk management. A final rule following the May 3, 2012, proposed rule, and taking into consideration public comment received on the proposed rule, was published on September 7, 2012, at 77 FR 55120 (2012 Final 232 Rule).

As a special outreach to the public on proposed changes to the Section 232 program regulations, HUD hosted a forum, the "Section 232 Document and Proposed Rule Forum" on May 31, 2012, in Washington, DC. A video of this forum is available on the HUD Web site at <http://portal.hud.gov/hudportal/HUD?src=/press/multimedia/videos>. While comments were raised and discussed at the forum, as reflected in the video, HUD encouraged forum participants to file written comments through the www.regulations.gov Web site so that all comments would be more easily accessible to interested parties.

All comments, whether submitted through www.regulations.gov or raised at the forum, were considered in the development of the revised documents which were published on November 21, 2012 (77 FR 69870), and for which, consistent with the PRA, comment was solicited for an additional 30 days.

In the 30-day PRA notice published on November 21, 2012 (77 FR 69870) (30-day Notice) HUD identified substantive changes that were made to the healthcare facility documents in response to public comments submitted on the 60-day Notice, responded to significant issues raised by the commenters, and identified proposed additional changes based on further consideration of certain issues. All the public comments submitted on the proposed updated documents were available for review on www.regulations.gov, and a HUD web page included proposed mark-ups of the documents. The documents can be found on HUD's Web site at: www.hud.gov/232forms.

This notice published today announces that HUD has completed the notice and comment processes required by the PRA, and that OMB has completed its review and has assigned an OMB control number 2502-0605 to the documents. HUD made additional changes to the documents in response to comments submitted on the 30-day Notice. Therefore, in addition to announcing the completion of the process required by the PRA and the assignment of the OMB control number, HUD highlights some of the additional changes made to the healthcare facility documents (documents) in response to public comment as provided below.

II. Status of Changes to Documents

In response to comments that were received on the 60-day Notice and the 30-day Notice, HUD made a number of revisions to the documents. The changes to these documents include both technical editorial changes and some more substantive changes.

This notice does not provide a detailed summary of all of the changes made or responses to all of the issues raised in the final set of public comments on the 30-day Notice. Rather, the discussion in the following sections
