Foreign-Trade Zones Board

[B-69-2014]

Foreign-Trade Zone (FTZ) 155—Calhoun/Victoria Counties, Texas; Notification of Proposed Production Activity; Tenaris Bay City, Inc. (Seamless Steel Tubes and Pipes); Bay City, Texas

The Calhoun-Victoria Foreign-Trade Zone, Inc., grantee of FTZ 155, submitted a notification of proposed production activity to the FTZ Board on behalf of Tenaris Bay City, Inc. (Tenaris), located in Bay City, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on September 25, 2014.

The applicant indicates that a separate application for subzone designation at the Tenaris facility will be submitted. Any such application would be processed under Section 400.38 of the Board's regulations. The Tenaris facility is used for the production of seamless steel tubes and pipes used in oil and gas production as well as other industrial applications (oil country tubular good casings and line pipes). Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Tenaris from customs duty payments on the foreign status components used in export production. On its domestic sales, Tenaris would be able to choose the duty rates during customs entry procedures that apply to: Line pipes of iron or non-alloy steel; line pipes of other alloy steel; threaded or coupled casings of iron or non-alloy steel; non-threaded or non-coupled
