Scoping Meetings

Due to on-going concerns with large gatherings related to COVID–19, we do not intend to hold in-person public scoping meetings or an in-person environmental site review. Rather, we will hold virtual public scoping meetings and a virtual environmental site review. The daytime scoping meeting will focus on resource agency, Indian tribes, and non-governmental organization (NGO) concerns, while the evening scoping meeting will focus on receiving input from the public. We invite all interested agencies, Native American tribes, NGOs, and individuals to attend one of these meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document. These meetings will also cover the Black River Hydroelectric Project (P–2538–093) and the Beebe Island Hydroelectric Project (P–2569–150), as those projects have the same applicant who filed a PAD and NOI simultaneously with these projects.

The dates and times of these meetings are as follows:
