I. Background

BLS enters into Cooperative Agreements with State Employment Security Agencies (SESAs) annually to provide financial assistance to the SESAs for the production and operation of the following LMI statistical programs: Current Employment Statistics, Local Area Unemployment Statistics, Occupational Employment Statistics, Covered Employment and Wages Report, and Mass Layoff Statistics. The Cooperative Agreement provides the basis for managing the administrative and financial aspects of these programs.

The BLS is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Action

Office of Management and Budget (OMB) clearance is being sought for the LMI Cooperative Agreement. The existing collection of information allows Federal staff to negotiate the Cooperative Agreement with the SESAs and monitor their financial and programmatic performance and adherence to administrative requirements imposed by common regulations implementing OMB Circular A-102 and other grant-related regulations. The information collected also is used for planning and budgeting at the Federal level and in meeting Federal reporting requirements.
