

cokendolpheri), and Helotes mold beetle (*Batrissodes venyivi*). Seven additional species have been identified as potentially affected by the proposed covered activities and maybe considered for inclusion in the RHCP: Whooping crane (*Grus americana*), big red sage (*Salvia penstemonoides*), to busch fishhook cactus (*Sclerocactus brevihamatus* ssp *tobuschii*), bracted twistflower (*Streptanthus bracteatus*), golden orb (*Quadrula aurea*), Texas pimpleback (*Quadrula petrina*), and Texas fatmucket (*Lampsilis bracteata*). Incidental take authorization for these additional species may be necessary during the term of the ITP. Inclusion of these species will be determined during the RHCP planning and development process. The RHCP may include conservation measures to benefit these species, where practicable, and support research to help fill data gaps regarding the biology, habitat, distribution, and/or management of these species, even if incidental take coverage is not requested under the ITP.

Candidate and Federally listed species not likely to be taken by the covered activities, and therefore not covered by the proposed ITP, may also be addressed in the draft RHCP to explain why the applicants believe these species will not be taken.

Counties included in the proposed permit area are Bexar, Medina, Bandera, Kerr, Kendall, Blanco, and Comal Counties.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that the entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Environmental Review

The Service will conduct an environmental review to analyze the proposed action, as well as other alternatives evaluated and the associated impacts of each. The draft EIS will be the basis for the impact evaluation for each species covered and the range of alternatives to be addressed. The draft EIS is expected to provide biological descriptions of the affected species and habitats, as well as the effects of the alternatives on other

resources, such as vegetation, wetlands, wildlife, geology and soils, air quality, water resources, water quality, cultural resources, land use, recreation, water use, local economy, and environmental justice.

Following completion of the environmental review, the Service will publish a notice of availability and a request for comment on the draft EIS and the applicants' permit application, which will include the draft RHCP. The draft EIS and draft RHCP are expected to be completed and available to the public in late 2011.

Bureau of Indian Affairs

Final Determination Against Federal Acknowledgment of the Choctaw Nation of Florida

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of Final Determination.

SUMMARY: Notice is hereby given that the Department of the Interior (Department) declines to acknowledge that the group known as the "Choctaw Nation of Florida" (CNF, formerly known as the Hunter Tsalagi-Choctaw Tribe), Petitioner #288, c/o Mr. Alfonso James, Jr., Post Office Box 6322, Marianna, Florida 32447, is an American Indian group that exists as an Indian tribe under Department procedures. This notice is based on a determination that the petitioner does not meet one of the seven mandatory criteria set forth in 25 CFR 83.7, specifically criterion 83.7(e), descent from a historical Indian tribe, and therefore, the Department may not acknowledge the petitioner under 25 CFR part 83. Based on the limited nature and extent of comment and consistent with previous practices, the Department did not produce a detailed report or other summary under the criteria pertaining to this FD. This notice is the Final Determination (FD).

DATES: This determination is final and will become effective 90 days from
