BILLING CODE 6730-01-P

GENERAL SERVICES ADMINISTRATION

Federal Supply Service

Household Goods Tender of Service

AGENCY: Federal Supply Service, GSA.

ACTION: Notice of final issuance of the
GSA Household Goods Tender of
Service.

SUMMARY: The General Services
Administration (GSA), in compliance
with 41 U.S.C. 418b, has finalized the
GSA Household Goods Tender of
Service (HTOS) which may be accessed
as described in the Supplementary
Information of this notice. The HTOS
combines the Domestic Tender of
Service (DTOS), effective January 2,
1996, and the International Tender of
Service (ITOS), effective October 1,
1995, into a single document. It
establishes a uniform basis for
purchasing transportation, accessorial
services, and storage-in-transit for
personal effects, unaccompanied
baggage, and privately owned vehicles
of Federal civilian employees relocated
in the interest of the Government.

EFFECTIVE DATE: June 12, 2002.

FOR FURTHER INFORMATION CONTACT: Ms.
Lynn Ju, Transportation Programs
Branch, by phone at 703-305-7060 or
by e-mail at lynnette.ju@gsa.gov.

SUPPLEMENTARY INFORMATION:

Agreement to abide by the provisions of
the HTOS is a prerequisite for any
carrier or household goods forwarder

that wishes to participate in GSA's
Centralized Household Goods Traffic
Management Program (CHAMP). GSA's
Federal customer agencies benefit from
the HTOS which leverages the
Government's buying power to provide
agencies standardized, cost effective
household goods transportation
services.

The HTOS was published in the
Federal Register for comment on
December 21, 2001 (66 FR 246).
Comments, due by February 19, 2002,
were received from the American
Moving and Storage Association
(AMSA), and Steven's Van Lines. GSA
considered all comments received in
finalizing the document for publication,
incorporated changes where
appropriate, and reconciled with the
commenting organizations those
comments that were not adopted with
one exception. One commenting
organization pointed out the need to
correct numerous "Government Bill of
Lading (GBL)" references since the GBL
was retired on March 31, 2002. GSA
must carefully evaluate each reference—
a time consuming process. Some
references are appropriate since the GBL
still may be used for international
shipments. GSA will continue its
evaluation and issue a subsequent
HTOS amendment to correct any
references that are inappropriate. The
reissued HTOS effectively cancels the
current DTOS and ITOS and all their
supplements. The final HTOS is
available through the Internet at the
following site: <http://www.r6.gsa.gov/fss/fsstt/hhg/tos.htm>. If you are unable
to access this information, please notify
the point of contact listed above.

Dated: June 6, 2002.

Tauna T. Delmonico,

*Director, Travel and Transportation
Management Division.*

BILLING CODE 6820-24-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Cooperative Agreement With the Association of American Medical Colleges To Support Research Integrity Within Academic Societies

AGENCY: Department of Health and
Human Services (DHHS). Office of the
Secretary, Office of Public Health and
Science, Office of Research Integrity.

ACTION: Notice.

SUMMARY: The Office of Research
Integrity (ORI), Office of Public Health
and Science, DHHS, announces its plan
to support a single source cooperative
agreement with the Association of
American Medical Colleges (AAMC).
The purposes of this cooperative
agreement is to engage the help of
AAMC in encouraging academic
societies to take measures to promote
research integrity activities within their
organizations.

Authority: This Cooperative Agreement is
authorized under Section 1707(e)(1) of the
Public Health Service Act, as amended.

FOR FURTHER INFORMATION CONTACT:
Director, Division of Education and
Integrity, Office of Research Integrity,
5515 Security Lane, Suite 700,
Rockville, MD 20852. (301) 443-5300.

SUPPLEMENTARY INFORMATION: Academic
societies play a crucial role in defining
and promoting standards for the
responsible conduct of research.

However, it has also been suggested that academic societies could be more active in filling this role. To this end, ORI plans to provide a single source cooperative agreement with the AAMC. The purpose of this cooperative agreement is to provide financial resources to the AAMC so that they will award grants to the targeted academic societies to undertake activities aimed at promoting the responsible conduct of research.

The total award to AAMC will amount to approximately \$275,000, of which \$25,000 will be used for administrative expenses. The remaining \$250,000 will be for proposed grants awards, subdivided into two categories. The first category will fund approximately 10 small grants of \$5,000 each to support single events or limited activities such as a special meeting, a national conference, or a publication. The second category will fund approximately eight larger grants of \$25,000 each. These grants will be used for major program initiatives aimed at promoting the responsible conduct of research.

As part of the May 2000 reorganization of the Office of Research Integrity, the Division of Education and Integrity, ORI, was directed to "develop and implement, in consultation with the Public Health Service agencies, activities and programs for PHS intramural and extramural research to teach the responsible conduct of research, promote research integrity, [and] prevent research misconduct." The House Appropriation Committee Report for FY 2002 further urged that ORI form "a strong partnership [with] the extramural research community in both the development and implementation of ORI's policies and procedures." AAMC is ideally and uniquely suited to assist ORI in forming partnerships with the extramural community that will foster the responsible conduct of research, promote research integrity, and thereby prevent research misconduct.

Founded in 1876, AAMC is a leading association organized for the purpose of improving the nation's health through the advancement of medical schools, teaching hospitals, and academic societies. It is comprised of 125 accredited U.S. medical schools, 400 major teaching hospitals and health systems, and 98 academic and professional societies representing over 100,000 members, including the nation's medical students and residents. AAMC has been instrumental in providing a continuing forum for the discussion and exchange of information not only within its membership but also

among academic researchers more broadly, from the clinical sciences to basic research. No other academic organization has such a diverse membership and at the same time is so directly associated with the research programs sponsored by DHHS.

AAMC is uniquely qualified to assist ORI in reaching out to academic societies. The AAMC has demonstrated over the years that it can work successfully with the scientific community, which includes academic societies, by (1) providing information through educational conferences, seminars, and publications and (2) advocating with key congressional members and government agencies. Over the years, AAMC has also shown its ability to partner with other organizations, including government entities, such as Centers for Disease Control and Prevention. AAMC is comprised of five components. One of its components is the Council of Academic Societies (CAS). Therefore, it is because of this organizational relationship that the AAMC has a unique capacity to work directly with key academic societies that intersect with the PHS constituent community in a number of distinct ways, *e.g.*, education, research, administration, health care delivery, and policy functions. Contact with key constituent communities will be organized through AAMC's Council of Academic Societies (CAS), one of five constituent components. ORI is confident, based on these important and unique characteristics, that AAMC is the only organization that can effectively bridge the gap between the relevant academic societies and the need to promote research integrity in fields that are directly relevant to the work of PHS.

The ORI will assume substantial programmatic involvement in this project. It will work cooperatively with AAMC in establishing specific goals for this program and participate in the peer review of the grants. It will also assist in announcing of the project and the grant results.

(OMB Catalog of Federal Domestic Assistance: The Catalog of Federal Domestic Assistance number for this Cooperative Agreement is CFDA #93.004)

Dated: June 6, 2002.

Chris B. Pascal,

Director, Office of Research Integrity.

BILLING CODE 4150-31-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

President's Council on Physical Fitness and Sports

AGENCY: Office of the Secretary, Office of Public Health and Science.

ACTION: Notice of meeting.

SUMMARY: As stipulated by the Federal Advisory Committee Act, the Department of Health and Human Services (DHHS) is hereby giving notice that the President's Council on Physical Fitness and Sports will hold a meeting. This meeting is open to the public. A description of the Council's functions is included also with this notice.

DATE AND TIME: June 21, 2002, from 8 a.m. to 12:45 p.m.

ADDRESSES: Department of Health and Human Services, Hubert H. Humphrey Building, Room 800, 200 Independence Avenue, SW., Washington, DC 20201.

FOR FURTHER INFORMATION, CONTACT: Lisa Oliphant, Executive Director, President's Council on Physical Fitness and Sports, Hubert H. Humphrey Building, Room 738H, 200 Independence Avenue, SW., Washington, DC 20201, (202) 690-5187.

SUPPLEMENTARY INFORMATION: The President's Council on Physical Fitness and Sports (PCPFS) was established in 1956 by President Eisenhower after published reports indicated that American boys and girls were unfit compared to the children of Western Europe. The Council has undergone two name changes and several reorganizations before arriving at its present status as a program office within the Office of Public Health and Science in the United States Department of Health and Human Services. It currently operates under directives issued in Executive Order 13265, as amended. PCPFS serves to promote physical activity and sports participation among all Americans. The primary functions of the Council include (1) to advise the President and Secretary concerning progress made in carrying out the provisions of the Executive Order and recommend to the President and Secretary, as necessary, actions to accelerate progress; (2) to advise the Secretary on ways and means of enhancing opportunities for participation in physical fitness and sports, and, where possible, to promote and assist in the facilitation and/or implementation of such measures; (3) to advise the Secretary regarding opportunities to extend and improve physical activity/fitness and sports programs and services at the national,
