Monument Advisory Committee Scheduled Meeting Location Change

AGENCIES: Bureau of Land Management, Interior and Forest Service, USDA.

ACTION: Notice.

SUMMARY: The Bureau of Land Management (BLM) and the United States Forest Service (USFS) announce a change of meeting location for the December 2, 2006 scheduled meeting of the Santa Rosa and San Jacinto Mountains National Monument Advisory Committee (hereinafter referred to as “MAC”).

The meeting is scheduled to begin at 9 a.m. at the Mountain Station of the

Palm Springs Aerial Tramway, One Tramway Road, Palm Springs, California 92262. A special FREE Tram, leaving promptly at 8:45 a.m., is being provided for all MAC members, the media and members of the public interested in attending and speaking during the Public Comment period.

The focus of MAC meetings is implementation of the Santa Rosa and San Jacinto Mountains National Monument Management Plan. Members of the public and the media are encouraged to attend and participate in MAC meetings. The Public Comment period begins at 11 a.m. A sign-up sheet for speakers will be available at the entrance of the meeting room on the day of the meeting. Speakers are requested to hold their comments to five minutes. Speakers may provide a written copy of their remarks and any additional remarks for inclusion in the meeting minutes.

An agenda will be posted on the Santa Rosa and San Jacinto Mountains National Monument Home Page at http://www.blm.gov/ca/palmsprings/santarosa/srsj_meetings.html, along with any other additional information for this meeting.

All National Monument meetings are open to the public with attendance limited only by the space available. Individuals attending who need special assistance, such as sign language interpretations or other reasonable accommodations, should notify the contact person listed below at least two weeks in advance of the meeting.

DATES: December 2, 2006; Free Tram ride departs the Valley Station of the Palm Springs Aerial Tramway at 8:45 a.m.; meeting begins at 9 a.m.; Public Comment period begins at 11 a.m.

ADDRESSES: December 2, 2006 meeting is being held at the Mountain Station of the Palm Springs Aerial Tramway, One Tramway Road, Palm Springs, California 92262.

FOR FURTHER INFORMATION CONTACT:

Written comments should be sent to the Santa Rosa and San Jacinto Mountains National Monument Manager, in-care-of the Bureau of Land Management, P.O. Box 581260, North Palm Springs, CA 92258; by telephone (760) 251–4800, fax (760) 251–4899; or e-mail ca_srsj_nm@ca.blm.gov. Additional information regarding the National Monument and the MAC is posted on the National Monument Web pages located at: http://www.ca.blm.gov/palmsprings/santarosa/santa_rosa_national_monument.html.

Documents pertinent to this notice, including comments with the names and addresses of respondents, will be

available for public review at the BLM Palm Springs-South Coast Field Office, 690 W. Garnet Avenue, North Palm Springs, California, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except for holidays.

SUPPLEMENTARY INFORMATION: Santa Rosa and San Jacinto Mountains National Monument was established to preserve nationally significant biological, cultural, recreational, geological, educational and scientific values found in the Santa Rosa and San Jacinto Mountains.

The MAC is a committee of volunteer citizens appointed to advise the Secretaries of the Interior and Agriculture with respect to implementation of the National Monument Management Plan. The Santa Rosa and San Jacinto Mountains National Monument Act of 2000 (16 U.S.C. 431 note) authorized establishment of the MAC.

The 272,000-acre National Monument encompasses 86,400 acres of Bureau of Land Management lands; 64,400 acres of Forest Service lands; 23,000 acres of Agua Caliente Band of Cahuilla Indians lands; 8,500 acres of California Department of Parks and Recreation lands; 35,800 acres of other State of California lands; and 53,900 acres of privately owned lands.

Dated: September 12, 2006.

Gail Acheson,

Field Manager, Bureau of Land Management, Palm Springs-South Coast Field Office.

Dated: September 21, 2006.

Laurie Rosenthal,

District Ranger, USDA Forest Service, San Jacinto Ranger District, San Bernardino National Forest.

Dated: September 25, 2006.

Jim Foote,

Monument Manager, Santa Rosa and San Jacinto Mountains, National Monument.

BILLING CODE 4310-GJ-P

DEPARTMENT OF THE INTERIOR

Minerals Management Service

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice of extension of an information collection (1010-0051).

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that will be submitted to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under “30 CFR 250, Subpart L, Oil and Gas Production Measurement, Surface Commingling, and Security.”

DATES: Submit comments by December 4, 2006.

ADDRESSES: You may submit comments by any of the following methods listed below. Please use the Information Collection Number 1010-0051 as an identifier in your message.

- Public Connect on-line commenting system, <https://occonnect.mms.gov>. Follow the instructions on the Web site for submitting comments.

- E-mail MMS at rules.comments@mms.gov. Identify with Information Collection Number 1010-0051 in the subject line.

- **Fax:** 703-787-1093. Identify with Information Collection Number 1010-0051.

- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; *Attention:* Rules Process Team (RPT); 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference “Information Collection 1010-0051” in your comments.

FOR FURTHER INFORMATION CONTACT:

Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulations that require the subject collection of information.

SUPPLEMENTARY INFORMATION:

Title: 30 CFR Part 250, Subpart L, Oil and Gas Production Measurement, Surface Commingling, and Security.

OMB Control Number: 1010-0051.

Abstract: The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation’s energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

The Federal Oil and Gas Royalty Management Act of 1982 (30 U.S.C. 1701, *et seq.*) at section 1712(b)(2) prescribes that an operator will “develop and comply with such minimum site security measures as the Secretary deems appropriate, to protect oil or gas produced or stored on a lease site or on the Outer Continental Shelf from theft.” These authorities and responsibilities are among those delegated to MMS under which regulations are issued to govern oil and gas and sulphur operations on the OCS. This information collection request addresses the regulations at 30 CFR part 250, subpart L, Oil and Gas Production Measurement, Surface Commingling, and Security, and the associated supplementary notices to lessees and

operators intended to provide clarification, description, or explanation of these regulations.

MMS uses the information collected under subpart L to ensure that the volumes of hydrocarbons produced are measured accurately and that royalties are paid on the proper volumes. Specifically, MMS needs the information to:

- Determine if measurement equipment is properly installed, provides accurate measurement of production on which royalty is due, and is operating properly;

- Obtain rates of production data in allocating the volumes of production measured at royalty sales meters, which can be examined during field inspections;

- Ascertain if all removals of oil and condensate from the lease are reported;

- Determine the amount of oil that was shipped when measurements are taken by gauging the tanks rather than being measured by a meter;

- Ensure that the sales location is secure and that production cannot be removed without the volumes being recorded; and

- Review proving reports to verify that data on run tickets are calculated and reported accurately.

MMS will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR 250.196, “Data and information to be made available to the public.” No items of a sensitive nature are collected. Responses are mandatory.

Frequency: Varies by section but primarily monthly or “on occasion.”

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas or sulphur lessees.

Estimated Reporting and Recordkeeping “Hour” and “Fee”

Burden: The currently approved annual reporting burden for this collection is 7,433 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, MMS assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.
