Subsequently, Michigan State University obtained items from the site that had been excavated by Chartkoff. In the summer of 2023, Michigan State University transferred these items to CSU Chico, to be repatriated with the ancestors and associated funerary objects from the Finch Site (CA–BUT–12) listed by CSU Chico in a Notice of Inventory Completion published in the *Federal Register* on June 29, 2023. The 56 associated funerary objects are one lot consisting of soil, three modified faunal elements, one organic item, two lots consisting of unmodified shells,

eight lots consisting of modified stones, four lots consisting of stone debitage, and 37 projectile points.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, CSU Chico has determined that:
