

1934, as amended (19 U.S.C. 81a–81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Act provides for “...the establishment... of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the Tyler Economic Development Council (the Grantee), a non-profit corporation, has made application to the Board (B–69–2021, docketed October 28, 2021) requesting the establishment of a foreign-trade zone under the ASF with a service area that encompasses a portion of Smith County, Texas, adjacent to the Shreveport-Bossier City Customs and Border Protection port of entry;

Whereas, notice inviting public comment has been given in the **Federal Register** (86 FR 60791–60792, November 4, 2021) and the application has been processed pursuant to the FTZ Act and the Board’s regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiners’ report, and finds that the requirements of the FTZ Act and the Board’s regulations are satisfied;

Now, therefore, the Board hereby grants to the Grantee the privilege of establishing a foreign-trade zone, designated on the records of the Board as Foreign-Trade Zone No. 299, as described in the application, and subject to the FTZ Act and the Board’s regulations, including Section 400.13, and to the Board’s standard 2,000-acre activation limit.

Dated: September 1, 2022.

Gina M. Raimondo,

Secretary of Commerce, Chairman and Executive Officer, Foreign-Trade Zones Board.

Sodium Nitrite From the Russian Federation: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that sodium nitrite from the Russian

Federation (Russia) is being, or is likely to be, sold in the United States at less than fair value (LTFV) during the period of investigation (POI) January 1, 2021, through December 31, 2021.

DATES: Applicable September 12, 2022.

FOR FURTHER INFORMATION CONTACT:

Paola Aleman Ordaz, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4031.

SUPPLEMENTARY INFORMATION:

Background

On June 28, 2022, Commerce published the *Preliminary Determination* in this LTFV investigation in the **Federal Register**.¹ Although we provided interested parties with an opportunity to comment on the *Preliminary Determination*, no interested party submitted comments. Accordingly, we did not make any changes to our *Preliminary Determination* and we there is no decision memorandum that accompanies this **Federal Register** notice.

Scope of the Investigation

The product covered by this investigation is sodium nitrite in any form, at any purity level, from Russia. For a full description of the scope of this investigation, see the appendix to this notice.

Use of Adverse Facts Available (AFA)

Pursuant to section 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), we have continued to base the dumping margin for the sole mandatory respondent, Uralchem, JSC, upon facts otherwise available, with adverse inferences, because it failed to respond to Commerce’s antidumping duty questionnaire.

All-Others Rate

As discussed in the *Preliminary Determination*, in the absence of a calculated estimated weighted-average dumping margin on the record of this investigation, Commerce has assigned the Petition² rate of 207.17 percent to all other producers and exporters, pursuant to section 735(c)(5)(A) of the Act.

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist:

Exporter/producer	Estimated weighted-average dumping margin (percent)	Cash deposit rate adjusted for subsidy offset (percent) ³
Uralchem, JSC	207.17	25.73
All Others	207.17	25.73

Disclosure

Normally, Commerce discloses to parties to the proceeding the calculations performed in connection with a final determination within five days of any public announcement of the final determination or, if there is no public announcement, within five days of the date of publication of the notice of the final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce based the sole respondent’s

dumping margin on the Petition rate, there are no calculations to disclose.

Continuation of Suspension of Liquidation

Commerce will direct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of entries of the merchandise described in the scope of this investigation where that merchandise was entered, or withdrawn from warehouse, for consumption on or after June 28, 2022, which is the date of publication of the *Preliminary*

Determination in this investigation in the **Federal Register**. Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), Commerce will also instruct CBP to require the posting of an antidumping duty cash deposit.

Commerce normally adjusts estimated weighted-average dumping margins determined in an LTFV investigation by the amount of the export subsidies countervailed in a companion countervailing duty (CVD) investigation to determine the antidumping duty cash deposit rates. Because there is a

of Sodium Nitrite from Russia: Responses to Second Supplemental Questions Regarding the Antidumping Duty Petition,” dated January 27, 2022, at Exhibit IV–34.

³ In the final determination in the companion countervailing duty (CVD) investigation, Commerce applied the AFA rate of 45.36 percent to each of the following export subsidy programs: (1) Preferential Lending by Sberbank to Restructure \$3.99 Billion in Uralchem Debt; (2) State Financing for Industrial

Export Projects; (3) Russian Export Center (REC) Lending; and (4) State Specialized Russian Export-Import Bank (Eximbank) Financing. We subtracted 181.44 percent, the sum of the export subsidy rates, from the estimated weighted-average dumping margin of 207.17 percent to derive the 25.73 percent cash deposit rate. See *Sodium Nitrite from the Russian Federation: Final Affirmative Countervailing Duty Determination*, 87 FR 38375 (June 28, 2022) (*Final CVD Determination*).
