

The Lower Mississippi River Waterway Safety Advisory Committee advises the U.S. Coast Guard on matters relating to communications, surveillance, traffic management, anchorages, development and operation of the New Orleans Vessel Traffic Service, and other related topics dealing with navigation safety on the Lower Mississippi River as required by the U.S. Coast Guard.

The Committee expects to meet at least two times annually. It may also meet for extraordinary purposes with the approval of the Designated Federal Officer. Each member serves for a term of 2 years. Members serve a maximum of two consecutive terms. All members serve at their own expense and receive no salary or other compensation from the Federal Government; however members may be reimbursed for travel and per diem.

We will consider applications for 25 positions that expire or become vacant on May 23, 2018. To be eligible, you should have experience regarding the transportation, equipment, and techniques that are used to ship cargo and to navigate vessels on the Lower Mississippi River and its connecting navigable waterways, including the Gulf of Mexico. The 25 positions available for application are as follows:

1. Five members representing River Port authorities between Baton Rouge, Louisiana, and the Head of Passes of the Lower Mississippi River, of which one member shall be from the Port of St. Bernard and one member from the Port of Plaquemines.

2. Two members representing vessel owners domiciled in the state of Louisiana.

3. Two members representing organizations which operate harbor tugs or barge fleets in the geographical area covered by the committee.

4. Two members representing companies which transport cargo or passengers on the navigable waterways in the geographical area covered by the Committee.

5. Three members representing State Commissioned Pilot organizations, with one member each representing the New Orleans-Baton Rouge Steamship Pilots Association, the Crescent River Port Pilots Association, and the Associated Branch Pilots Association.

6. Two at-large members who utilize water transportation facilities located in the geographical area covered by the committee.

7. Three members, each of which represents one of three categories: consumers, shippers, and importers-exporters that utilize vessels which

utilize the navigable waterways covered by the committee.

8. Two members representing those licensed merchant mariners, other than pilots, who perform shipboard duties on those vessels which utilize navigable waterways covered by the committee.

9. One member representing an organization that serves in a consulting or advisory capacity to the maritime industry.

10. One member representing an environmental organization.

11. One member representing the general public.

12. One member representing the Associated Federal Pilots and Docking Masters of Louisiana.

To be eligible, you should have experience regarding the transportation, equipment, and techniques that are used to ship cargo and navigate waterways, including the Gulf of Mexico.

Registered lobbyists are not eligible to serve on federal advisory committees in an individual capacity. See "Revised Guidance on Appointment of Lobbyists to Federal Advisory Committees, Boards and Commissions" (79 FR 47482, August 13, 2014).

The positions referred to in (1), (2), (3), (4), (5), (7), (8), (9), (10), and (12) are representatives.

The positions referred to in (6), and (11) are designated as a Special Government Employee as defined in Section 202(a), Title 18, U.S.C.

Applicants for appointment as a Special Government Employee are required to complete a Confidential Financial Disclosure Report (OGE Form 450). The U.S. Coast Guard may not release the reports or the information in them to the public except under an order issued by a Federal court or as otherwise provided under the Privacy Act (5 U.S.C. 552a). Applicants can obtain this form by going to the Web site of the Office of Government Ethics (www.oge.gov) or by contacting the individual listed above in **FOR FURTHER INFORMATION CONTACT**.

The Department of Homeland Security does not discriminate in selection of Committee members on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disabilities and genetic information, age, membership in an employee organization, or any other non-merit factor. The Department of Homeland Security strives to achieve a widely diverse candidate pool for all of its recruitment actions.

If you are interested in applying to become a member of the Committee, send your cover letter and resume to Lieutenant Brian Porter, Alternate

Designated Federal Officer of the Lower Mississippi River Waterway Safety Advisory Committee via one of the transmittal methods in the **ADDRESSES** section by the deadline in the **DATES** section of this notice. All email submittals will receive email receipt confirmation.

Dated: July 11, 2017.

D.R. Callahan,

Rear Admiral, U.S. Coast Guard, Commander, Eighth Coast Guard District.

BILLING CODE 9110-12-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2017-0002; Internal Agency Docket No. FEMA-B-1730]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: This notice lists communities where the addition or modification of Base Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, or the regulatory floodway (hereinafter referred to as flood hazard determinations), as shown on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports, prepared by the Federal Emergency Management Agency (FEMA) for each community, is appropriate because of new scientific or technical data. The FIRM, and where applicable, portions of the FIS report, have been revised to reflect these flood hazard determinations through issuance of a Letter of Map Revision (LOMR). The LOMR will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings. For rating purposes, the currently effective community number is shown in the table below and must be used for all new policies and renewals.

DATES: These flood hazard determinations will become effective on the dates listed in the table below and revise the FIRM panels and FIS report in effect prior to this determination for the listed communities.

From the date of the second publication of notification of these changes in a newspaper of local circulation, any person has 90 days in which to request through the community that the Deputy Associate Administrator for Insurance and Mitigation reconsider the changes. The flood hazard determination information may be changed during the 90-day period.

ADDRESSES: The affected communities are listed in the table below. Revised flood hazard information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

Submit comments and/or appeals to the Chief Executive Officer of the community as listed in the table below.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The specific flood hazard determinations are not described for each community in this notice. However, the online location and local community map repository address where the flood hazard determination information is available for inspection is provided.

Any request for reconsideration of flood hazard determinations must be

submitted to the Chief Executive Officer of the community as listed in the table below.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The flood hazard determinations are in accordance with 44 CFR 65.4.

The affected communities are listed in the following table. Flood hazard determination information for each community is available for inspection at both the online location and the respective community map repository address listed in the table below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison. (Catalog of Federal Domestic Assistance No. 97.022, "Flood Insurance.")

Dated: June 16, 2017.

Roy E. Wright,

Deputy Associate Administrator for Insurance and Mitigation, Department of Homeland Security, Federal Emergency Management Agency.
