## DEPARTMENT OF COMMERCE

### Census Bureau

#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Vehicle Inventory and Use Survey

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication

of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 15, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

**Agency:** U.S. Census Bureau, Commerce.

**Title:** Vehicle Inventory and Use Survey.

**OMB Control Number:** 0607-0892.

**Form Number(s):** TC-9501, TC-9502.

**Type of Request:** Regular submission, Request for a Revision of a Currently Approved Collection.

**Number of Respondents:** 150,000.

**Average Hours per Response:** 65 minutes.

**Burden Hours:** 162,500.

**Needs and Uses:** The 2021 VIUS collects data to measure the physical and operational characteristics of trucks from a sample of approximately 150,000 trucks. These trucks are selected from more than 190 million private and commercial trucks registered with motor vehicle departments in the 50 states and the District of Columbia. The Census Bureau is collecting the data for the sampled trucks from the registered truck owners.

The VIUS is the only comprehensive source of information on the physical and operational characteristics of the Nation's truck population. The VIUS provides unique, essential information for government, business, and academia. The U.S. Department of Transportation, State Departments of Transportation, and transportation consultants complement VIUS microdata as extremely useful and flexible to meet constantly changing requests that cannot be met with predetermined tabular publications. The planned microdata file will enable them to cross-tabulate data to meet their needs.

This revision is being submitted to correct the legal citations related to the collection authority for the Vehicle Inventory and Use Survey (VIUS). We initially received clearance to add the corrected citation using the emergency clearance process, which was approved separately. The emergency clearance was necessary because we needed to implement the change immediately during data collection for the survey. This revision is to now add Title 13 U.S.C., Section 221 to the collection authority under the original clearance and to allow a full review at OMB.

**Affected Public:** Individuals or households; Business or other for-profit organizations.

**Frequency:** One time.

**Respondent's Obligation:** Mandatory.

**Legal Authority:** The VIUS will be collected under the authority of Title 13 U.S.C. 131 and 182, which authorize the collection, and Sections 221, 224 and 225, which make the collection mandatory for all respondents.

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0607–0892.

### Current Mandatory Business Surveys

**AGENCY:** Census Bureau, Department of Commerce.

**ACTION:** Notice of determination.

**SUMMARY:** The Bureau of the Census (Census Bureau) will conduct the following current mandatory business surveys in 2022: Annual Business Survey, Annual Capital Expenditures Survey, Annual Retail Trade Survey, Annual Survey of Manufactures, Annual Wholesale Trade Survey, Business and Professional Classification Report, Business Enterprise Research and Development Survey, Management and Organizational Practices Survey, Management and Organizational Practices Survey for Hospitals, Manufacturers' Unfilled Orders Survey, Report of Organization, Service Annual Survey, and the Vehicle Inventory and Use Survey. We have determined that data collected from these surveys are needed to aid the efficient performance of essential governmental functions and

have significant application to the needs of the public and industry. The data derived from these surveys, most of which have been conducted for many years, are not publicly available from nongovernmental or other governmental sources.

**ADDRESSES:** The Census Bureau will make available the reporting instructions to the organizations included in the surveys. Additional copies are available upon written request to the Director, 4600 Silver Hill Road, U.S. Census Bureau, Washington, DC 20233–0101.

**FOR FURTHER INFORMATION CONTACT:** Nick Orsini, Associate Director for Economic Programs, Telephone: 301–763–1858; Email: [Nick.Orsini@census.gov](mailto:Nick.Orsini@census.gov).

**SUPPLEMENTARY INFORMATION:** The surveys described herein are authorized by Title 13, United States Code (U.S.C.), Section 182 and are necessary to furnish current data on the subjects covered by the major censuses. These surveys are made mandatory under the provisions of Sections 224 and 225 of Title 13, U.S.C. These surveys will provide continuing and timely national statistical data for the period between economic censuses. The data collected in the surveys will be within the general scope and nature of those inquiries covered in the economic census. The most recent economic census was conducted in 2018 for the reference year 2017. The next economic census will occur in 2023 for the reference year 2022.

Notice of specific reporting requirements for each survey, including who is to report, the information to be reported, the manner of reporting, and the time and place of filing reports, will be provided by mail or email only to those required to complete these surveys.

### Annual Business Survey (ABS)

The ABS provides information on selected economic and demographic characteristics for businesses and business owners by sex, ethnicity, race, and veteran status. Further, the survey measures research and development for microbusinesses, new business topics such as innovation and technology, as well as other business characteristics. The ABS includes all nonfarm employer businesses filing Internal Revenue Service (IRS) tax forms as individual proprietorships, partnerships, or any other type of corporation, with receipts of \$1,000 or more. The ABS is sponsored by the National Center for Science and Engineering Statistics (NCSES) within the National Science Foundation (NSF) and conducted by the

Census Bureau for five years (2018–2022).

More information regarding the ABS can be found in the Information Collection Request approved by the Office of Management and Budget on June 17, 2021 at the following link: [https://www.reginfo.gov/public/do/PRAViewICR?ref\\_nbr=202102-0607-002](https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202102-0607-002).

### Annual Capital Expenditures Survey (ACES)

The ACES collects annual data on the amount of business expenditures for new and used structures and equipment from a sample of non-farm, non-governmental companies, organizations, and associations. Both employer and nonemployer companies are included in the survey. The data are the sole source of investment in buildings and other structures, machinery, and equipment by all private nonfarm businesses in the United States, by the investing industry, and by kind of investment.

More information regarding the ACES can be found in the Information Collection Request approved by the Office of Management and Budget on February 11, 2021 at the following link: [https://www.reginfo.gov/public/do/PRAViewICR?ref\\_nbr=202012-0607-004](https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202012-0607-004).

### Annual Retail Trade Survey (ARTS)

The ARTS collects data on annual sales, sales tax, e-commerce sales, year-end inventories, total operating expenses, purchases, and accounts receivable from a sample of employer firms with establishments classified in retail trade as defined by the North American Industry Classification System (NAICS). These data serve as a benchmark for the more frequent estimates compiled from the Monthly Retail Trade Survey.

More information regarding the ARTS can be found in the Information Collection Request approved by the Office of Management and Budget on February 2, 2021 at the following link: [https://www.reginfo.gov/public/do/PRAViewICR?ref\\_nbr=202010-0607-001](https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202010-0607-001).

### Annual Survey of Manufactures (ASM)

The ASM collects annual industry statistics, such as total value of shipments, employment, payroll, workers' hours, capital expenditures, cost of materials consumed, supplemental labor costs, and so forth. This survey is conducted on a sample basis, and covers all manufacturing industries, including data on plants under construction but not yet in operation. The ASM data are used to benchmark and reconcile monthly data on manufacturing production and inventories.
